Community

A&P is honored to partner with AIA Denver in support of the Blue Spruce Habitat for Humanity project in Kittredge, Colorado.

A&P is partnering with Blue Spruce Habitat for Humanity assisting with construction management of the project. The A&P team, with our subcontracting partners, raised more than \$100,000 in donations of cash, labor and materials. Donations have allowed upgrades in the habitat house, including the use of structural insulated panels and other energy-efficiency upgrades.

In addition to donations, A&P staff, suppliers and subcontractors are donating time and labor on the jobsite to build this project alongside the homeowner, AIA and other Habitat volunteers. This house is the AIA Denver Showcase Project at the 2013 AIA National Convention in Denver, Colorado.

INTRODUCTION

ABOUT THIS DIRECTORY

For your convenience, AIA Colorado's 2013 Firm Profile & Membership Directory divides member firms by chapter (Local Chapter Information and Member Firm Profiles) and then lists all Professional Affiliate companies and individual members in separate sections.

The Local Chapter Information and Member Profiles section is a roster of firms that employ AIA Colorado members. Firms included in the roster are not necessarily architecture firms. Licensed architects represented in this listing are designated by the AIA or FAIA designation after their names in the contact section. The Professional Affiliate Firms section highlights those members who are affiliated with the design and construction industry. Finally, the Individual Members section contains individual listings of members, including architects (AIA and FAIA members), interns (Assoc. AIA members), and students (AIAS and SA members).

All information in AIA Colorado's 2013 Firm Profile & Membership Directory has been provided by firms, individual members and professional affiliate members. The information was deemed accurate at the time of publication. However, if the information is not accurate, members may contact AIA Colorado at 303.446.2266, or send an e-mail with changes

to info@aiacolorado.org. AIA Colorado may not be held responsible for any inaccuracies or omissions in the member listings.

AIA respects the privacy of its members. This directory includes firm and personal information supplied by members. Individual listings do not include e-mail addresses. Please note the contents of this publication may not be reproduced by any means, in whole or in part, without prior written consent of the publisher. For information about purchasing single-use, physical mailing labels of AIA Colorado members, please contact AIA Colorado at 303.446.2266. AIA Colorado does not sell or share e-mail address lists.

Inclusion in this directory does not imply endorsement of any firm, service or product. The acceptance of advertising does not reflect endorsement of products or services by this publication or AIA Colorado.

WELCOME FROM AIA COLORADO PRESIDENT AND EXECUTIVE DIRECTOR

We are pleased to provide you with this year's edition of the AIA Colorado Firm Profile & Membership Directory as part of your AIA member benefits. Together with our website, www.aiacolorado.org, this directory provides members with colleagues' current contact information and access to the wealth of resources that AIA Colorado offers.

The AIA Colorado office is located at 303 East 17th Avenue, Suite 110, in Denver. From this central location, our staff serves the membership in several primary focus areas:

Advocacy

- Located a few blocks from the State Capitol, we can easily walk there to testify on a bill or discuss issues with our state legislators as needed.
- AIA Colorado is able to host legislative receptions as well as meet-and-greets with our expanded lobby and meeting space available.
- Our Government Affairs Committee meets monthly to discuss issues important to the profession. The Legislative Subcommittee meets weekly during the legislative session and screens more than 500 bills annually to protect you.

Knowledge

- We offer numerous continuing education programs throughout the state each year to support your professional development and licensing requirements. AIA staff is knowledgeable on the latest requirements for Colorado licensure renewal and continuing education.
- Our annual statewide design conference attracts more than 400 participants from across the state for three days of networking, education and fun!

Resources

- Our ARE libraries (located in Denver, Colorado Springs, Boulder and Fort Collins) are offered as a free benefit to members as they prepare to take their ARE exams.
- Our online job board is updated almost daily. Firms can view our professional resume register at no cost to help with their hiring needs.

Outreach

- Our committees are involved with important community issues such as urban design, housing and professional fairness.
- Annual design and honor awards programs allow you to gain recognition for your design work and contributions to the profession and community.

One of the benefits of being an active member of AIA is fellowship. Sharing ideas, collaborating on projects and building genuine friendships with your peers is invaluable. We believe this directory supports our members in that endeavor. It can be an integral tool in your efforts to be an engaged member of AIA Colorado.

This publication would not be possible without the strong support of the advertisers and sponsors represented in the Buyers' Guide and Advertiser Index. Their investment in our organization is important to our future success, and we encourage you to support them.

Sincerely,

Metal D. While

Mike Wisneski, AIA AIA Colorado 2013 President

Sonia Riggs, Hon. AIA, CAE AIA Colorado Executive Director

THE AMERICAN INSTITUTE OF ARCHITECTS' CODE OF ETHICS AND PROFESSIONAL CONDUCT

Preamble

Members of The American Institute of Architects are dedicated to the highest standards of professionalism, integrity and competence. This Code of Ethics and Professional Conduct states guidelines for the conduct of members in fulfilling those obligations.

Canon I — General Obligations

Members should maintain and advance their knowledge of the art and science of architecture, respect the body of architectural accomplishments, and contribute to its growth, thoughtfully consider the social and environmental impact of their professional activities, and exercise learned and uncompromised professional judgment.

Canon II — Obligations to the Public

Members should embrace the spirit and letter of the law governing their professional affairs and should promote and serve the public interest in their personal and professional activities.

Canon III — Obligations to the Client

Members should serve their clients competently and in a professional manner, and should exercise unprejudiced and unbiased judgment when performing all professional services.

Canon IV — Obligations to the Profession

Members should uphold the integrity and dignity of the profession.

Canon V — Obligations to Colleagues

Members should respect the rights and acknowledge the professional aspirations and contributions of their colleagues.

