## \* S M A L L S \*

With all the hype surrounding the release of Sinatra's *Duets* recordings, many people may not have realized that another Sinatra collection has also hit the streets. *Sinatra In Paris* -- originally recorded live in June 1962 with a mellow sextet -- has been rereleased by Reprise and captures Sinatra at his finest. \* Grab your calendar and reserve every third Wednesday of the month for "an elegant evening of dance and romance." San Francisco's premier hostesses Cynthia Glinka and Cynthia Morse host an evening of dancing and music featuring Dom Neely's Royal Society Jazz orchestra at The Press Club of San Francisco once a month. Included in the evening is a complimentary dance lesson, cocktails, and a buffet, all in an atmosphere of casual elegance. Admission is \$20 (buffet \$5 extra), and the dates to circle for upcoming evenings are Aug. 17, Sept. 21, Oct. 19, Nov. 16, and Dec. 21. For more information call (415) 469-0422. \* In line with the reissuing of classic Eames and Nelson designs for the retail market, Herman Miller has recently opened a Herman Miller For The Home showroom in Los Angeles. The 3,000 square foot space includes furniture arranged in room settings, museum-like exhibits, a library and TVs playing the films of Charles and Ray Eames. For more information call (800) 646-4400. \* Bernice Jackson, nationally known as an innovator and pathfinder for her work in the vintage poster collecting field, has opened a new gallery at 205 Newbury Street in Boston. Mrs. Jackson has long specialized in discovering and bringing to light the finest poster art from a wide variety of countries such as Holland, Switzerland, Russia, Italy, Germany, Hungary, and more. ## "A Visual Fantasy"

As much a museum as it is a gallery, Art & Industrial Design contains an array of treasures gathered from around the world to delight the eye and intrigue the fancy. A resource for many great public institutions, museums, and private collectors, the gallery features a choice selection of decorative arts of the 20th century. Among the prized items offered are original furniture by such influential designers as Donald Deskey, Gilbert Rohde, Wendell Castle and Isamu Noguchi, major examples of the ivory and bronze sculptures of Preiss and D. Chiparus, Daum crystal, Hagenauer sculptures, glass by Schneider and Lalique, and art deco clocks by Frankel, Weber and Rohde. Rare and often unattainable elsewhere, much of Art & Industrial Design's collection is literally unique - and all of it is important.
