45.6602 years of providing solutions to meet the exacting standards of our customers. As architects and engineers, you view the world with characteristic accuracy and precision. You should expect the same from your insurer. At CNA/Schinnerer, we understand the business of architects and engineers. We know you rely on us for the solutions that will both protect you and help you grow, so you can focus on what you do best – namely, architecture and engineering. That's why we've been the premier insurer for the industry since 1956 (June 4, 1956, to be exact).

About This Directory

The 2004/2005 AIA Colorado Firm Profile & Membership Directory has been broken into two main sections aimed at recognizing both member firms and individual members. The Member Firm Profiles & Local Chapter Information section is a roster of architecture firms whose principals and/or partners are full AIA members. The Individual Members section contains individual listings of ALL members, including Associate AIA, Professional Affiliate, Student Affiliates, and intern members.

All information in the 2004/2005 AIA Colorado Firm Profile & Membership Directory has been provided by firm and affiliate members. AIA Colorado is not responsible for any inaccuracies or omissions in the member listings. Inclusion in this Directory does not in any way imply endorsement of any firm, service or product.

This Directory comes to you solely through the support of the companies who have advertised here.

Please support those advertisers who have made this Directory possible.

Jason T. Pettigrew 1974-2004

FRIEND

COLLEAGUE

OUTDOORSMAN

HUMANITARIAN

"I believe service to our community is part of our responsibility as architects. But I believe it can go even further and make us more successful as individuals and as a firm. What I propose is that we designate one hour per month for 'firm service programs' and that the firm support all interested participants in their time commitment to the programs."

- Jason Pettigrew

"[it] was the first project which taught me about the possibilities of architecture. I had learned design in school, and was already exposed to much of the process, coordination and management within our profession during my first few months with my firm. But on this team I learned about architecture as service, to the client and to the greater community."

- Jason Pettigrew talking about Mount Saint Vincent Legacy Project

The architectural community is saddened with the loss of our dear friend and colleague, Jason Pettigrew. Jason, an avid mountaineer, died in a climbing accident on Crestone Needle while pursuing a goal of summiting all of the fourteeners in Colorado. He will be forever remembered in our hearts where many share great respect and admiration for the amazing passion he had in life.

Jason came to Slaterpaull Architects in June of 2000 after graduating from the University of Colorado at Denver with a Master's Degree in Architecture. At work, Jason embodied a fervor for every project and activity in which he was involved. He had a particular passion for religious architecture.

Jason served the American Institute of Architects (AIA) in a number of significant positions of leadership. He was the first Associate Director for the Western Mountain Region Board - a regional board that represents the states of Colorado, Wyoming, New Mexico, Arizona, and Nevada on the National AIA Board of Directors. Jason was also a member of the 2003 AIA Colorado State Board of Directors as an Associate Director. Most recently, he chaired the fifth annual Young Architects Awards Gala & Beaux Arts Ball (YAAG) held April 23, 2004, and served on the Commission on Church Architecture and the Allied Arts for the Episcopal Diocese of Colorado. Jason's significant leadership was recognized nationally by the 2004 AIA Colorado Board of Directors through his nomination for the AIA Associate Member of the Year Award given annually at the National Convention of the AIA. He published numerous articles in AIA Colorado Architects and AlArchitect and received many accolades.

"Jason touched the lives of many individuals, both within our professional organization, as well as outside of it. [He] inspired our organization through his leadership. His approach, attitude and leadership values will be deeply missed."

- Chris Green, President, AIA Colorado

Serving as an advocate for community outreach, Jason was heavily involved organizing and implementing several charitable programs including an annual "Peak Challenge" benefitting the Emily Griffith Center Foundation. In addition, Jason organized volunteer groups serving food to the homeless at the St. Francis Center and gathered donated coats for homeless men at wintertime. Community service and advocacy was celebrated in Jason's character.

Jason's influence reaches beyond his service to his work and inscribes on us all, his remarkable love of music, a spiritual life, the outdoors, and his incredible and vast network of family, friends, peers and colleagues.

"When I come to the end of the road and the sun has set for me, I want no rites in a gloom filled room. Why cry for a soul set free?" - Author Unknown

Introduction

Welcome

AIA Colorado is proud to provide you with this 2004-2005 Firm Profile and Membership Directory. This publication is one component of a strong folio of communications tools we offer our members and the public on behalf of our membership. This directory, a revised website www.aiacolorado.org, and a new quarterly publication for our members that will make its debut in 2005 compose the backbone of our communications strategy.

We could not make this publication possible without the strong support of our sponsors located in the Buyer's Guide. Their investment in our organization is important to all of us. Should you have a need for their services we encourage you to consider them in the course of the development of your projects.

Our office is located in the heart of downtown Denver at 1515 Arapahoe Street, maintaining an important urban presence on behalf of our members. Our staff serves our membership and the public with diligence and professionalism providing member services, contract documents, the maintenance of the ever-important job board, and coordinating local chapter events including our design award galas and valuable continuing education programs.

Sonia Riggs Executive Director AIA Colorado

AIA Colorado is the only organized voice of licensed professional architects in the State of Colorado. The value that this voice brings to our membership is enormous. With legislative issues coming at us in the future, including the renewal of the Colorado State Architect's Licensure act in 2006, it is vital that we recognize and support the volunteer efforts of our active and engaged members toward the best interests of our profession. AIA Colorado strives to be visionary through supporting strong leader architects and providing opportunities for our members to engage their communities in support of the value of good design.

AIA Colorado maintains strong relationships with important organizations such as the Associated General Contractors (AGC) of Colorado, the American Council of Engineering Companies (ACEC) and the Constructors and Designers Alliance (CDA) toward providing avenues of communications in the construction industry for our members.

This fall AIA Colorado presents our annual Design Conference to be held in Colorado Springs. It is entitled "The Edges of Integration". We will offer unique speakers including John Eberhard, FAIA, speaking on how the human mind perceives architecture; Mark Engberg, AIA, virtual architecture from the viewpoint of gaming developers from CYAN Worlds and their architectural consultant; William Massie, AIA, alternative project delivery systems by addresses; and discussion forums with our National President, Eugene Hopkins, FAIA, and Chris Luebkeman from the futuring group of Arup in Boston. This will be an excellent opportunity to stretch your professional horizon.

We hope this directory becomes an integral tool in your efforts to be an engaged member of the Colorado Component of the American Institute of Architects.

Christopher J. Green, AIA 2004 AIA Colorado President

Sonia Riggs Executive Director, AIA Colorado

The American Institute of Architects' Code of Ethics and Professional Conduct

Members of The American Institute of Architects are dedicated to the highest standards of professionalism, integrity and competence. The following principles are guidelines for the conduct of members in fulfilling those obligations.

Canon I - General Obligations

Members should maintain and advance their knowledge of the art and science of architecture, respect the body of architectural accomplishments, and contribute to its growth. Learned and uncompromised professional judgment should take precedence over any other motive in the pursuit of the art and science of architecture.

Canon II - Obligations to the Public

Members should embrace the spirit and letter of the law governing their professional affairs and should thoughtfully consider the social and environmental impact of their professional activities.

Canon III - Obligations to the Client

Members should serve their clients competently and in a professional manner, and should exercise unprejudiced and unbiased judgment when performing all professional services.

Canon IV - Obligations to the Profession

Members should uphold the integrity and dignity of the profession.

Canon V - Obligations to Colleagues

Members should respect the rights and acknowledge the professional aspirations and contributions of their colleagues.

Contacts, Resources and Other Information

AIA Colorado Commonly Requested Numbers

AIA Colorado is an information center, helping members and the general public to find answers to their questions. Following is a list of phone numbers we are frequently asked for. Let us know of telephone numbers you would like to see on this listing, and we will include them in the 2005/2006 publication.

AIA Colorado Numbers

The AIA Colorado office can help with numerous programs. A few are listed here:

Contacts, Resources and Other Information

The National Council of Architectural Registration Boards (NCARB)

1801 K Street NW, Suite 1100K Washington, DC 20006 202.783.6500 202.783.0290 fax www.ncarb.org

The National Council of Architectural Registration Boards (NCARB) was established in 1920 to help member boards:

- · Carry out their duties
- · Foster the enactment of uniform architectural laws
- Develop examinations and establish standards for certification requirements in education and training
- To perfect their procedures for verifying the qualifications of applicants and determining their eligibility for certification
- Establish and maintain reciprocal registration between states having registration laws

The NCARB is a non-profit corporation with all legally constituted boards of architecture in the United States as members, including the Colorado Board of Examiners of Architects.

To be eligible for NCARB certification, architects must submit satisfactory evidence that they comply with the standard for education, training, examination and character and have been registered by a member board.

The NCARB will, upon request of an individual architect, secure, authenticate and record factual data of the applicant's education, training, practice and character. This record will be forwarded to any state board upon request of the applicant.