Canon VI — Obligations to the Environment

Members should promote sustainable design and development principles in their professional activities.

For more information about The AIA Code of Ethics and Bylaws, visit aia.org/about/ethicsandbylaws.

CONTACTS, RESOURCES & OTHER INFORMATION

STAFF

Sonia Q. Riggs, Hon. AIA, CAE Executive Director sonia@aiacolorado.org ext. 117

Responsible for the overall operation of the state component, including financial management and budgeting, organizational development and strategic planning, overall operating procedures; acts as a liaison to state committees such as the Government Affairs Committee, Strategic Planning Committee, Nominating Committee, and Executive Committee.

Alaina L. Gonzales
Membership and
Communication Manager
alaina@aiacolorado.org
ext. 116

Responsible for member recruitment, relations and retention. Also responsible for public/media relations and marketing for AlA Colorado and the four local chapters. Liaison to local chapter and state component committees such as the Communications Advisory Board and Emerging Professionals Coalition.

Brittany L. Karstrand Membership and Communication Coordinator brittany@aiacolorado.org ext. 113

Produces eNewsletters, ePostcards and website content and updates. Maintains AIA presence on social media sites. Handles membership processing as well as database maintenance and membership transfers and upgrades. Primary contact for Professional Affiliate (PA) members.

Catherine S. Rosset Director of Local Chapters cathy@aiacolorado.org ext. 115

Directs and manages the effective operation of AIA Denver, AIA Colorado North, AIA Colorado South and AIA Colorado West. Responsible for chapters' financial management, budgeting, development and planning, and directing activities for the four local chapters. Conducts board and committee training meetings. Acts as the liaison to several non-programmatic local chapter committees.

Jenna M. Ronnebaum Programs and Continuing Education Manager jenna@aiacolorado.org ext. 112

Plans small continuing education programs such as code classes and Eat & Educates, and organizes local chapter events, including awards galas. Liaison for tracking, coordinating and disseminating continuing education system (CES) information. Contact for AIA/CES transcript inquiries, registrations and certificates.

Robert C. Purper Receptionist robert@aiacolorado.org ext. 110

Answers incoming calls and greets guests. Responsible for all contract document and retail sales, the maintenance of the ARE resource library and online classifieds. Also responsible for maintaining and ordering office supplies and retrieving, sorting, logging and distributing mail.

Nicolle C. Thompson Director of Programs and Sponsorship nicolle@aiacolorado.org ext. 111

Works with the four local chapters and the state component to coordinate all aspects of large-and small-scale conferences, design awards and membership social events. Manages all corporate and event sponsorship activities as well as the exhibit floor at the annual Practice + Design Conference.

Emily C. Ewing Office Manager/ Executive Assistant emily@aiacolorado.org ext. 114

Responsible for various day-to-day office operations. Oversees monthly bookkeeping procedures and bank deposits. Responsible for local chapter invoicing, purchase orders and payables/receivables. Assists the Executive Director and Director of Local Chapters with various projects and correspondence.

THE JASON PETTIGREW, ASSOC. AIA, MEMORIAL LEADERSHIP SCHOLARSHIP

In 2004, AIA Western Mountain Region created the Jason Pettigrew, Assoc. AIA, Memorial Leadership Scholarship to honor an outstanding Associate AIA member within the six states of AIA WMR with a scholarship to the annual AIA Grassroots Conference in Washington, D.C. and the AIA WMR fall conference.

This scholarship honors emerging Associate AIA leaders for strong leadership and a strong commitment to AIA now and in the future – qualities Pettigrew demonstrated.

Information about the scholarship is announced each year on the AIA WMR website at www.aiawmr.org.

CONTACTS, RESOURCES & OTHER INFORMATION

ARCHITECTS OF COLORADO POLITICAL ACTION COMMITTEE (ARCPAC)

303 East 17th Avenue, Suite 110 • Denver, CO 80203 • 303.446.2266,or 800.628.5598

What is a Political Action Committee?

A political action committee (PAC) is an organization that pools campaign contributions from members and donates those funds to campaigns for certain candidates.

The Architects of Colorado PAC (ARCpac) focuses on the interests of Colorado architects whether they are AIA members or not. AIA dues are not a part of ARCpac. ARCpac membership is completely voluntary and separate from AIA Colorado.

Why do Colorado architects need a PAC?

The profession is significantly influenced by elected officials and the acts they take. To have a more active role in the election process and raise funds for that purpose a PAC is necessary. ARCpac provides additional opportunities to create relationships with state legislators. ARCpac donates funds to candidates who fight for issues of importance to architects. Furthermore, ARCpac members may help with political campaigns.

Who can be a part of ARCpac?

All Colorado architects may be a part of this organization upon contributing to ARCpac. Any individual, firm, company or partnership with a vested interest in the architecture profession can contribute to ARCpac as well. Contributions to ARCpac are limited to \$550 per person or firm for each election cycle. ARCpac is a way for a firm to give to a cause, as firms are not able to give money to candidates directly.

How is ARCpac effective?

ARCpac is effective with legislators and other elected officials because it represents the collective political arm of 6,000 Colorado architects and supporters acting as one influential voice. ARCpac enables us to create relationships with elected officials that support the built environment and issues of importance to the profession.

Who decides how ARCpac distributes its funds?

The executive committee of ARCpac makes decisions about who receives ARCpac funds. Contributions received by ARCpac cannot be declared to any specific candidate. ARCpac distributes all of its funds during election years to political candidates running for state office. ARCpac donates to candidates who support issues of importance to architects, regardless of party affiliation.

What political issues are important to architects?

Recent issues of importance include the architects' licensing law, scope-of-practice protection, sustainable design, school bond issues, indemnification, construction defects, eminent domain and land use.

