PLEASE READ THIS!

This index is to subject matter, and does not include authors or titles of articles. Commas and periods are omitted to save space and clutter. Citations are to volume, number and page. The volume number is underlined, the issue number is in parentheses followed by page(s). Ex 13(3)24-35 99. R underlined indicates a residence. Some pages are lettered instead of numbered. Ex 90(1)A-D. Some have no number. Ex 42(2)unm. An illustration sometimes occurs between numbered pages. Ex 23(1)77/78. Entries are in alphabetical order; initials come before names and are typed without spacing. Ex WJ filed before William Arthur. Names of buildings, corporations and/or partnerships follow personal names. Ex Smith James before Smith and Jones. A name with no initials is followed by-- and filed first. If no place is listed for a building or residence, it is generally San Francisco (though sometimes no place is listed in the text). There is also an entry for San Francisco (as for several other cities). Under this, besides entries beginning with the name, are public buildings, schools, etc. Locations outside the State are followed by the Zip Code State abbreviation. Many of the references are to illustrations only.
