

NEWEST IN FLOORING
Armstrong
 VINYL CORLON
TESSERA

A beautiful floor styling made up of small square-faced cubes of vinyl plastic

Looking for something that's different in floor styling? You'll find it in the new Tessera Series in Armstrong Vinyl Corlon. The small square-faced cubes of vinyl that make up the design are so uniform in pattern that they look as if they were cut and set by hand. But more important, these cubes go all the way through to the backing and are so thick that the finished flooring equals heavy gauge linoleum in wearing qualities. Exclusive Armstrong Hydrocord Backing assures long service on basement floors as well as suspended floors. Available in seven decorator-selected colors.

KEY SALES PERSONNEL—Spearheading the sales of McGehee Realty in the Jackson area are the top sales members of the McGehee Realty team. Standing is Bob Flanagan of 935 Burwood Drive; seated in the picture are (left to right) Zeke Allen of 111 Cedar Lane Drive; Mrs. Harry L. Smith of 3739 Kings Highway; and James I. Newman of 750 Primos Avenue.

McGEHEE

Continued from Page 1D Civitan Club and the Home Builders Association, having served as president of the building group in 1957.

McGehee lives at 4571 Kings Highway with his wife, Margaret Weems McGehee, formerly of Laurel, and their two children, Peggy 13, and Jimmy, a junior at the University of Mississippi.

In his leisure time, McGehee confided, fishing occupies many hours.

Indicative of the future growth and potential of the McGehee Realty Company is the fact that the firm, along with J. C. Gipson Builders, was selected to develop the new Westinghouse "total electric" home in Jackson.

potential to expand the two firm's potential to serve the Jackson home-buying and home-building consumers.

A fisherman and hunter in his spare time, J. C. Gipson is active in numerous additional organizations outside his business. He is a member of the National Chamber of Commerce and the Home Builders' Association.

FAMILY MAN

Also, he is a member of the Broadmoor Baptist Church here in the city.

Married to the former Charlotte Dukes of Smith County, he is the father of three children, all boys. They are Jimmy, 13, Phillip, 7, and Tony 4. The Gipsons live at 4551 Ridgewood Road in Jackson.

At 39, Gipson represents, in fact, a true success story of a young man who has worked hard to climb to the top of the success ladder. With an ever-expanding operation of his company, he is certainly a "young man on the move."

Lighted Sign Points

Make it easy for your friends to find your home by installing an illuminated address sign, the American Home Lighting Institute advises. Another aid is a post lantern to light the way to your front door.

LOOK! the bathroom proves
 this is a quality house...

it's **AMERICAN-Standard**

● Many fine construction details of a house don't show. But you can get an idea of the quality by checking some of the visible features. And this house has the quality fixtures that mean an added amount of quality . . .

Take the American-Standard bathroom for instance. These fine plumbing fixtures are famous for their beautiful lines, handsome colors and, above all, solid construction which assures lasting beauty, easy cleaning, long-run economy.