Five Ways to Contribute to ARCpac:

- 1. Make a personal or corporate donation of up to \$550 per election cycle (every two years).
- 2. Designate a representative from your firm to solicit ARCpac contributions.
- 3. Host a fundraiser in your home for your state senator or representative.
- 4. Attend a fundraiser organized by ARCpac.
- 5. Work on your senators'/representatives' re-election campaigns.

For more information or to get involved in ARCpac, contact us at 303.446.2266.

ABOUT AIA COLORADO

AIA Colorado represents architects and allied members statewide and unifies the four local chapters of The American Institute of Architects within Colorado.

Mission:

The mission of AIA Colorado is to be the voice of the architectural profession and the primary resource for its members.

Vision:

AIA Colorado inspires members to be leaders in a quality built environment.

AIA Colorado Seeks to:

- Unite the architects of the state of Colorado in fellowship
- Promote the aesthetic, scientific and business practice of architecture
- Advance architectural standards of continuing education, training and practice
- Build relationships among clients, the construction industry and architects

History

The Colorado Association of Architects was organized in 1890, and the elected officers were Robert S. Roeschlaub, president; Harold W. Baerresen, vice president; Eugene R. Rice, secretary; and Frank E. Edbrooke, treasurer. The same men were re-elected to office at the second annual meeting held December 21, 1891. The main topic of discussion at that event was submitting an application for a charter as a chapter of The American Institute of Architects. The charter was received April 4, 1892, and included the states of Colorado, Wyoming and the territory of New Mexico. It was not until 1947 that each state had its own chapter. In 1969, the Colorado Chapter was renamed the Colorado Society of Architects, and in 1984, it was renamed The American Institute of Architects Colorado (AIA Colorado).

MEMBERSHIP

AlA is a three-tiered organization with six basic levels of membership. Full descriptions of all membership levels and benefits can be found online at www.aiacolorado.org.

MEMBERSHIP CATEGORIES

Architect Member (AIA or FAIA) - An individual with an architecture license from a U.S. licensing authority.

Associate Member (Assoc. AIA) - An individual who meets one of the following criteria:

- ARE Candidate
- Professional degree in architecture
- Currently works under the supervision of an architect
- Currently enrolled in the Intern Development Program (IDP) and working toward licensure
- Faculty member in a university program in architecture

Emeritus Member (AIA or Assoc. AIA) – An individual member who has been in good standing with AIA for 15 successive years immediately prior to his or her application, and either (i) has attained the age of 70 and is retired from the profession of architecture, or (ii) is so incapacitated as to be unable to work in the profession.

International Associate Member (Intl. Assoc. AIA) – An individual with an architecture license or equivalent from a non-U.S. licensing authority.

Professional Affiliate (PA) – An individual who is unlicensed to practice architecture. Individuals with established professional reputations who are registered to practice their profession where such requirements exist, or persons who are employed outside of the architectural practice, but are involved in positions related to the field of architecture membership. Membership recognized on the state and local levels.

Student Affiliate (SA) – Any undergraduate or graduate student enrolled in an architectural design or construction-related program in Colorado. Membership is recognized on the state and local levels.

AIA COLLEGE OF FELLOWS

AIA bestows the recognition of Fellowship for achievement in architecture on members who have contributed notably to the advancement of the profession of architecture. With the exception of the Gold Medal, Fellowship is the highest honor AIA can bestow on a member. It is conferred on members with at least 10 years of architect membership who have made significant contributions to the aesthetic, scientific and practical efficiency of the profession; to the standards of architectural education, training and practice; to the building industry through leadership of AIA and other related professional organizations; to the advancement of the living standards of people through their improved environment; and to society through significant public service.

Those advanced to Fellowship can use the "FAIA" designation after their names in recognition of their contributions.

The following people came into the area from other chapters in the early years and were automatic Fellows when assigned to the AIA Colorado Chapter. (Area: Colorado, Wyoming and the territory of New Mexico, April 4, 1892).

1886 Frank J. Grodavent

1888 E. T. Carr

1889 Francis W. Cooper 1896 Franklin F. Kidder

THE AIA COLLEGE OF FELLOWS HAS HONORED THE FOLLOWING COLORADO ARCHITECTS WITH FELLOWSHIPS:

1900	Robert S. Roeschlaub	1985	Fredric A. Benedict	2000	Curt Dale
1934	William E. Fisher	1985	Dean Blake Chambliss	2000	William Deno
1934	George H. Williamson	1985	Daniel J. Havekost	2001	Christopher Nims

THE ARCHITECTURAL EDUCATION FOUNDATION, AIA COLORADO

The Architectural Education Foundation, AIA Colorado was born out of the devotion of five men to the practice of architecture. On January 23, 1934, Robert K. Fuller, FAIA, announced on behalf of himself and the four other men, the creation of a special trust fund "to advance the interest of the profession of architecture in the state of Colorado." This was the realization of 10 years of commitment by Robert Fuller, FAIA; William E. Fisher, FAIA; George H. Williamson, FAIA; William Bowman, AIA; and Fred Montjoy, AIA. Their dream was "to provide an instrument whereby, someday, sufficient income would be realized to be able to award scholarships, grants, prizes, etc., to the betterment of the profession."

The first aim of the trust fund was quite modest: the assets were to be "held intact and allowed to grow" until the principal was large enough to ensure a "good annual return therefrom." On December 18, 1944, the trust fund was transferred to AIA Colorado. Robert K. Fuller was designated its permanent trustee. On February 16, 1961, the fund was incorporated as a separate, tax-free, non-profit corporation. Its broad purpose, as reported

in the December 1961 issue of AIA Colorado's newsletter, *The Addenda*, was (and remains today) "to advance education in architecture by granting scholarships, prizes and financial aid to deserving students in architecture and to teachers or architects interested in research projects directly related and of value to the architectural profession."