Certification shall be given to an applicant holding a council record verifying that the applicant has complied with the council's standards of education, training, practice and character; and that the applicant has passed an examination conforming to the council's standards of content, extent and length of time.

Certification by the NCARB is recommendation to all registration authorities that registration be granted to the holder without further examination. Most board members accept NCARB certification as conclusive evidence of an architect's eligibility of registration. It is, however, not a national registration.

Complete information on compiling a council record and obtaining council certification can be obtained from:

Colorado State Board of Examiners of Architects

1560 Broadway, Suite 1300 Denver, CO 80202 303.894.7801 303.894.7790 fax Website: www.dora.state.co.us/Architects/

The Colorado State Board of Examiners is responsible for:

- Licensing and regulating individual Architects;
- Administering the Architect Registration Examination;
- Investigating complaints against its licensees;
- Conducting disciplinary hearings against licensees who are alleged to have violated the Architect Law or the Board's Rules and Regulations of Procedures;
- Issuing disciplinary actions against licensees who violate the Architect Law or the Board's Rules and Regulations of Procedure;
- Renewing individual licenses every two years;
- Making rules and regulations for the orderly conduct of its affairs and for the administration of the Architect Law;
- Requiring every licensed Architect to have a stamp; and
- Meeting on a regular basis to conduct its business.

Architectural Record

Consumer/Public Information

What Do Architects Do?

You have a vision of what you want. Now you need to make that vision a reality. Here's how architects can assist you:

Architects See the Big Picture

Architects are specially educated to assist you in defining what you want to build, present options you might never have considered, and help you get the most for your valuable investment. They don't just design four walls and a roof — they create total environments, both interiors and exteriors, that are functional and exciting places in which to work and live.

Architects Solve Problems Creatively

Architects are trained problem solvers. Need more room for your growing family? Architects can show you how to enlarge your home so you won't have to move. Have a limited budget? Architects can also propose ways to get more for your investment than you imagined possible.

Architects Help You Get the Most from Your Construction Dollar Architects can reduce building costs, decrease your home's energy needs, and increase its future resale value through good design.

Architects Make Your Life Easier

Building is a long process that is often messy and disruptive, particularly if you're living in the space while it's under construction. Your architect represents you! Your architect looks out for your interests and smoothes the process, helps find qualified construction contractors, and visits the worksite to help protect you against work that's not according to plan.

Speak with an architect who is a member of AIA at the earliest stage of the design process. Use the 2004/2005 Firm Profile and Directory to reach all the AIA members located in Colorado. Another resource available to you is an architectural database that contains the names of our member firms. You can find this by visiting our website at www.aiacolorado.org.

Why an AIA Architect?

Like doctors and lawyers, architects are licensed professionals. The title "architect" may be used only by an individual who possesses a state license to practice architecture. They are the only professionals in the construction industry who are ethically bound to represent you, the building owner.

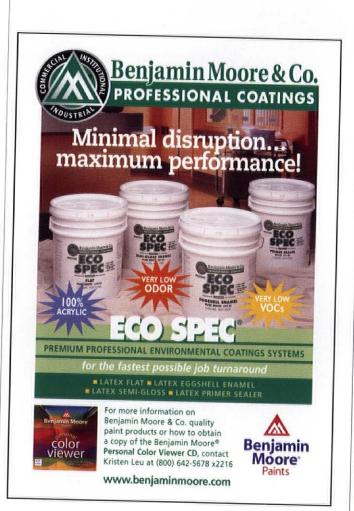

Professional qualifications generally include:

- College degree from an accredited school of architecture, requiring five or more years of professional studies
- Three years of internship under the supervision of licensed architects
- Passage of a rigorous five-day examination

Only those professionals who have fulfilled these requirements or other requirements as stipulated by each individual state, may legally call themselves architects and practice architecture in the jurisdiction granting the license. Individuals may be registered, or licensed, in more than one state by means of reciprocal licensing agreements among the states.

Get the Real Thing - Look for "AIA"

Look for the AIA initials after the name of any architect you consider for your project. AIA architects remain current with professional standards through continuing education and subscribe to a code of ethics and professional conduct that assure clients, the public and colleagues of their dedication to high standards in professional practice.

AIA Colorado Services for Consumers

For a list of the AIA services available to the public, contact the AIA Colorado office at:

One Park Central 1515 Arapahoe Street, Suite 110 Denver, CO 80202 303.446.2266, 800.628.5598

Firm Profile and Membership Directory

The 2004/2004 AIA Colorado Firm Profile and Membership Directory is a statewide listing of all the AIA Colorado members for the current calendar year. This directory lists members by local Chapter: AIA Denver, AIA Colorado North, AIA Colorado South and AIA Colorado West and includes types of services each firm offers, as well as, their contact information. This publication is invaluable in your serach for the right architect for you.

Firm listings can also be found on the AIA Colorado website at www.aiacolorado.org. The firms listed are those that have one or more licensed principal architects as members of the AIA.

The Colorado Component of The American Institute of Architects

AIA Colorado represents architects and others statewide and unifies the four local chapters of The American Institute of Architects within Colorado. AIA Colorado seeks to:

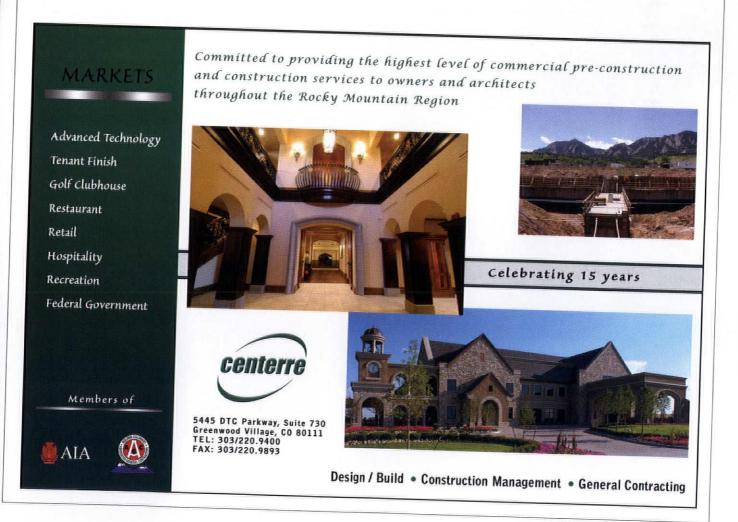

- Unite the architects of Colorado in fellowship.
- Promote the aesthetic, scientific, and business practice of architecture.
- Advance architectural standards of continuing education, training and practice.
- Build relationships among clients, the construction industry and architects.

AIA Colorado believes that an important purpose of architecture is to create a vision that improves the built environment. This vision is vital to the advancement of the living standards of our communities and provides a service of ever-increasing value to society.

AIA Colorado provides architect referrals, lobbies the Colorado legislature, offers architectural employment information and sells AIA contracts and publications. The organization hosts an annual conference, usually between October and December. AIA Colorado provides support to all of the chapters within the state. It is a professional organization for the design profession and is classified as "not-for-profit,"

History of AIA Colorado

The Colorado Association of Architects was organized in 1890 and the elected officers were: Robert S. Roeschlaub, President; Harold W. Baerresen, Vice President; Eugene R. Rice, Secretary; and Frank E. Edbrooke, Treasurer. The same men were re-elected to office at the Second Annual Meeting held December 21, 1891. The main topic of discussion at that event was submitting an application for a charter as a chapter of The American Institute of Architects. The charter was received April 4, 1892 and included the states of Colorado, Wyoming and the territory of New Mexico. It wasn't until 1947 that each state had its own chapter.

Past Presidents of AIA Colorado

AIA Colorado Board of Directors

The Board of Directors is the governing body of AIA Colorado and develops all immediate and long-term positions and policies for the state. If there is a subject of concern for you or if you have a proposal for the Board, please call AIA Colorado by the 10th of the month. A time will be scheduled for you during the Board meeting to offer your feedback. AIA Colorado board meetings are held on the 3rd Friday of each month at 2:00PM, typically at the AIA office. All members are welcome to attend. A current list of all Boards of Directors and Committees can be found on the AIA Colorado website at www.aiacolorado.org.

AIA Colorado Committees, Task Forces, & Coordinators

The following outlines a just a portion of the committees and services available to members of AIA Colorado. The AIA Colorado Board of Directors encourages your active participation in AIA at the local, state and national levels. Your involvement means fellowship with your peers, furthering your career and continuing your education. Volunteer your expertise-join a committee, sponsor an intern, submit an article for use in our quarterly publication, run for a Board seat, suggest a new service and attend the annual Design Conference. Your participation and feedback are welcome and necessary for the continued success of this membership body. Many other committees exist at the local chapter level as well. Please refer to the AIA Colorado website at www.aiacolorado.org for a complete list of all committees active in each chapter.

