PATENT "HERCULES" FIREPROOF PARTITIONS MANUFACTURED BY TAYLOR & CO. LTD. LONDON

FREDK. JONES & CO., PERRIN ST., KENTISH TOWN, N.W.

Works also at **BURTON, MANCHESTER and MIDDLESBRO'.**

THE "PAN" FIRE (TAYLOR'S PATENT)

No. 6 "Pan" Fire. 17 in. fire with canopy, etc., all as illustrated, in armour bright, **£4 10 0**
 Tiles for cheeks and hearth extra.

IS our latest patent and is designed to meet the demand for a fire with the greatest possible projection into the hearth, and a correspondingly shallow back to enable a greater depth of glazed tiles to be fixed at the sides upon which the light and heat from the fire can be thrown and radiated into the room as in the old fashioned dog-grate, but without its attendant smoky chimney owing to the divergent side flues.

The pan containing the fuel can be sunk level with the hearth or raised as shown.

All parts are exceedingly strong and effective. The ashes are easily removed.