In 1961, the first scholarship was awarded by The Architectural Education Foundation, AIA Colorado. It had taken 27 years for the five founders' original dream to come true.

Since the first \$600 scholarship was presented in 1961, The Architectural Education Foundation, AIA Colorado has awarded more than \$1 million in scholarships, grants and other awards to more than 250 students, architects and teachers.

For many years, architects, faculty members and students alike, have returned to school for study or have had a research project funded because they received assistance through The Architectural Education Foundation, AIA Colorado.

THE FOLLOWING IS A LISTING OF THE ARCHITECTURAL EDUCATION FOUNDATION, AIA COLORADO SCHOLARSHIPS:

AIA Colorado North Chapter Scholarship — \$1,000 award to an undergraduate AIAS member in the Program in Environmental Design, University of Colorado Boulder or College of Architecture and Planning, University of Colorado Denver

Anniversary Scholarship — \$1,500 award for third- or fourthyear undergraduate study in the Program in Environmental Design, University of Colorado Boulder or College of Architecture and Planning, University of Colorado Denver

Temple Hoyne Buell, FAIA, Scholarship — \$2,500 award for graduate study in architecture at the College of Architecture and Planning, University of Colorado Denver

DeVon M. Carlson, FAIA, Scholarship — \$2,500 award for graduate study in the College of Architecture and Planning, University of Colorado Denver

Rodney S. Davis, AIA, Traveling Scholarship — \$4,000 award on odd-numbered years for travel and study outside of the continental United States

Arthur A. & Florence G. Fisher, AlA, Traveling Scholarships — \$2,700 and \$2,300 awards for travel and study

Kenneth R. Fuller, FAIA, Scholarship — \$2,000 award for first-year graduate study in the College of Architecture and Planning, University of Colorado Denver

Robert K. Fuller, FAIA, Scholarship — \$2,000 award for graduate study in architecture at the College of Architecture and Planning, University of Colorado Denver

James M. Hunter, FAIA, Scholarship — \$2,000 award for graduate travel or study in the Americas

Michael Kephart, AIA, Scholarship — \$1,000 award for graduate study at the College of Architecture and Planning, University of Colorado Denver

Gary G. Landin, AIA, Scholarship — \$1,500 for third or fourthyear study in the Program in Environmental Design, University of Colorado Boulder or College of Architecture and Planning, University of Colorado Denver

William C. & Priscilla W. Muchow, FAIA, Scholarship — \$5,000 award for final year of graduate study in architecture at the College of Architecture and Planning, University of Colorado Denver

Oscar R. Sanchez Scholarship — \$2,000 award for an underserved high school student

C. Gordon Sweet, AIA, Scholarship — \$1,500 award to a second-year undergraduate student with proper qualifications and need in the Program in Environmental Design, University of Colorado Boulder or College of Architecture and Planning, University of Colorado Denver

Hobart D. Wagener, FAIA, Traveling Scholarship — \$5,000 award for travel study

AIA CONTINUING EDUCATION SYSTEM (CES)

First developed in 1994, AIA CES is a continuing education system developed by AIA to organize and track professional development activities required for AIA membership. AIA CES enables members to keep current on issues in the field, master new knowledge and skills, plan for the future and responsibly meet the role society entrusts to a professional architect. By making available learning opportunities in every area of knowledge relevant to today's architect, AIA CES has grown into a major force in the improvement and revitalization of the architecture profession in the 21st century. Members can earn continuing education learning units (LU) by attending programs offered by AIA CES registered providers or through self-reporting independent activities and research.

Annual Requirements

As a condition of membership renewal, all active AIA members must successfully complete 18 learning units (LU) each calendar year, with at least 12 of the 18 LU in subject areas relating to health, safety and welfare (HSW).

As of January 1, 2013, AIA members will no longer need to complete the sustainable design requirement to fulfill their AIA continuing education. Recognizing that sustainable design practices have become a mainstream design intention in the architectural community, the Board of Directors voted to allow the sustainable design education requirement to sunset at the end of calendar year 2012.

A member who exceeds the annual requirement may carry over up to 18 LU hours (including up to twelve hours of HSW) into the next calendar year. Carryover credit may be used for one year only; it is not cumulative. Only the number of credits needed to fulfill the annual requirement for the following year may be carried over. Extra credit may not be carried past the one-year limit.

Deadlines for Reporting AIA Activities

The annual deadline is September 30. This deadline applies to any activity completed within the previous calendar year. For example, an activity completed in December 2012, must be submitted to AIA CES Discovery no later than September 30, 2013. The deadline is not nine months from the date of completion; it is nine months from the end of the calendar year. Any activities submitted to AIA CES Discovery after September 30, may be put on hold. This course of action applies to AIA members and AIA CES registered providers.

AIA CES Registered Provider Programs

AIA has developed a network of more than 2,500 educational providers made up of AIA chapters, affiliate organizations, firms, manufacturers, universities, non-profit organizations and government agencies. Providers can be searched for and identified through the CES Registered Provider database. These educational providers offer more than 25,000 programs each year. To find courses search the CES courses database at www.aia.org/education/findcourses/index.

Transcript Records

Individual member transcript records are updated daily on www.aia.org. Anyone with an active AIA membership number can access a transcript online by following the steps below.

- · Visit www.aia.org/education.
- · Click on "CES Discovery Sign In" on the left menu.
- · Click the blue icon button "Go to Sign In" at the center of the page.
- At the Discovery homepage, please log in using your www.aia.org primary email address and password.
- Upon sign-in, the AIA CES Discovery "Welcome AIA Members" home page will appear in your browser.
- To see your transcript, simply click the "Transcript" tab in the red horizontal band across the top of the screen.
- Select the transcript date range from the "Start Date" and "End Date" pull-down menus at the top of the page.
- Click the "Filter by Date Range" button. To clear the dates you selected and start over, click the "Reset" button.
- View the transcript for a particular course by clicking on the course name. A pop-up window will display the course-specific information. Fill in the form and click "Save." Once submitted, each self-report will be reviewed within five business days.

