SKIDMORE, OWINGS & MERRILL*

On Wednesday, December 7, 1983, the winners of the Illinois Chapter ASHRAE Energy Awards were announced. Fourteen awards were presented for new and retrofit buildings that incorporate exceptional and innovative energy-efficient designs.

From entries judged by a panel of professionals representing various disciplines and interests in the heating, refrigeration, and air conditioning field, four Chicago Chapter firms were chosen to receive the Energy Awards at a luncheon held in the Main Ballroom of the Holiday Inn Mart Plaza.

President's Message

DUAL OBJECTIVE OUR COMMITMENT IN '84

In 1984 the Chicago Chapter will offer a collection of programs and events that were inspired and developed from the Chapter's unifying objective: to advance the architects' educational development and enrich the cultural and environmental vitality of the communities we serve. The focus of the following events is intended to assist our members in increasing their personal awareness and professional effectiveness.

- Jan. 10 - *Construction Site Liability Seminar*
- Jan. 17 - *Economic Forecast for Chicago*
- Jan. 24 - *Alternative Careers in Architecture*
- Feb. 7 - *The Role of the Public Architect*
- Feb. 14 - *Computerized Project Management*
- Feb. 23, 24 - *Major Conference on Designing for the Electronic Office*
- Feb. 28 - *"Chicago Furniture" Exhibit*
- Mar. 6 - *The Architecture Firm for Young Professionals*
- Mar. 13 - *Financing and Banking Techniques*
- Mar. 20 - *Registration Information Fair*
- Mar. 27 - *Contract Document Administration*
- Mar. 31 - *Major Conference on Designer/Builder/Developer*

The successful results of this focus for 1984 will only be realized through your support in attending these programs.

We owe special thanks to

- Haworth, Inc.*
- Victor O. Schinnerer & Company, Inc.*
- Woodwork Corporation of America*
- Business & Vacation Travel, Ltd.*
- IBM Corporation*
- Scalamandre*

who have pledged their financial support to the 1984 CCAIA events or to the cultural institutions where many of our programs will occur. Fulfillment of "Focus '84" is possible through their generosity.

I would like you to join me in welcoming and pledging your cooperation and assistance to the 1984 Board of Directors and heads of the Commissions and Task Forces.

COMMITTEE TRANSMITTAL

Career Alternatives

A professional career symposium co-sponsored by Student Affairs and Young Architects will be held at the ArchiCenter, 330 S. Dearborn, at 5:30 p.m., Tuesday, January 24. This symposium, free and open to the public, focuses on the impact of an architectural background on higher potential alternative roles for architects.

The four panelists participating are: Bob Piper, Director of Community Development for Highland Park; Macy Smith from Lexington Development; Mike Szkatulski from Stein & Company; and Mary E. Permar from Prudential Insurance Company. Their viewpoints will focus on the implications of architectural

Contributions and provide insights into the building process.

AGIE Looks Ahead to '84

The Committee for Architects in Government, Industry & Education has been meeting the third Friday of each month in the CCAIA Board room at noon. Various presentations including subjects relating to construction management, budgeting of construction projects, the new Illinois Act for architects, and field trips have met with successful attendance, interest, and participation.

Programs scheduled for 1984 include:

Jan. 20 - Mr. Randall Damon of Advanced Computer Graphics will present the impact of computers on architectural design practices and business management.

Feb. 17 - Mr. Neil Baker of Gilbane Construction Company will make a presentation on the construction manager's role in the selection of architects for design services to owners.

Mar. 16 - Mr. Dennis McNeil of Construction Consultants, Inc. will make a presentation regarding the selection, specification, and related problems of various roofing systems.

Apr. 20 - Dr. Roy Mackal will give a presentation regarding Energy Conservation Measures being planned and implemented at the University of Chicago.

May 18 - Field visit to the Chicago Park Districts renovation to Soldiers Field.

Any member of the Chapter who is interested in any of these subjects is invited to attend the presentations. They generally last from noon until 1:00 or 1:30 p.m. with

15 to 30 minutes of each presentation being allocated for questions and/or discussion.

Dennis Dills, AIA

Hubbard Heads HRC

Nancy Hubbard, of the historic preservation firm Hubbard & Hubbard, will be the new chairperson of the Historic Resources Committee. Ms. Hubbard has a Ph.D. in art and architectural history from Northwestern University. Her firm has worked on many significant landmark projects including a design for the City Club to save the Chicago Theatre. She is a member of the National Trust for Historic Preservation, the LPC, Friends of Terra Cotta, and the CAF. She has been a steady contributor to HRC programs in the past, and we look forward to an exciting year ahead with Nancy at the helm.

- 1) DIRECT ENTRY OF FEET - INCHES - SIXTEENTHS (FIS) USING PATENTED 0-15 KEYBOARD. NO KEYSTROKES REQUIRED BETWEEN FIS. ADDITION AND SUBTRACTION SAME AS STANDARD CALCULATOR.
- 2) DIRECT MULTIPLICATION AND DIVISION OF FEET - INCHES - SIXTEENTHS BY WHOLE NUMBERS (REM KEY DISPLAYS DIVISION REMAINDER). DIRECT MULTIPLICATION AND DIVISION OF FEET - INCHES - SIXTEENTHS BY FEET - INCHES - SIXTEENTHS.
- 3) EASY CONVERSION TO AND FROM FIS TO METRIC OR DECIMAL, OR METRIC OR DECIMAL TO FIS.
- 4) PREPROGRAMMED SOLUTIONS TO RIGHT TRIANGLES. (BEVEL-SLOPE-RISE-RUN). WORKS WITH FIS MODE.
- 5) OPERATES AS STANDARD ENGINEERING CALCULATOR IN THE METRIC OR DECIMAL MODE.
- 6) USES LARGE, 3/8 INCH HIGH, LIQUID CRYSTAL DISPLAY FOR EASY READIBILITY AND LOW POWER CONSUMPTION.
- 7) TWO SEPARATE MEMORIES - ONE FOR FIS AND ONE FOR DEC OR MET.
- 8) USES TWO, EASILY REPLACED, MINIATURE BUTTON CELL BATTERIES - NO CHARGER REQUIRED. BATTERIES LAST SIX MONTHS TO A YEAR UNDER NORMAL USE. BATTERIES WILL BE SUPPLIED WITH CALCULATOR.
- 9) CALCULATOR HAS AUTOMATIC SHUT OFF AFTER 4 1/2 MINUTES OF NON USE.
