# 2019 GUIDEBOOK

Welcome to the 2019 Guidebook. For this year's Guidebook the editors have selected **275+ COMPANIES** whose products or services meet the ever-growing need of architects, builders, developers, conservators, facility managers, property owners, and those who work preserving, restoring, renovating, and creating new buildings in traditional styles. You can find these in our **Product & Service Index** starting on page 22.

Granted, most of this material can eventually be found on Google—if you spend *lots* of time sifting through all the undifferentiated results Google floods you with. To save you time, the editors of **TRADITIONAL BUILDING** have done all the sifting for you. As a result, the listings in this issue provide:

- **CURATED LISTS** Only products and services appropriate for buildings in traditional architectural styles have been included
- **SYNERGY & SURPRISE DISCOVERIES** Because the editors have carefully grouped like-with-like, these listings allow you to make surprise discoveries of things you weren't looking for—but which are extremely helpful. It's just like searching for movies and seeing related titles you hadn't known about.

The **Product & Service Index** is divided into **20 MASTER CATEGORIES** (listed below) and there are **650+ SUB-CATEGORIES** therein. There is comprehensive cross-referencing across the categories. For example, if you look for *Gazebos* in the *Landscape* section, we will refer you to the *Conservatories, Greenhouses & Outbuildings* section where you will find the sub-category for *Gazebos*.

Once you find the sub-category you are looking for, you will see a list of companies that provide that product or service. To learn more about each company, see the **Company Listings** (starting on page 14) which has a description with contact information for every company in the index.

There are many more companies we maintain information on that due to space limitations we are unable to publish in the magazine. Please visit [www.traditionalbuilding.com](http://www.traditionalbuilding.com) and there you'll find over 1000+ companies broken down by the same 20 master categories and 150+ sub-categories.

Lastly, we feature companies with a photo of their work in the **Portfolio** starting on page 31.

Our old buildings tell our history. Elevate it, don't rewrite it.

There are two things we believe in steadfastly: preservation of history & energy. Our elegant solution to both is window inserts, which practically disappear into window frames, but reduce carbon emissions dramatically. Using modern technology to transform historic spaces without changing a thing—it's how we're making the past a part of our future.

TRADITIONAL BUILDING  
CONFERENCE SERIES

**MATERIALS  
& METHODS**

**SPONSORSHIP  
OPPORTUNITIES**

**We have three in-person  
events planned this year:**

April 10-11, 2019  
at the Winterthur Museum and Garden,  
in Wilmington Delaware

July 16-17, 2019  
at the "Boscobel" House Museum and Garden  
in Garrison (Hudson Valley) New York.

October 29-30, 2019  
at the "Graylyn Estate" in Winston Salem N.C.

We will also produce nine online education seminars throughout the year. This delivers our AIA approved education to a national audience in markets which do not support an in-person conference. Online education has been a proven winner for reaching busy architects and building owners, especially buyers and specifiers who labor behind the scenes and are hard to get appointments with. The Traditional Building Conference Series serves over a thousand professionals a year: architects; contractors; specialty contractors and building artisans; interior designers, building owners and facilities managers who do residential and/or commercial/institutional work on historic buildings.

The Traditional Building Conference venues are interesting, intimate, historic spaces which are living laboratories for learning. We go where the work is and where attendees want to be.

If you'd like to be on our sponsor team this year, call **Peter H. Miller** at **202.256.0694** or email him at **pmiller@aimmedia.com**.