AIA CES transcripts constitute a six-year history of each member's continuing education credits. We recommend that members keep course materials and documentation of course completion for six years. These materials will be useful if a member's CES records are audited by AIA or a state licensing board.

Self-Reported Activities

In order to improve the level of quality and consistency of continuing education programs eligible for HSW credits, effective January 1, 2012, AIA members will no longer be permitted to self-report HSW credits. Only AIA Registered Providers can report such credits. If a provider is negligent in reporting credits to AIA, AIA recommends that the member contact the provider.

To be eligible for credit, self-reported activities must be planned educational activities that provide new knowledge that can be applied toward the member's practice of architecture. Members may self-report online, and calculate learning units hours for self-reported activities by reporting the number of hours spent in architecture-related education.

Self-Designed Activities

Self-designed learning activities are organized by an AIA member to meet specific individual needs. A self-designed activity frequently involves more than one type of medium or method of delivery, such as research, reading, interviewing subject experts, researching with Internet search engines, listening to CDs, podcasts, or viewing videos. To determine what activities qualify for self-reporting, the following questions should all have an affirmative response:

- · Is this a planned learning activity directly applicable to the field of architecture?
- . Is this activity intended to be educational?
- Are you acquiring new knowledge or are you sharing your knowledge with others?
- Will you be able to apply this new knowledge to your practice?

Examples of acceptable categories for self-reporting Self-Designed or -Structured, or Professional Community Service activities include:

- Authorship
- · Edited or peer-reviewed works
- · Structured courses from a non-CES provider
- Professional Community Service where the experience or expertise of the architect is sought
 - o Boards, panels, commissions, committees, etc.
 - o Planning commission, Habitat for Humanity, etc.
 - o Board of Architect Examiners
- · Business and firm management
 - o Financials
 - o Staffing
 - o Risk management
- Business insurance
- · Contracts where the primary beneficiary is the architect or firm
- · Workplace culture
- Project management
- Client management
- Technology
 - Acquisition and training on new software, such as BIM, Specifications, 3D Rendering, Firm or Project Management, Construction Administration, etc.
- Academics
 - o Research, lecturing, or guest lecturing in an academic environment
 - o Prep time for teaching architectural related topics
 - o Other academic for-credit activities taken after earning a first

- Independent intellectual endeavors and/or projects that enhance the member's overall knowledge of architecture in some way
 - o Structured architectural tours

Examples of non-acceptable categories for self-reported activities include:

- · mentorship or supervision for IDP
- · volunteer work not related to the practice of architecture
 - o general association committee work
 - o association board service
- · casual reading
 - o Books and articles, even those related to architecture
- · non-structured time spent studying for exams
- · time spent taking exams

Self-reported activities are submitted online via CES Discovery.

Frequently Asked Questions

What is the relation between HSW and state MCE?

Both AIA and state licensing boards with mandatory continuing education requirements base their courses on the contact hour. The state of Colorado requires 12 HSW contact hours per year. The AIA CES program also requires a minimum of 12 contact hours of HSW from a structured provider. Due to the quality assurance issues, AIA does not accept self-designed activities for HSW credit; however, a member may choose to submit those directly to his state licensing board.

Am I supposed to add my LU and HSW hours together to meet the requirements?

No. The HSW column on your transcript simply shows how many of your total learning units are related to HSW. The annual requirement is 18 LUs, of which a minimum of 12 must be related to HSW. Twelve hours is the minimum requirement for HSW but those numbers may be exceeded.

Member Continuing Education Audits

AIA CES conducts an annual audit of members' transcripts. Members who do not complete the calendar year's annual requirement of general LU/HSW are subject to a random audit, in which auditors review the transcript for the minimum number of credits. Members' credits are calculated as follows:

Overage from previous year + audit year + current year

Credits earned in the current year that apply toward the previous year's requirements are not subtracted from the current year's totals. If a member is randomly audited for the audit year's requirements and the credits are not completed by September 30, of the current year, the member is not eligible for membership renewal until nine new credits dated October 1, of the current year or later are completed.

Member activities are randomly reviewed throughout the year to ensure compliance. If a member attended the same course twice within three years, one of the courses is removed from the transcript. A course title self-reported by a member that does not indicate a relevance to architecture will probably be rejected.

Continuing Education Requirements in the State of Colorado

Senate Bill (SB) 08-029, regarding continuing education and continuing competency for architects renewing their licenses in the state of Colorado, was passed into law in spring 2008 and went into effect on January 1, 2009.

Effective January 1, 2012, the Department of Regulatory Agencies (DORA) CE (continuing education) requirements for license renewal changed to align with the new national NCARB model. The purpose is to ease the burden on those licensed in multiple jurisdictions and increase the standardization of continuing education requirements. Major changes in Colorado include the following items.

 Professional Development Units (PDU) are now referred to as Continuing Education Hours (CEH). Please refer to Board Rule 4.9.3.1.2.4 in the Bylaws and Rules document.