AIA/AGC/ACEC Design & Construction Coalition

In 1997, AIA Colorado, Associated General Contractors (AGC) of Colorado and The American Council of Engineering Companies of Colorado (ACEC) sought an agreement to achieve a partnership for the purpose of enhancing the relationships between the three organizations and their members. The Board of Directors of each organization are committed to developing a detailed understanding of the concerns that confront the members of each organization as they proceed with the design and construction of projects and to carefully analyze the challenges that the three organizations have in accomplishing their goals. Chairmanship of this committee rotates between the three collateral organizations on annual basis.

The Architectural Education Foundation, AIA Colorado

Treasurer/Secretary: Robert K. Fuller II, AIA The Architectural Education Foundation, AIA Colorado, awards scholarships and grants to architectural students, faculty members, architects and AIA components each spring. Application deadline for these

Communications Advisory Board

Chair: Christopher J. Green, AIA The Communications Advisory Board (CAB) has been formed to serve as the nucleus of strategic communication planning for the state and its four local chapter components. Members of this board will function as an accessible source of information and as a tool for architectural professionals, supporting personal and professional development. The communications tools that are continuously being enhanced to target all AIA Colorado needs are the website, weekly e-news and the quarterly publication. CAB reports directly to the AIA Colorado Board.

Design Awards Program

Chair: Maria E. Cole, AIA

The Awards Program seeks to honor works of distinction by AIA Colorado members and to bring to the public's attention, the outstanding architectural services provided by members of AIA Colorado. Colorado Design Award winners are announced during the annual Design Conference.

Fellows Task Force

Chair: Gary L. Desmond, FAIA The Fellows Task Force was formed in 1992 and assists local chapters in nominating their outstanding members to be considered for election to the College of Fellows. The Task Force helps those architects nominated in developing their submissions to the Jury of Fellows.

Finance Committee

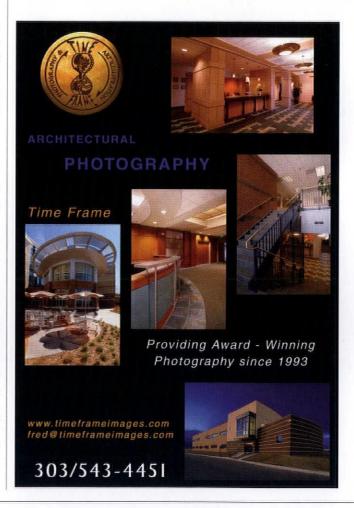

2004 Chair: Christopher J. Green, AIA 2005 Chair: John E. Yonushewski, AIA

This committee is responsible for the financial stability of AIA Colorado. The committee develops long-range financial goals and makes recommendations to the Board regarding budgets and other areas of financial planning. Membership dues, the annual Design Conference, support from sponsors, and document sales generate most of the revenue necessary for the operating budget of AIA Colorado.

Government Affairs

2004 Chair: David Lingle AIA, 2005 Chair: Kin DuBois.AIA

The Government Affairs Committee's (GAC) primary goal is to increase the legislators' awareness of architects, architecture and the AIA. This Committee meets on the first Friday of each month at 1:00 p.m. at the AIA Colorado office to discuss matters relating to, the State Board of Examiners of Architects and legislation at the federal and state levels. During the 120-day Colorado legislative session, the Legislative Affairs subcommittee meets weekly to review and discuss potential legislation that could affect the profession of architecture. Because AIA National sponsors key legislation infrequently, the state component contract lobbyist, Jerry Johnson, assists AIA Colorado in the monitoring process, as well as providing on-site lobbying at the Capitol.

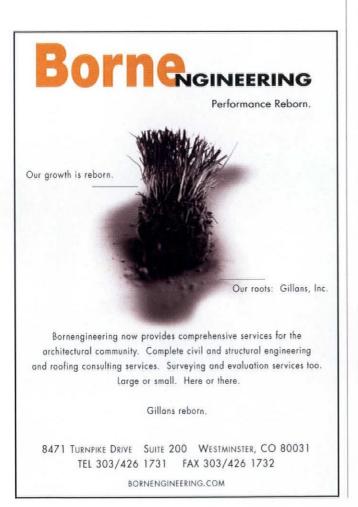

Intern Development Program

State Coordinator: Cedra Ginsburg, AIA
The Intern Development Program (IDP) continues to
gain momentum in Colorado. The IDP Coordinator
and AIA Colorado staff sent out more than 100 packets
last year. The Coordinator provides programs at CU
Boulder and CU Denver, as well as firms interested in
the merits of the IDP program. The Coordinator also
nominates firms for the AIA/NCARB IDP Firm of the
Year award.

Membership

Chair: William B. Tracy, AIA Successful and continuous membership expansion efforts are essential to ensure that the AIA truly represents the profession. Recruit a friend — invite them to a meeting or chapter activity and get them involved in AIA Colorado.

Nominating Committee

Chairman: John E. Yonushewski, AIA
This committee is composed of at least five AIA
Colorado architects, selected on the basis of one representative from each AIA Colorado chapter (appointed each year at the August meeting of the Board of Directors) and chaired by the current President-Elect.
The Nominating Committee recommends at least two nominees to run for each officer's position on the AIA
Colorado Board of Directors.

State Design Conference

Chair: Brit K. Probst, AIA
This committee is responsible for the planning and execution of AIA Colorado's annual Design Conference.
The conference chair is appointed by the President-Elect before the year of the conference to be chaired.
Committee members develop the theme for each conference, invite speakers and coordinate the two-and-a-half-day schedule. Member participation and feedback is strongly encouraged.

Strategic Planning Committee

Chair: John E. Yonushewski, AIA
The Strategic Planning committee is responsible for recommending 1,3 and 5 year goals for AIA Colorado.
This committee reports directly to the AIA Colorado
Board of Directors.

The Young Architects' Awards Gala

2005 Chair: Stephanie Ridgway, Assoc. AIA 2005 Chair: Stephanie Ridgway, Assoc. AIA The AIA Colorado Young Architects' Awards Gala committee is responsible for the annual programs aimed at recognizing the Architectural Education Foundation, AIA Colorado recipients and also bestows numerous other awards aimed at students, interns and recently licensed professionals. The most prestigious award is the AIA Colorado Young Architect of the Year award. Additional award categories include excellence in construction documents, technology innovations, craftsmanship and student portfolios. The program also seeks to recognize significant firm contributions to young professionals through its Mentoring Firm of the Year award.

AIA College of Fellows

The American Institute of Architects bestows the recognition of Fellowship for achievement in architecture on members who have contributed notably to the advancement of the profession of architecture. With the exception of the Gold Medal, fellowship is the highest honor the AIA can bestow on a member. It is conferred on members with at least 10 years of membership who have made significant contributions to the aesthetic, scientific and practical efficiency of the profession; to the standards of architectural education, training and practice; to the building industry through leadership of the AIA and other related professional organizations; to the advancement of the living standards of people through their improved environment and to society through significant public service.

Those advanced to fellowship can use "FAIA" after their names in recognition of their contributions in design, education, research or public service.

The following people came into the area from other chapters in the early days and were automatic Fellows when assigned to the Colorado Chapter. (Area - Colorado, Wyoming and the territory of New Mexico, April 4, 1892).

1886	Frank J. Grodavent
1888	E. T. Carr
1889	Francis W. Cooper
1896	Franklin E. Kidder
	Tanimin D. Tuddel

The College of Fellows of The American Institute of Architects honored the following Colorado architects with Fellowships:

1900	Robert S. Roeschlaub
1934	William E. Fisher
1934	George H. Williamson
1940	Robert K. Fuller
1949	Burnham Hoyt
1956	
1957	William Gordon Jamieson
1961	James H. Hunter

The Architectural Education Foundation, AIA Colorado

Since the first \$600 scholarship was presented in 1961, the Architectural Education Foundation, AIA Colorado has awarded more than \$750,000 in scholarships, grants and other prizes to more than 300 students, architects and teachers. The awards program totals \$40,000 from income received through investments, donations and memorials. This figure is more than 10 times the amount of the original Trust Fund in 1934.

During the past decade substantial contributions have been made to the Education Foundation by individual architects and firms as memorials. Significant donations have also been made in the past by individuals and organizations allied with the construction industry. Frequently, donors send a contribution to the Fund instead of flowers to memorialize a deceased loved one or friend.

Over the past few years the Foundation has increased its assistance to AIA Colorado and its four Chapters so that the AIA can conduct progressive Professional Education Programs. Requests for such Grants should be submitted to: The Architectural Education Foundation, AIA Colorado, 3320 East Second Avenue, Denver, CO, 80206. We are continually seeking new funds in the way of endowments, donations, budgeted items, memorials, etc., from the Chapters and the membership at large.