- The credit required is a minimum of 12 CEH per calendar year for a total of 24 CEH during the renewal year, Please refer to Board Rule 4.9.3.1.2.5 in the Bylaws and Rules document.
- No carryover credit will be allowed from prior renewal periods. Any CEH gained prior to 2012 cannot be used toward the renewal of the October 31, 2013, license and CE requirements. Please refer to Board Rule 4.9.3.1.2.7 in the Bylaws and Rules document.
- The Health, Safety, and Welfare subjects within which you may take CEH are defined more specifically. Please refer to Board Rule 4.9.3.1.8 in the Bylaws and Rules document.
- Documentation must be retained for six years instead of five. Please refer to Board Rule 4.9.3.1.2.14 in the Bylaws and Rules document.
- An exemption for required CE has been added for those who are called to federally funded active military duty for more than 120 days within a renewal cycle. Please refer to Board Rule 4.9.3.1.2.15 in the Bylaws and Rules document.

The current renewal period ends October 31, 2013, and all Licensed Architects: in the state of Colorado will need to earn 24.0 HSW CEH (12.0 HSW CEH per calendar year). Any credit earned prior to January 1, 2012 will not be accepted for the current renewal period.

The following are a few recent policies the Board adopted to deal with some of the confusion in regards to compliance with the CE requirements.

40.14.1 – CE Requirements if Licensed by Endorsement. An architect licensed in Colorado by endorcement between January 1, 2013 and June 30, 2013, and:
(a) Initially licensed in their endorsing state in 2013 shall not be subject to the requirement in Rule 4.9.3.1.2.5 for 12 Continuing Education Hours (CEH)s in calendar year 2012. Such licenses shall be responsible for completion of 12 CEHs in calendar

year 2013; or,
(b) Licensed in their endorsing state prior to 2013 shall be responsible for completion of
12 CEHs in the calendar year 2013, provided that the licensee completed the endorsing
state's continuing education requirements for calendar year 2012.

40.14.1.1 – An Architect licensed after June 30, 2013 is not subject to the 2013 license renewal process or the 2013 Continuing Education requirements in Rule 4.9.3.1.2.

40.14.2 – CE Requirements for 2013 Renewal Cycle ONLY. Architects whose license expire on October 31, 2013 will be allowed to renew to an active status if they comply with the continuing education (CE) requirements of Board Rule 4.9.3.1.2 by one of the following:

(a) Tweleve (12) hours of compliant CE completed in calendar year 2012 and 12 hours to be completed in calendar year 2013, or,

(b) Twenty-four (24) hours of compliant CE to be completed in calendar years 2012 and 2013 combined. This policy is strictly applicable to the 2013 calendar year license renewal cycle ONLY.

Following a learning activity (i.e., anything that counts for credit), architects must either complete the DORA CE structured report form or take a quiz or test. Architects must keep DORA forms on file for auditing purposes. Forms can be obtained from the DORA website and are provided at all AIA programs. (Note: AIA continuing education transcripts will not be accepted by DORA as documentation for completing the continuing education requirement.)

Subsequently, you may be audited; at which time you must provide proof that you have complied with the continuing education requirements outlined in the board rules and you will be required to submit completed documentation in the form of a Continuing Education Structured Form.

In order to assist its members in meeting this new state requirement, AIA Colorado will offer numerous continuing education programs across the state throughout the year. For more information about any of the continuing education programs, visit the website calendar at www.aiacolorado.org/events for the most up-to-date information.

AWARD RECIPIENTS

AIA COLORADO HONOR AWARDS

ARCHITECT OF THE YEAR

The Architect of the Year award is given to an AIA licensed architect "whose contribution to architecture in Colorado has been outstanding."

198	2 James Sudler, FAIA	1997	William Deno, FAIA
198	3 William Muchow, FAIA	1998	Gregory Franta, FAIA
198	4 Hobart Wagener, FAIA	1999	Morey Bean, AIA
198	5 Charles Sink, FAIA	2000	Harry Teague, AIA
198	6 Jerome Seracuse, FAIA	2001	Larry Yaw, FAIA
198	7 John Anderson, FAIA	2002	David Barrett, FAIA
198	8 Temple Buell, FAIA	2003	Cabell Childress, FAIA
198	9 Kenneth Fuller, FAIA	2004	Larry D. Jenks, AIA
199	O Rodney Davis, FAIA	2005	Dennis Humphries, AIA
199	 John B. Rogers, FAIA 	2006	no award given
199	2 Samuel Caudill, FAIA	2007	James S. Bershof, FAIA
199	3 Richard Crowther, FAIA	2008	Richard Von Luhrte, FAL
199	4 George Hoover, FAIA	2009	Brian Klipp, FAIA
199	5 Fredric A. Benedict, FAIA	2010	George Brelig, AIA
	(posthumous)	2011	Michael Brendle, FAIA
199	6 James Morter, FAIA	2012	Curtis Fentress, FAIA

FIRM OF THE YEAR

This award recognizes a firm that has contributed to the profession and set an example both in design and leadership in the state. This should be a firm that best represents the practice of architecture.

1991	Hoover Berg Desmond	2002	Aller-Lingle Architects, PC
1992	Klipp Colussy Jenks DuBois	2003	David Owen Tryba Architects
1993	Harry Teague Architects	2004	RB+B Architects, Inc.
1994	CW Fentress JH Bradburn & Associates	2005	Semple Brown Design, PC

2001	RNL Design	2012	no award given
			no and given

CONTRIBUTION TO THE BUILT ENVIRONMENT BY A NON-ARCHITECT

This award was established to recognize the outstanding accomplishments of a non-architect in Colorado for demonstrating exemplary achievements in contributing to the quality of the built environment. AIA Colorado intends to bring recognition to individuals from diverse backgrounds for their professional contributions to maintaining, preserving, developing or promoting Colorado's built environment.