The Architectural Education Foundation, AIA Colorado was born in 1934 out of the devotion of five men to the practice of architecture. On January 23, 1934, Robert K. Fuller, FAIA, announced on behalf of himself and four other men, the creation of a special Trust Fund "to advance the interest of the profession of architecture in the State of Colorado.'

The Foundation was conceived a decade earlier by Robert K. Fuller, FAIA; William E. Fisher, FAIA; George H. Williamson, FAIA; William Bowman, AIA; and Fred Montjoy, AIA. Their vision had long been "to provide an instrument whereby, someday, sufficient income would be realized to be able to award scholarships, grants, prizes, etc. to the betterment of the profession." (All "quotes" are from the original Articles of Incorporation.)

The first aim of the Foundation was quite modest: the assets were to be "held intact and allowed to grow" until the principal would be large enough to ensure a "good annual return therefrom." founders hoped that the amount in the Fund would serve as a "nucleus" that would increase in value and, now that it was formally established, also attract additional donations. By 1944, however, no new contributions had come forward, and of the five founding fathers of the fund, only the Fund's Chairman, Robert K. Fuller, survived.

On December 18, 1944, the Foundation was transferred to the Colorado Chapter, AIA (predecessor of the Colorado State Society of the AIA and now AIA Colorado) as a Chapter Investment Fund. Robert K. Fuller was designated as its Permanent Trustee. By early 1961, the Fund had achieved its first aim "... a good annual return." It was then deemed necessary to incorporate as a separate tax-free entity to be known as the Educational Fund, Colorado Chapter, AIA. On February 16, 1961, the Foundation was incorporated as a separate tax-free, non-profit corporation, under that name. Its broad purpose, as reported in the December 1961 issue of the Colorado Chapter, AIA newsletter, "The Addenda," was (and remains today) "to advance education in architecture by granting of scholarships, prizes and financial aid to deserving students in architecture and to teachers or architects interested in research projects directly related and of value to the architectural profession.'

At its November 1961 meeting at the old Boulder Country Club, the Colorado Chapter, AIA awarded James E. Koentop, a fifth-year

Architectural engineering student at the University of Colorado, the \$600 William E. Fisher Memorial Scholarship. This was the first scholarship awarded by the Educational Fund, Colorado Chapter, AIA. It had taken only 27 years for the five founders' original dream (to be able to make such awards for the betterment of the profession) to come true.

Robert K. Fuller, FAIA, died in 1966, and the Colorado Chapter, AIA asked his son Kenneth R. Fuller, FAIA to assume the responsibility of the position of Permanent Member of the Board of Trustees. Upon the death of Kenneth in 1998, his son Robert K. Fuller II, AIA became the third Permanent Member of the Board of Trustees. In 1969, following the restructuring of the AIA in Colorado into a State Society with two chapters (now four) the Fund's name was legally changed to the Educational Fund, Colorado Society of Architects, AIA. In 2001 the trustees reincorporated with updated Articles and Bylaws and a new name that reflected the Fund's mission ... The Architectural Education Foundation, AIA Colorado.

The Board of Trustees of the Architectural Education Foundation, AIA Colorado, consists of the following officers: The current president of AIA Colorado is the Foundation President; The current President-elect of AIA Colorado is the Vice President, Robert K. Fuller II, AIA, is permanent Secretary/Treasurer and the Past President of AIA Colorado serves as a Trustee.

The following is a listing of the Architectural Education Foundation, AIA Colorado Scholarships:

Anniversary Scholarship - \$1,500 award for third or fourth year study in the College of Architecture, University of Colorado-Boulder

Gary G. Landin, AIA Scholarship - \$1,500 for fourth year study in the College of Architecture, University of Colorado at Boulder

C. Gordon Sweet, AIA Scholarship - \$1,500 award to any student with proper qualifications, College of Architecture, University of Colorado at Boulder

Kenneth R. Fuller, FAIA Scholarship - \$2,000 award for first year study in the College of Architecture, University of Colorado at Denver

Producer's Council Scholarship - \$1,000 award for graduate study in the College of Architecture and Planning, University of Colorado at Denver

William C. Muchow, FAIA Scholarship - \$2,100 award for graduate study in architecture at the College of Architecture and Planning, University of Colorado at Denver

Temple Hoyne Buell, FAIA Scholarship - \$2,500 award for graduate study in architecture the College of Architecture and Planning, University of Colorado at Denver

Robert K. Fuller, FAIA Scholarship - \$2,000 award for graduate study in architecture the College of Architecture and Planning, University of Colorado at Denver

James H. Hunter, FAIA Scholarship - \$2,000 award for travel and study in the Americas

Fisher Traveling Scholarship I - \$2,700 award for international travel and study

Fisher Traveling Scholarship II - \$2,300 award for international travel and study

Rodney S. Davis, AIA Scholarship - \$4,000 Traveling Scholarship

AIA Continuing Education Requirements for Membership

What is AIA/CES?

CES is a Continuing Education System developed by the AIA which emphasizes learning and maintains records of AIA-member learning units (LUs). Continuing education is a requirement for AIA architect membership and enables the architects to stay current, master new knowledge and skill, plan for the future and responsibly meet the role society entrusts to a professional. In doing so, AIA/CES has the potential to be a primary force in improving and vitalizing the profession of architecture.

How does it work?

As members you can earn credit (Learning Units, or LUs) in two ways:

- A. Participating in programs offered by chapters, firms and other registered providers. In this case, there's no paperwork at all for you to deal with. This generally does not include committee meetings.
- B. Self-directed personal learning activities which are studies of matters relying principally on the architect's initiative as a method of gaining knowledge to improve professional skills. These can include seminars, college courses, conference presentations, video and audio tapes and computer-based education software. A self report form is filled out and used to record your learning units on a transcript. You may complete your self report forms electronically at www.aia.org, or request a hard copy of the form to be faxed to you from AIA Colorado.

What is a Learning Unit Hour (LU Hour)?

AIA records continuing education credit in Learning Unit hours (LUs). One LU is equal to one education program contact hour. The AIA Board of Directors approved this educational model January 1, 2000.

How many Learning Units do I need?

All active AIA members must successfully complete 18 LU/hours per year (including eight learning units to be earned in the area of health, safety and welfare) to fulfill the CES requirement for membership renewal.

- A member who fails to meet the annual requirement will be given nine months to earn the deficient LUs and meet the current annual requirement of 18 LUs.
- A member who exceeds the annual requirement in a given year may carry up to 18 LUs (including eight hours of HSW) into the next year. Members' CES carryover credits allow only as many hours as needed to fulfill the annual requirement.

Where are the CES records kept?

Transcript service and record keeping is provided by the College of Continuing Education at the University of Oklahoma. Self report forms need to be sent by the member directly to: University of Oklahoma, AIA/CES, Room B1, 1700 Asp Avenue, Norman, OK 73072. You may choose to complete your self report forms electronically, through www.aia.org. Transcripts can be accessed at www.aiaorg/conted.

What other ways can the Internet and AIAOnline Help with CES?

Members and AIA/CES Registered Providers can now access AIA/CES through the AIAOnline professional information continuing education page. You will find the following offering on AIAOnline:

CES Transcripts: All members can review their up-to-date transcripts at any time.

State Mandatory Continuing Education (MCE) Requirements: Find current information about state MCE requirements and regular updates about continuing education issues. Click on the map for an update status report of the states. Links connect to the home page of licensing boards in states that require MCE.

AIA eClassroom: Take advantage of this exciting way to take a course over the Internet. Additional information can be found about other educational self-study products and distance educational programs.

CES Questions (FAQs): A quick resource for the most up-to-date frequently asked questions.

Provider Information – A list of all currently approved CES registered providers and the 2004 winners of the AIA/CES Award for Excellence.

CES Forms: Location of the AIA/CES template self reporting forms for members. CES providers may advertise and register their programs through easy online templates. Other CES provider forms and the application for the CES Providers Award for Excellence may be downloaded.

Is there a list of CES events available for AIA Colorado members?

AIA Colorado and each local chapter have events and programs throughout the year that qualify for Learning Units. AIA Colorado's quarterly publication includes announcements of CES events throughout the state, as does our website at www.aiacolorado.org.

If you would like more information about AIA/CES please contact AIA Colorado, 303.446.2266 or 800.628.5598 or go to www.aiacolorado.org for event and program information.

AIA Colorado Membership

AIA Colorado has five basic levels of membership. Full descriptions of all membership levels and benefits can be found on the AIA Colorado website at www.aiacolorado.org.

AIA (Licensed Architects) - Currently licensed to practice architecture in the United States

Emeritus - An AIA member fully retired

Associate AIA – Unlicensed to practice architecture in the United States, but meets one of the following:

- -Participating in career responsibilities recognized by licensing authorities as constituting credit toward licensure (INTERN).
- -Under the supervision of an architect in a professional or technical capacity
- -A faculty member in a university program in architecture -Licensed in another country, but not U.S.

Professional Affiliate – (state and local levels only) Unlicensed to practice architecture. Individuals with established professional reputations who are registered to practice their profession where such requirements exist, or persons who are employed outside architectural practice but are involved in positions related to the field of architecture may become professional affiliate members.

Student Affiliate – (state and local levels only) Any undergraduate or post-graduate student enrolled in architectural design or construction related programs in state of Colorado.

The following list highlights the general benefits all members receive from The American Institute of Architects.

Benefits from AIA Colorado and Your Local Chapter

- ▶ Subscription to AIA Colorado's quarterly publication
- Complimentary or discounted entry fees to seminars and events
- ▶ Inclusion in and a complimentary copy of AIA Colorado's Statewide Firm Profile and Membership Directory
- A 30% discount on AIA Contracts and Documents (AIA Colorado is a full-service document distributor)
- Discount to advertise on, or hot-link to, our website (www.aiacolorado.org)
- Convenient access and discounts to the AIA Colorado Job Board
- Professional development through task forces, educational programs and active Chapter committees.
- Governmental affairs and lobbying activities
- Annual Design Conference, includes an awards program and publicity for the winners
- Programs and activities
 - Breakfast Seminar Lecture Series
 - National Convention
 - Golf Tournaments
 - Project Tours
 - Monthly Gallery Exhibits
 - Continuing Education Opportunities
 - Annual Design Conference

Young Architects Design Awards and Gala

- Design Awards Programs
- Mentoring Opportunities
- Social / Networking Activities
- ▶ Client Referral Service via the AIA National database
- ▶ Free access to the Resume Book

Of Special Interest to Associate Members:

 Discounts on ARE workshops and exam study materials / resource library

Of Special Interest to Professional Affiliates

- Discount and booth or tabletop rental at the annual Technology and Design Conferences
- Advertising discounts in a variety of AIA Colorado publications
- Preferred status in the statewide sponsorship program and website

Of Special Interest to AIA Architects and Associates: From The American Institute of Architects

- Participation in National Professional Interest Areas
- Access to www.aia.org, the only electronic bulletin board service exclusively for architects
- National lobbying efforts
- Awards and honors programs
- Benefit insurance trust programs
- Subscription to AIA Colorado's quarterly publication
- Subscription to Architectural Record magazine
- Professional development programs
- ▶ AIA Advantage discount programs for car rental, phone service, office machines, etc.

For further membership information, contact AIA Colorado at:

One Park Central 1515 Arapahoe Street, Suite 110 Denver, CO 80202 303.446.2266 or 800.628.5598 or on our website www.aiacolorado.org

AIA Colorado Benefits and Services for Members

AIA Document and Publication Sales

AIA Colorado is a full-service distributor of AIA contract documents and forms. Each member receives a 30% discount on all AIA copyright-protected contract documents and a member price on many books published by AIA. Our document inventory is kept well stocked to fill orders, however, advance notice is requested so that we can replace our inventory and

have documents available at all times. We stock a limited number of books, such as CADD Layering Guidelines. Order forms faxed or mailed to AIA Colorado accompanied by a check or VISA/MC/AE number, are processed on Monday, Wednesday and Friday. You may also pick up your document order at the AIA Colorado office during the office business hours.

AIA Colorado Classifieds

The AIA Colorado Classifieds is a unique service, dedicated to architectural employment of all types, space available and ser-

vices that benefit this industry. This listing is updated weekly. You will find various vacant positions, making it an excellent and reliable resource for those seeking employment and employees. You may either go to our website (www.aiacolorado.org) to view the Classifieds or come by the AIA Colorado and pick up a hard copy. Contact AIA Colorado for additional information.

AIA Colorado Resume Book

AIA Colorado maintains a book of resumes for potential employers. Hiring firms may visit our offices to review the book or may call and request matching resumes to be faxed, There is no charge for members to receive copies of resumes - up to ten; non-members will be charged \$15.00 + \$1.00 per resume. Individuals may leave their resumes on file at the AIA Colorado office for a period of four months Members pay a fee of \$20.00 to offset any faxing, copying and mailing fees that accrue through a four-month period; non-members pay a fee of \$30.00.

Firm Profile & Membership Directory

The Firm Profile & Membership Directory is a statewide listing of all AIA Colorado members for the current calendar year. The directory also includes many resources for the general public and those who procure architectural services.

MEMOIRS. FAUCET WITH DECO HANDLE

Inspired by the sophisticated design of the '20s and '30s, KOHLER® Memoirs bath and powder room faucets, like their fixture counterparts, blend the elegance of yesterday with the performance standards of today. Stately and Classic, two timeless designs, are now further complemented by a new Deco handle style for Stately, which offers a stylish flair with a noticeably more substantial feel and appearance. With a variety of finish options and a choice of handles, Memoirs faucets coordinate with any décor.

AIA Colorado Design Awards

AIA Colorado Design Awards

The Colorado Chapter of The American Institute of Architects honored architectural excellence award recipients at its annual Design Awards Program, held as part of the AIA WMR Design Conference at the Beaver Creek Park Hyatt on Nov. 15, 3003. This year, the design awards jury was led by Bob Ivy, FAIA, editor-in-chief of Architectural Record magazine. Other distinguished jurors included Christian Bjone, Jim Childress, FAIA; Deborah Berke; and Alexander Gorlin. The awards committee was chaired by Alan Ford, AIA, of Denver's Hutton Ford Architects.

Honor Award

Built Architecture

Anderson Mason Dale Architects in association with Hellmuth, Obata + Kassabaum (HOK) Alfred Arraj United States Courthouse

Jury Comment: "These are particularly difficult building types to do because of the security issues and the multiple layers of circulation that must be accommodated. To solve it functionally is very hard and then to make it elegant is particularly impressive."

Built Architecture

Semple Brown Design PC Stapleton Neighborhood Park Bathhouse

Jury Comment: "In part, what we have admired in several projects is restraint. It is the moment, and just enough – and not one ounce more – and that's part of what is to be admired here is the economy of means for a modest building appropriately achieved, combined with an artfulness."

Built Architecture

Roth Sheppard Architects Adams County Communications Center

Jury Comment: "There is a full architectonic resolution because we are reacting to, in part, the three-dimensionality of this project – the way that the architecture is carrying all the way through up into the heights through the clerestory windows, up into the voids. Through all of the pieces and parts, it is not planar; it is not surficial; it is something integral."

AIA Colorado Design Awards

Merit Awards

Unbuilt Architecture

Studio B architects Burlinggame Affordable Housing Competition

Jury Comment: "It is like an old western town, very temporary, gently sitting on the land, very quick and affordable, and yet a nice and inviting place to be."

Built Architecture

Cottle Graybeal Yaw Architects Smithburg Residence

Jury Comment: "There are enough traditional, formal elements that allow the building to say 'house,' but at the same time, to be composed of what one might call modern components, as in the glass wall of the living space...this is a really successful weaving of modern and traditional forms in the making of a house today."

Built Architecture

Faleide Architects PC Crowder House

Jury Comment: "Architecturally, it is very powerful the way its elements interact, and also in its use of materials. It is very inventive in a very small house."

Built Architecture

David Owen Tryba Architects and RNL Design Wellington E. Webb Municipal Office Building

Jury Comment: "The facade is nicely articulated."

AIA Colorado Design Awards

Built Architecture

CSNA Architects Integrated Learning Center

Jury Comment: "It is elegant enough to make a gateway to the school, but quirky enough that probably junior and high school students will find it appealing rather than off-putting. Whimsical is usually a bad work in architecture, but this has a spirit of fun without descending into whimsy."

Built Interiors

Anderson Mason Dale Architects in association with the Office of the University Architect – Cab Childress, FAIA, and Mark Rodgers, AIA Newman Center for the Performing Arts, University of Denver

Jury Comment: "This shows unrepentant enthusiasm for material and construction – the quirky scale and colors are great."

Citation Awards

Built Interiors

Burkettdesign Inc. American Skandia

Jury Comment: "This is well planned."

Built Interiors

Bennett Wagner & Grody, Architects PC Architect's Studio/Office

Jury Comment: "This architect's office is really a keeper."

AIA Colorado Design Awards

Built Architecture

Roth Sheppard Brighton Police Dept. and Municipal Court

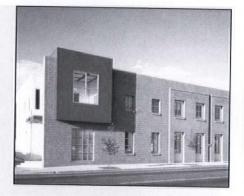

Jury Comment: "Towns should be rewarded for doing something other than out-of-the-catalog police stations."

Built Architecture

Root Rosenman Architects Girls Inc. of Metro Denver

Jury Comment: "There are little urban moves which have value."