1991	University of Colorado Boulder	2001	Mickey Zeppelin
1992	Town of Limon	2002	Mark W. Johnson, FASLA
1993	Aspen Community Plan	2003	no award given
1994	Don Logan of Stresscon Corporation and	2004	Thomas F. Ostenberg

Iniversity of
atholic Church

INNOVATIVE PRACTICES AWARD

This award recognizes outstanding innovation in the practice of architecture. Specifically, the award recognizes advances and innovations by architectural firms in technological applications; the role of the architect within the profession; innovation in regard to project delivery methods: innovation in office structure or management; and other innovations that create value. The principals must have been members of AIA Colorado for a minimum of five years.

2005	no award given
2006	no award given
2007	Davis Partnership Architects
2008	no award given
2009	Studio H:T
2010	Alan Ford, AIA
2011	no award given
2012	no award given

LEADERSHIP AWARD This award recognizes a member of AIA Colorado whose leadership through AIA or any public organization or forum within Colorado has resulted in better public awareness of the profession or more livable and sustainable buildings or communities.

no award given

Description

Arch 11 designs modern, contextual spaces in which people live and work at their best. We believe exceptional design informs and inspires through thoughtful detailing and nuanced siting. Since 1993 we've developed projects with "impossible" sites, budgets and structural parameters, while meeting the goals of diverse clients.

Description

Gensler's Denver office is among the largest design firms in Colorado. This year marks Gensler's 40th in the Rocky Mountain Region. Our Denver practice's core business has been office buildings and workplace interiors - this provides us the opportunity for the interior planning and the building design to constantly inform each other — resulting in highly effective overall design. With a multidisciplinary staff of 58 professionals including architects, graphic designers, interior designers, and other specialists, individual members of the design team are carefully selected to reflect the necessary skills for the scope and scale of each project. Clients work with designers they know, and over time the team is able to develop a thorough understanding of the clients' business objectives and priorities.

Description

Our architectural design process creates oneof-a-kind buildings with spaces that enrich each of our clients lives. Through blending the natural environment of each particular project site with the unique requirements of each individual client, our team can envision structures that truly inspire. The selection of building materials, systems and site orientation for each individual project will determine the level of its own sustainability within the context of the community.

Studio 2B

Denver, CO

Description

Studio H:T is a design studio that seeks to create buildings, objects, and environments that heighten the senses and celebrate the unique qualities of place. We seek imaginative clients and innovative projects that allow us to contribute to the local and global communities through design excellence. Asking and reasking the questions without blindly falling back to the stock answers is our effort to expose opportunities for innovation. It is through this innovation that we create places and functionality, which serve people, and in turn, better the lives of those who experience our environments.

Description

[au]workshop | architects+urbanists create quality, authentic architecture and catalytic urban, civic and commercial projects that sustainably invigorate neighborhoods and cities. With active architecture and master planning projects throughout the Western United States and Asia, architects Randy Shortridge and Jason Kersley founded the firm in 2013 after a combined 40 years of experience working on local, national and international projects. Helping clients realize their visions, striving to add value by elegantly organizing uses, creating great places and developing cost conscious design strategies are the basis of [au]workshop's mission.

Description

HMH Architecture + Interiors designs houses with beauty and functionality. An award-winning Boulder architect and interior design office, we want to stir the architecture community by creating what we call "Colorado Modern." Unlike the stereotypical modern design, we create environments that are warm and inviting. We design comfortable, sculptural spaces that elicit emotions from every corner. Whether large or small, and regardless of budget, a reverence for clean, non-fussy, green design leads the process. HMH has a relentless commitment to clearly defining and organizing every detail of a project before construction begins. This keeps the project on time and on budget. Plus, it ensures a process and product that is a joy for our clients.

 Observatory Place Condominiums Denver, CO

Description

Design Edge, PC, is a well diversified architectural and planning firm that provides professional design, planning and construction administration services to a wide range of clients. We believe that the best design solutions are a result of strong communications and dialogue between client/user and architect. The success of a project is directly measured in terms of the success of the client-architect relationship. Our practice combines the best available technologies, a highly qualified staff of design professionals and an unyielding desire to satisfy our clients.

- Fairway Lodge, Mountain Village Telluride, CO

Description

With offices in Aspen and Telluride, Colorado, the world of Brewster McLeod Architects is about creating architecture with the delicate balance of living art forms in their natural environments. The relationship we form with our clients transforms your dreams into reality. The goal of each design is to ensure all elements of our client's desires are expressed with stylistic insight and thoughtful living. The result is architecture set perfectly within the landscape creating the scenery, setting and soul for your home. Luxurious mountain estates, homes nestled against quaint streams and infinity pools at 8,000 feet become your world of living at Brewster McLeod Architects.

Description

Founded in 1994, Michael J.K. Olsen. Architects is a full-service design firm with experience in the design and production of a wide range of project types. These include: Commercial, Multi-use, Educational, Custom Residential, Multifamily, Senior Housing and Site and Master planning. The primary focus of our work involves mountain construction. however, our design philosophy allows us to solve problems in many contexts. We utilize the latest computer technology including Building Information Modeling and Energy Analysis Programs. As the principal of Michael J.K. Olsen, Architects, I am directly involved from the beginning of design until construction has been completed. Our emphasis is on providing a personalized, responsive design service that is receptive to you, our client.

Description

Rowland+Broughton Architecture and Urban Design is a Colorado-based architecture firm with studio offices in Aspen and Denver. Operating offices in the Roaring Fork Valley and the Front Range allows us to provide architectural services regionally and nationally in urban and mountain communities throughout the nation. Our firm provides residential, commercial, hospitality, interiors and urban design services that are sustainable and modern. R+B is a growing, boutique design firm that is comprised of AIA registered architects, ASID interior designers and other highly qualified professionals that value leadership, sustainability, service and design. As a Colorado-award winning architectural firm we take our position seriously by serving on city commissions, non-profit boards and professional association committees.

ACOUSTICAL CONSULTANTS

acoustics | performing arts | technology

D.L. Adams Associates, Inc.