Built Architecture

Brendle APV and Savage-Ver Ploeg and Associates Johnston Public Library, Johnston, Iowa

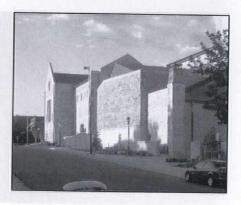

Jury Comment: "There is something beautifully simple and elegant here, and the way it sits on the prairie is a nice thing."

Built Architecture

Anderson Mason Dale Architects in association with the Office of the University Architect – Cab Childress, FAIA, and Mark Rodgers, AIA Newman Center for the Performing Arts, University of Denver

Jury Comment: "A Mannerist response to the fundamental issue of how you bring meaning to a place."

AIA Colorado Design Awards

Built Architecture

Faleide Architects PC St. Mary's Catholic School K-8

Jury Comment: "The client program really comes through well here."

Built Architecture

Buchanan Yonushewski Group LLC Water Tower Lofts

Jury Comment: "The most successful buildings in this area are really simple. The old warehouses are simple buildings. "

Built Architecture

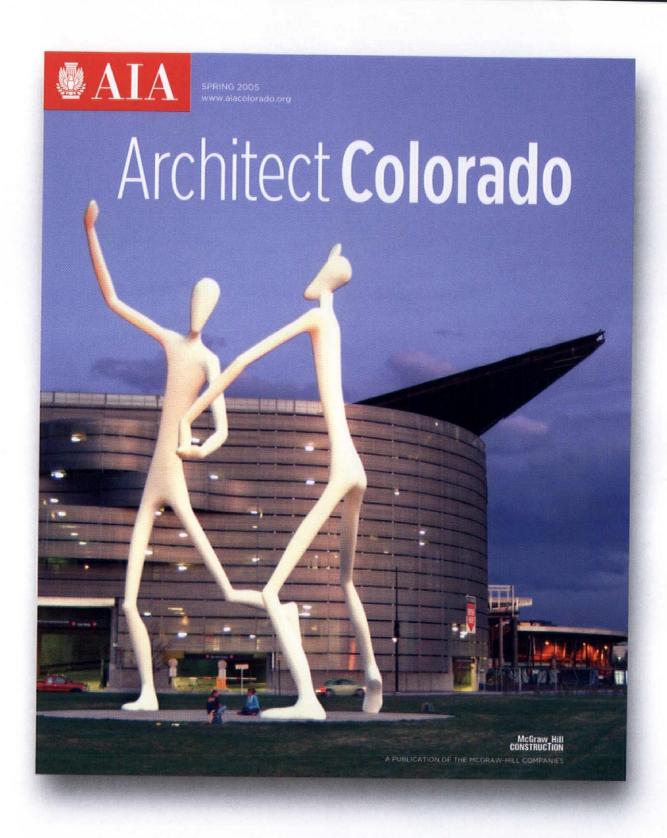

Richard Epstein Architects Inc. in association with David Swoboda, AIA; Todd Henderson, Assoc. AIA; and Laura Greenfield Boulder County Recycling Center

Jury Comment: "This matches my fantasy of Denver, driving down the road and finding an old abandoned mining shaft."

THE DEFINITION OF BUILDER-FRIENDLY.

AIA Colorado Special Awards Requirements and Past Award Recipients

Architect of the Year

The Architect of the Year Award is given to an architect who has provided outstanding:

- Service to the profession in Colorado
- Service in the field of architectural education
- Achievement in the field of design and allied arts to the benefit of the architecture profession
- Public service to the people of Colorado
- Service to the building industry of Colorado

The recipient must be a licensed architect in Colorado and a member of AIA Colorado for a minimum of five years "whose contribution to architecture in Colorado has been outstanding." Previous recipients include:

recipitation and	
1982	James Sudler, FAIA
1983	William Muchow, FAIA
1984	Hobart Wagner, FAIA
1985	Charles Sink, FAIA
1986	Jerome Seracuse, FAIA
1987	John Anderson, FAIA
1988	Temple Buell, FAIA
1989	Kenneth Fuller, FAIA
1990	Rodney Davis, FAIA
1991	John B Rogers, FAIA
1992	Samuel Caudill, FAIA
1993	Richard Crowther, FAIA
1994	George Hoover, FAIA
1995	Fredric A. Benedict, FAIA (Posthumous)
1996	James Morter, FAIA
1997	William Deno, FAIA
1998	Gregory Franta, FAIA
1999	Morey Bean, AIA
2000	Harry Teague, AIA
2001	Larry Yaw, FAIA
2002	David Barrett, AIA
2003	Cabell Childress, FAIA Emeritus

Firm of the Year

Objective

To recognize a firm that has contributed to the profession and that has set an example both in design and leadership in the state. This should be a firm that best represents the practice of architecture.

Any firm that has provided architectural services in Colorado for over 10 years. Any firm whose principal, or principals are members of AIA Colorado. Firms which have their main or founding office within the state of Colorado.

Nominations

Must come from outside of the firm. Include a statement indicating why this firm should be selected listing projects of note and any other outstanding qualifications.

Jury

The Board of Directors of AIA Colorado will judge the nominations and make the award selection at a regularly scheduled Board of Directors meeting.

Previous Aw	rardees
1991	Hoover Berg Desmond
1992	Klipp Colussy Jenks DuBois
1993	Harry Teague Architects
1994	CW Fentress JH Bradburn & Associates
1995	Cottle Graybeal Yaw Architects
1996	Chamberlin Architects
1997	OZ Architecture
1998	Barrett Steele Architects
1999	Downing Thorpe James
2000	Anderson Mason Dale Architects
2001	RNL Design
2002	Aller Lingle Architects
2003	David Owen Tryba Architects

Contribution to the Built Environment

This award was established to recognize the outstanding accomplishments of a non-architect in Colorado for demonstrating exemplary achievements in contributing to the quality of the built environment. AIA Colorado intends to bring recognition to individuals from diverse backgrounds for their professional contributions to maintaining, preserving, developing or promoting Colorado's built environment. Previous awardees:

ment. Tre rous	
1991	University of Colorado at Boulder
1992	Town of Limon
1993	Aspen Community Plan
1994	Don Logan of Stresscon Corporation and Paul Foster of Paul J. Foster Associates
1995	Lou Wynne, Hon. AIA Colorado South
	Chapter, Colorado Springs
1996	US Transportation Secretary Federico Peña
1997	The Aspen Institute/The Music Association of Aspen/ The Aspen Center for Physics/The International Design Conference at Aspen
1998	Nore Winter
1999	Dana Crawford
2000	The Partnership for Community Design
2001	Mickey Zeppelin
2002	Mark Johnson
2003	No Award Given

25 Year Award

This was initiated in 1994 to recognize a project completed 25 to 35 years ago, by a Colorado architect, that has withstood the "test of time" and still functions in its original capacity. Award recipients have included:

1994	Engineering Center at the University of
	Colorado, Boulder
1995	Zeckendorf Plaza, Denver
1996	Boettcher Memorial at Denver's Botanic
	Gardens, Denver
1997	National Center for Atmospheric Research,
	Mesa Laboratory (NCAR), Boulder
1998	Park Central Office Complex, Denver
1999	Williams Village, University of Colorado at Boulder
2000	St. Francis Church on Auraria Campus
2001	Lockheed Martin Littleton Property (formerly
	Johns Mansville Corporate Headquarters)
2002	Boulder Mall
2003	Vail Equipment Building and Microwave Tower

AIA Denver Design Awards

AIA Denver Design Awards

The Denver Chapter of The American Institute of Architects honored architectural excellence award recipients at its annual Design Awards Program and Gala, held at the Temple Events Center Uptown on Oct.10,2003. The guest juror, Peter Pfau, AIA of Pfau Architecture in San Francisco along with his staff, reviewed more than 90 submissions from AIA Denver architects in categories that included buit and unbuilt projects, interiors and urban design. Recognized as "Designer of the Year" by Contract Magazine in January 2003, Pfau and his firm were responsible for the design of the Swatch Olympic Pavilion for the 1996 Olympics in Atlanta.

Honor Award

Built Architecture

Roth Sheppard Architects Adams County Communications Center

Jury Comment: "The design features an elegant solution to a difficult renovation project, wrapping an existing drab facility in a new, crisply detailed shell. The simplicity of the design elements, the understated expression of the new structure and completeness of the transformation were highly regarded."

Built Architecture

Semple Brown Design, P.C. Stapleton Neighborhood Park Bathhouse

Jury Comment: "At its core, the design is a straightforward solution to a simple program. There is a clear separation between the private and public sides of the facility and the materials used take advantage of light and transparency. The project also experimented with cast resin to yield new effects that deepen the overall experience."

Merit Awards

Built Architecture

David Owen Tryba Architects and RNL Design Wellington E. Webb Municipal Office Building

Jury Comment: "The design is a strong example of Civic Modernism. The strong play between the existing building and the new structure creates a seamless composition. The building sports an elegant entry volume and an interesting upper curtain wall that creates a nice dialogue with the solid base."

AIA Denver Design Awards

Built Interiors

Bennett Wagner & Grody Architects PC Architect's Studio/Office

Jury Comment: "The project was appreciated for the 'light hand' the designers had with the new construction, relative to the existing structure, and for the crisp detailing throughout. A thoughtful restraint is obvious in the design."

Built Architecture

Reseutek Design Group LLC Associate Architect Phillips Swager Associates District One Police Station

Jury Comment: "The project successfully tackles the task of merging a difficult program with a complex architectural solution. The end result is a 'good mess' that is dynamic without being chaotic. The energetic forms and plan are balanced by a sensitivity to materials."

Built Architecture

Brendle APV, J. Michael Brendle, FAIA, Worth Group Architects South Valleys Library

Jury Comment: "The project's plastic massing is a strong response to its site as well as allowing the typical library program to express itself. The jury was also intrigued by the design's luminous ceiling, which handles standard library lighting constraints in a unique fashion."

Citation Awards

Built Architecture

HNTB Corp. with Fentress Bradburn Architects Ltd. and Bertram A. Bruton and Associates Consultants for INVESCO Field at Mile High

Jury Comment: "The skin avoids the nostalgia present in many sports stadiums and is an adventurous new element."

AIA Denver Design Awards

Built Architecture

Room & Board/Retrospect Furniture Store

Jury Comment: "The design is a radical transformation to the existing building, primarily achieved through its interesting exterior skin. A strong project, considering the retail constraints and the existing structure that was reused."

Built Interiors

Burkettdesign Inc. American Skandia.

Jury Comment: "Recognized for its intense attention to detailing and highly refined sense of materiality, as best evidenced by the workspace divider walls."

Built Architecture

Brendle APV and Savage-Ver Ploeg and Associates Johnston Public Library, Johnston, Iowa

Jury Comment: "The project contains a crisp compositional sensibility, accentuated by the elegant material juxtapositions. This also leads to a very interesting play of light on the different building surfaces."

Built Architecture

Sink Combs Dethlefs Whitlock Recreation Center

Jury Comment: "This is a good exploration for the project type, particularly in the treatment of the big box of the gymnasium. A lot of care went into the detailing and execution, most obviously in the exposed structural system."

AIA Denver Design Awards

Built Architecture

Anderson Mason Dale Architects in association with Hellmuth, Obata + Kassabaum (HOK) Alfred Arraj United States Courthouse

Jury Comment: "There is an obviously high level of professionalism throughout the building as well as a thoughtful design for a civic facility. The design is strong despite the inherent logistical constraints of the project type."

Built Architecture

Brendle APV, P.C., J. Michael Brendle, FAIA Private Residence

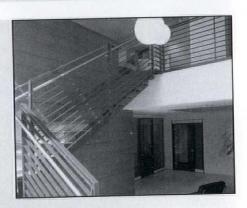

Jury Comment: "The design is spatially interesting, belying the fact that it is in fact a residence. There is great rigor in the material treatment and consistent detailing."

Interiors

Burkettdesign Inc.
TeamMates Commercial Interiors

Jury Comment: "Recognized largely for its interior, where there are a number of nice 'moments' and materials, including the lobby stair. The exterior features a new façade treatment that significantly transforms the building."

Special Recognition Award

OZ Architecture and Shears Adkins Architects Waterside Lofts

Jury Comment: "The project was appreciated for its effort to grapple with the difficulties of making attractive dense urban housing in an aesthetic that complemented, not copied, the surrounding historic context."

AIA Colorado North Design Awards

AIA Denver North Design Awards

The AIA Colorado North Chapter of The American Institute of Architects (AIA) recognized its 2003 recipients for design excellence at the Stanley Hotel on October 17, 2003 in Estes Park. AIA Colorado North covers nine counties in Northeastern Colorado and includes Boulder, Greeley, Fort Collins, Loveland and Longmont.

Each year, local Chapter members submit projects and compete for Honor, Merit and Citation awards. This year's guest juror, Garrett L. Smith, AIA of Garrett Smith Ltd., Design, Architecture and Development in Albuquerque, New Mexico judged more than 30 submitted projects from AIA Colorado North members.

Honor Award

Commercial/Institutional

Harvey M. Hine Architects, PC Pearl Street Lofts

Jury Comments: "Great contrast between new and existing. Appreciated the way the first and second levels were separated structurally. Beautiful interiors; combining the butterfly roof with lighting and mechanical systems."

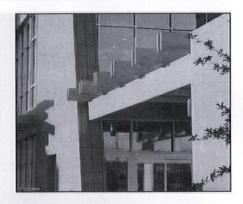

Merit Awards

Commercial/Institutional

AIA Boulder Associates, Inc. and Nicholas J. Rehnberg St. Mary's Advanced Medicine Pavilion

Jury Comments: "Appreciated the presentation of the precedent of the design-water, redrock – sophisticated design for healthcare. Good solid massing."

Commercial/Institutional

H + L Architecture Silver Creek High School

Jury Comments: "Wonderful first shot from elevated cafeteria - well orchestrated use of standard materials - strong planning concept."

AIA Colorado North Design Awards

Residential Architecture

Oz Architecture Waterside Lofts

Jury Comments: "Jury was taken back by the variety of unit plans and commend inclusion of affordable units. Relationship to views all positive."

Unbuilt

Richard Epstein Architects, Richard Epstein, AIA; Brian Dale and James Butler The Screen House

Jury Comments: "Has a dramatic change from the existing – created almost entirely manipulating the facades. Intuitive, simple, inexpensive solution to a common problem."

2003 Award Recipients

AIA Colorado South Design Awards

The AIA Colorado South Chapter of The American Institute of Architects (AIA) recognized its 2003 recipients for design excellence at The Briarhurst Manor located in Manitou Springs, Colorado in December of 2003. AIA Colorado South covers eighteen counties in Southern and Southeastern Colorado including Colorado Springs, Montrose and Pueblo.

Each year, local Chapter members submit projects and compete for Honor, Merit and Citation awards. This year's jury consisted of: James W. Christopher, FAIA of Brixen & Christopher Architects in Salt Lake City, Utah; James W. Lewis, AIA of FFKR Architects in Salt Lake City, Utah and John Huish, Director, Campus Design and Construction at the University of Utah, Salt Lake City.

AIA Colorado South Design Awards

Honor Award

Urban Design / Master Planning / Design Guidelines

Fennell Group
U.S. Air Force Space Command
Facilities Excellence Guide 2003 Silver Book

From the initial Installation Development Guidelines to the concluding Implementation Techniques, this well written and nicely illustrated document will surely have a most positive impact on the development of new facilities for the Air Force Space Command. The guide is well organized, free of jargon, and addresses the critical elements necessary to help implement and carry forward the AFSPC Facilities Excellence program. The architects/writers/designers are to be congratulated for this outstanding work.

Merit Awards

Large Built Project

RTA Architects Challenge K-8 Replacement School Cherry Creek School District

The success of a carefully constructed planning/design process is exhibited in this replacement "focus school". The architects have designed a facility that works well within the existing site constraints. The resultant design responds well to the program requirements as it creates a series of nicely scaled spaces that contribute to the educational process. It is anticipated that this school will have a very positive impact of the lives of the students, teachers, parents and other community members who have an opportunity to experience this special learning environment.

Citation Awards

Large Built Project

CSNA Architects Shared Integrated Learning Center Manitou Springs, Colorado

This building is a strong architectural response to a very interesting set of planning criteria. The special learning/research environments are well organized in this three-story building. The building form, materials, and window patterns may have been influenced greatly by the adjacent buildings.

Small Built Project

RTA Architects Hibbard Building - Renovation and Interior Remodel

The jury felt that this renovation/remodeling was handled in a very sensitive manner, respecting the architecture and heritage of the existing building while carefully redesigning the interior spaces to accommodate a new mix of tenants. The owners and architects are to be congratulated for these efforts to breathe new life into this landmark building.

AIA Colorado West Design Awards

AIA Colorado West Design Awards

The AIA Colorado West Chapter of The American Institute of Architects (AIA) recognized its 2003 recipients for design excellence at Hotel Colorado on October 11, 2003 in Glenwood Springs. AIA Colorado West is the largest geographical area, covering twenty-two counties in Western Colorado, including Aspen, Breckenridge, Durango, Grand Junction, Steamboat Springs and Vail.

Each year, local Chapter members submit projects and compete for Honor, Merit and Citation awards. This year's jury Chairperson was Lawrence W. Speck, FAIA of Page Southerland Page in Austin, Texas.