David L. Adams 1536 Ogden Street Denver, CO 80218 P: 303-455-1900

F: 303-455-9187

www.dlaa.com denver@dlaa.com

We provide consulting and design services in architectural acoustics, including acoustical analyses of spaces, sound isolation, impact noise isolation and HVAC system noise and vibration control engineering. We conduct environmental noise impact studies and provide recommendations for controlling machinery noise and vibration. We also provide industrial noise investigations and develop recommendations for reducing noise in the work place. Projects include concert halls, educational facilities, auditoria, theatres, office buildings, multi-family dwellings, manufacturing facilities, arenas, stadiums, etc.

See our display ad on page 8.

ARCHITECTURAL METALS

Sigma Metals, Inc.

Brad Brunk
3575 Chelton Loop South
Colorado Springs, CO 80909
P: 719-574-2280 F: 719-574-1925

www.sigmametals.com brad@sigmametals.com

Serving the Colorado Springs area since 1986, Sigma Metals has earned the respect as a premier fabricator and supplier of architectural metal works. We are known for our ability to create lasting art pieces, railings, gates or door guards. Our stainless steel, aluminum, bronze and traditional metal pieces showcase our artistic prowess and will leave a lasting impression. In addition, we are also a fabricator of structural steel for commercial and residential buildings.

ARCHITECTURAL WIRE

Creative Wire Specialties

Stu Jensen 3323 Moline Street Aurora, CO 80010 P: 303-227-4393 F: 303-288-4736

sjensen@creativewirespecialties.com

Creative Wire Specialties offers woven wire, welded wire, perforated plate and expanded metal to meet your architectural design needs. Applications include accents, ceilings, dividers, enclosures, fencing, gates, panels, parking garages, railing infill, signage and screens just to name a few. Free estimates provided. Visit www.creativewirespecialties.com for application photos.

AUDIO-VISUAL SYSTEM DESIGN

acoustics | performing arts | technology

D.L. Adams Associates, Inc.

David L. Avdams 1536 Ogden Street Denver, CO 80218 P: 303-455-1900

F: 303-455-9187

www.dlaa.com denver@dlaa.com

Consultation and design services for audiovisual/video and presentation systems (programming, cost estimating and complete system designs). Projects include public, government, corporate, schools, universities, medical facilities, entertainment venues, etc. Our designs are based on your technical needs and your budget. Systems might include multi-media presentations, video-conferencing, distance-learning, tele-medicine, etc.

See our display ad on page 8.

CUSTOM HOME BUILDING

Buckingham Resources LTD

A&P is honored to partner with AIA Denver in support of the Blue Spruce Habitat for Humanity project in Kittredge, Colorado.

A&P is partnering with Blue Spruce Habitat for Humanity assisting with construction management of the project. The A&P team, with our subcontracting partners, raised more than \$100,000 in donations of cash, labor and materials. Donations have allowed upgrades in the habitat house, including the use of structural insulated panels and other energy-efficiency upgrades.

In addition to donations, A&P staff, suppliers and subcontractors are donating time and labor on the jobsite to build this project alongside the homeowner, AIA and other Habitat volunteers. This house is the AIA Denver Showcase Project at the 2013 AIA National Convention in Denver, Colorado.

Front Range Insurance Group, LLC

"EXPERTS IN INSURANCE AND RISK MANAGEMENT FOR ARCHITECTS & ENGINEERS FOR OVER 28 YEARS"

Sustainable design now comes with an added layer of protection.

New Sustainable Projects Documents let you design sustainably while helping shield your business from risk.

The Industry Standard is now the green standard. Introducing AIA Contract Documents' all-new Sustainable Projects (SP) Documents, a coordinated set of documents and contracts for use on traditional A201 family design-bid-build projects. The new sustainability-focused contract documents help mitigate your professional risks by addressing the unique issues specific to green projects. AIA Contract Documents continue to be easy-to-use, widely accepted, and fair and balanced for all parties involved.

Learn more and view sample documents at www.aia.org/greendocs or call 800-242-3837.

LEARN MORE AT BUILDWITHPROPANE.COM/VALUE

Demand for propane-fueled homes is on the rise, so it's critical that you understand the different ways it can be used. After all, knowledge isn't just power, it's also profit.

INTERACTIVE TOOLS:

Use the interactive tools to get a real-world demonstration of the impressive energy savings, carbon reduction, and high performance that building with propane allows.

ENERGY CALCULATOR:

Estimate yearly costs for different heating systems along with their emissions output.

PROPANE ENERGY POD:

Explore a home's five key areas of energy use—space heating, water heating, cooking, fireplaces, and clothes drying—as parts of a whole-home energy package.

VIRTUAL HOME TOUR:

Explore how propane offers measurable and marketable advantages in every room of a house, new or old.

FREE CONTINUING EDUCATION CERTIFIED TRAINING:

Approved by the AIA, NAHB, NARI, and USGBC, earn credits with these online and print courses while learning about propane products, applications, and installation specifics.

FIND A PROPANE RETAILER:

Enter a zip code, select the areas of service you need assistance with, and get instant results for propane retailers nearby.

Scan here for Instant access. buildwithpropane.com/value

imagine it so thin and lightweight that it adapts seamlessly to both horizontal and vertical applications. You are picturing the porcelain slab called **Fiandre**Maximum, a new marvel that bridges the gap between tile and slab. Come see what we mean at our CAPCO showrooms.

1.800.727.2272 capcotile.com

Colorado's largest locally-based tile and stone distributor.

8 Convenient Locations — Denver · Boulder · Colorado Springs · Fort Collins · Avon/Vail · Carbondale/Aspen · Grand Junction · Silverthorne

For the best results, CAPCO recommends the use of professional design and installation.