Honor Awards

Unbuilt Architecture

Studio B Architects Burlinggame, Parcel D Affordable Housing

Jury Comments: "Jury was taken back by the variety of unit plans and commend inclusion of affordable units. Relationship to views all positive."

Built Architecture

Cottle Graybeal Yaw Architects, Ltd. Smithburg Residence

Jury Comments: "Wonderful plan - clear, great integrity, sophisticated, well-studied elvations, beautifully proportioned. Gorgeous stonework, great detail. Beautiful window wall."

Merit Awards

Built Architecture

Poss Architecture and Planning, P.C. Aspen Mountain Residence

Jury Comments: "Good citing - sophisticated, nestled into hill. Elegant, accomplished, handsome."

AIA Colorado West Design Awards

Built Architecture

Harry Teague Architects Colorado Mountain College, Aspen

Jury Comments: "Excellent indoor and outdoor relationships. Inexpensive building handled with real design sophistication."

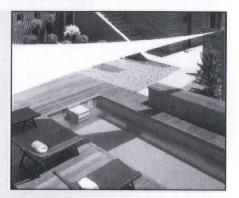

Citation Awards

Built Architecture

Studio B Architects Courtyard Residence

Jury Comments: "Wonderful first shot from elevated cafeteria - well orchestrated use of standard materials - strong planning concept."

Built Architecture

Cottle Graybeal Yaw Architects, Ltd. Singer Residence

Jury Comments: "Surprising forms. Beautiful materials and detailing, compliments horizontally. Good combination of local sensibilities and contemporary ideas." Ω

With our new software in place, everyone's interests are in balance.

AIA Contract Documents balance the interests of contractors, developers, lawyers, and architects. And with

redesigned software,
they also offer worldclass simplicity. We've
included familiar icons
toolbars and pull-down
menus to make navigation streamlined and
intuitive. Microsoft®

Word and PDF file-saving let you create, share, and manage documents with ease. You can share them on your network or through e-mail as either Word or PDF files. Special dialog

boxes help you enter data quickly and accurately. Enhanced storage and retrieval lets you call up project data

so it can be automatically incorporated into new documents. The software uses the standard Microsoft® Word "track changes" function thoughout. Plus, variances from AIA standard contract language in any

document can be displayed in a special report. It's all here. And it's all easy.

See for yourself. Simply download the software at www.aia.org. For more details call 1-800-365-2724.

AIA Contract Documents

Local Chapter Boards of Directors

The following pages list the 2004-2005 Board of Directors, programs and activities for each of the four local chapters located within Colorado. AIA Colorado hopes that you will use this information to contact a local Board member or to help a new member who is considering joining The American Institute of Architects. The local chapters cover the state as follows:

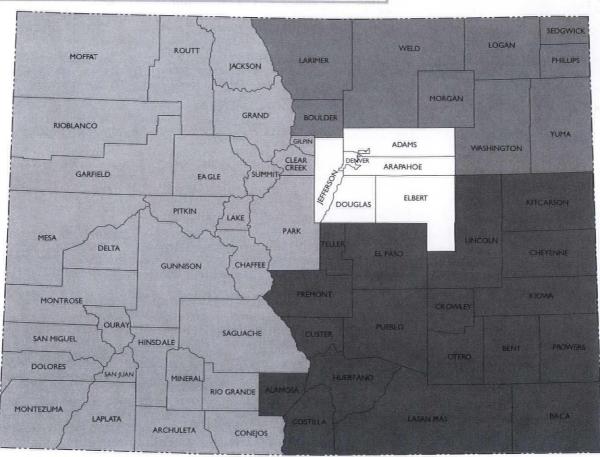

AIA Denver is the largest chapter in Colorado and includes the Denver metropolitan area, excluding Boulder.

AIA Colorado North covers nine counties in Northeastern Colorado and includes Boulder, Greeley, Fort Collins, Loveland and Longmont.

AIA Colorado South covers 18 counties of South and Southeastern Colorado and includes Colorado Springs, Pueblo and Montrose.

AIA Colorado West is the largest geographical area, covering 22 counties in Western Colorado, and includes the communities of Aspen, Breckenridge, Vail, Grand Junction and Steamboat Springs.

FIRM DESCRIPTION

Centre Sky Architecture is an architectural firm providing professional services for custom resident resort and commercial architecture and master planning. We place heavy emphasis on ecology and three-dimensional design so the client can comprehend the project through all design phases. Strong emphasis is also placed on the positive impact that the built structure will have on the community or open space to improve, enhance, and integrate into the surrounding fabric.

FIRM DESCRIPTION

in situ DESIGN was established to pool the energy of experienced architects and designers to provide clients with the best of both worlds: the complex project experience afforded by large architectural firms and the personal attention of a small practice. As our name implies, in situ DESIGN is committed to creating a sense of place. Each project grows from its context to embody a certain site-specific sensibility.

Arcadea is short for Architectural Idea. The idea unifies a design, gives it integrity and makes it unique. After listening carefully to our clients, we bring together the practical and the artistic into a unified composition. We offer a full range of architectural and interior design services. Our work has been published and televised nationally.

.

Concrete has long been one of the most versatile and cost-effective building materials available. Today, the established advantages for durability, workability and sustainability are more important than ever. And now, concrete can be used in even more creative ways that bring enduring beauty to a full spectrum of construction projects.

Scofield is reinventing concrete coloring and cementitious resurfacing materials for use indoors and out. We are continuously improving performance by creating systems that bring more than color to concrete construction. We're engineering systems with controlled curing rates for extreme weather conditions and compatible stain-resistant treatments to repel spills and harsh environmental conditions. We are supplying new, beautiful fast-track cementitious overlays and resurfacing materials that are suitable for imprinting to replicate any texture or pattern imaginable. Sometimes the final placement can look like anything but concrete.

Just as we have since 1915, we are pioneering new concrete systems for enhancing the built environment by coloring, texturing and improving performance in architectural concrete.

FIRM DESCRIPTION

Bercovitz Design Architects specializes in providing top-quality architectural services for clients building high quality single-family custom homes in this ski resort community of Telluride, Colorado. The work of the firm is extremely design oriented, providing ideas and support of numerous ideas throughout the entire design and building process. In addition to striving to produce unique, delightful designs, the company continuously strives to maintain a high level of client satisfaction, with the goal of providing clients with the type of home that they had dreamed of prior to starting into the building process. A vast majority of the projects are in the Telluride area, but routinely projects are being designed in other parts of the country.

We actively seek opportunities to integrate green building techniques in our projects routinely integrating passive solar, well thought out site placements, and materials that are less environmentally demanding, whenever possible.

Bercovitz Design was formed in 1989, and had been a well-established and successful architecture firm for over 14 years in Telluride, Colorado. More than 200 of our projects have been built, and we have attained a local reputation for doing top quality projects.

Bercovitz Design has won several awards including the 1999 Colorado Cobra AIA Honor award and the 2002 Western Colorado AIA Citation Award and our homes have been profiled in national architectural magazines such as Timber Frame Homes and Colorado Homes and Lifestyles, Sunset and Gourmet.

With our new software in place, everyone's interests are in balance.

AIA Contract Documents balance the interests of contractors, developers, lawyers, and architects. And with

redesigned software,
they also offer worldclass simplicity. We've
included familiar icons
toolbars and pull-down
menus to make navigation streamlined and
intuitive. Microsoft®

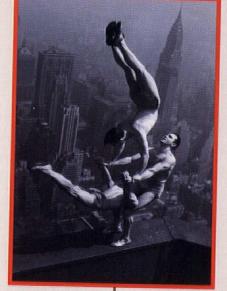

Word and PDF file-saving let you create, share, and manage documents with ease. You can share them on your network or through e-mail as either Word or PDF files. Special dialog

boxes help you enter data quickly and accurately. Enhanced storage and retrieval lets you call up project data

so it can be automatically incorporated into new documents. The software uses the standard Microsoft® Word "track changes" function thoughout. Plus, variances from AIA standard contract language in any

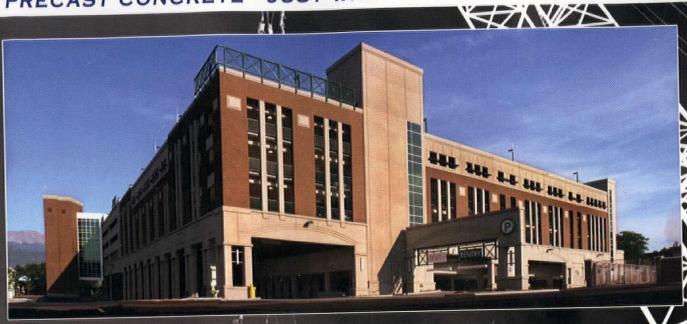

document can be displayed in a special report. It's all here. And it's all easy.

See for yourself. Simply download the software at www.aia.org. For more details call 1-800-365-2724.
