## Still buying building

#### Only one company can provide fully-integrated building envelopes.

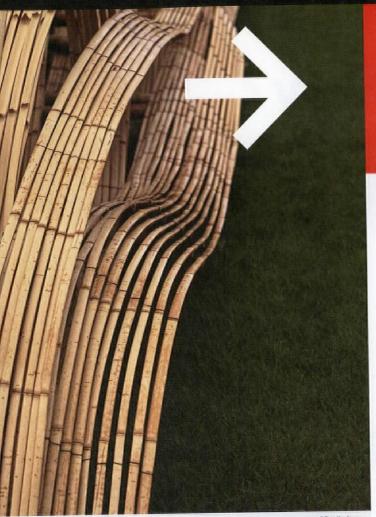

An automobile is a complex machine made up of thousands of parts. You would never order an automobile one part at a time, so why specify a building envelope that way? We are the only manufacturer that designs, engineers, tests and manufactures curtain wall, windows, storefronts, skylights and glass seamlessly from one source. So let's build better, faster, with less risk, more reward—we're The Building Envelope Company.™ Call 1-866-Oldcastle (653-2278) or visit oldcastlebe.com. See us at the AIA Convention, booth #2503.

#### **Reserved Seating for Seminars**

You have a guaranteed seat for continuing education seminars—provided you registered in advance and arrive at the classroom at least 10 minutes before the program begins.

Registering in advance for your preferred seminar does not obligate you to attend that particular seminar. If any seats for a seminar remain unclaimed 10 minutes before it begins, then attendees who did not pre-register will be admitted on a first-come, first-seated basis.

#### **Resource Materials**

Supplemental materials for seminars have been provided by convention speakers, and can be viewed and downloaded from the convention Web site, www.aia.org/convention.

Use the "Program Search" to find the specific convention program, and click to view the description. The link to view materials is found in the description footer.

In addition, materials can be accessed through the convention app.

#### About the AIA

Since 1857, the American Institute of Architects has represented the professional interests of architects. As AIA members, more than 81,000 licensed architects, emerging professionals, and allied partners in design express their commitment to excellence and livability in our nation's buildings and communities.

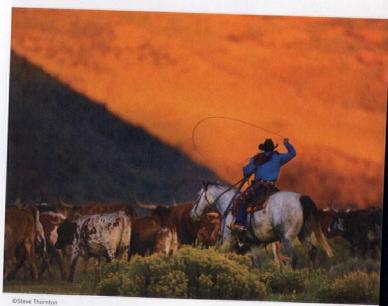

Members adhere to a code of ethics and professional conduct that assures the client, the public, and colleagues that an AIA-member architect is dedicated to the highest standards in professional practice. Learn more about the AIA at www.aia.org.

#### Sustainable Meetings

The AIA has advanced opportunities to incorporate environmentally sustainable principles into the planning of this convention. Cited as one of the greenest meetings in North America by the Green Meetings Industry Council, the AIA convention green principles have been coordinated with vendors, hoteliers, convention facility, and all service providers.

The AIA strives to offset 100 percent of the convention CO2 emissions. You can help by recycling throughout the convention center and offsetting your travel with our partner Carbonfund.org.

### WELCOME

The 2013 AIA Convention theme "Building Leaders"—Leadership for Architecture; Leadership Beyond Architecture—is more than a catchy phrase. It's the outcome of a commitment to spark a national discussion about the value of architecture and the important role architects play as visionary leaders who make the world a better place.

Architects know that what we do touches everyone. Design provides society with the tools to meet human needs, and just as importantly defines what we value and the legacy we leave to future generations. Design is a forum in which all Americans can engage in a national conversation about our country's quality of life and the health of our planet. But who leads that conversation? Who defines the agenda?

It has to be us in partnership with those who share our values, our vision, and our aspirations. We have to expand our role as "Citizen Architects" advocating for more livable, healthy, productive, and sustainable communities. That's the challenge of leadership. Answering the call of that challenge is why literally thousands of design professionals have come to Denver, the largest gathering of its kind in the world.

As a boom town, Denver could have fallen victim to the chaos of unplanned development. Instead, the young city looked to design professionals to lay out streets filled with sunlight and create over 200 parks. What had once been a dry plain was transformed into the lush green oasis that is today's Denver, a leader in environmental initiatives that promote sustainability.

Stories like this speak to the dreams, beliefs, and ideals of people everywhere. As we'll hear in convention workshops and seminars, as we'll see on the tours of Denver's places made special by design, as we'll discover from the men and women whose leadership we will celebrate, ours is a story not only of inspiration, but of a quality of hope, action, engagement, and compassion that makes a positive difference. All achieved through leadership.

We've come to Denver to connect and learn from one another—from small practices to large, from firm principals to emerging professionals. We gather to re-energize our profession and the professional community that represents us, the AIA. We'll take this opportunity to acquire new skills to be ambassadors for promoting excellence in architecture. We'll increase the public awareness of the power of design by celebrating architects who inspire us to think far beyond where we have been thinking before.

Welcome to Denver where the air is rarer; the view farther; the sky more blue; the dreams for the future of our profession and more livable, healthy, productive, and sustainable communities bolder than ever. Imagine a better world made real by architects. That's our story, the story we'll take back to our firms, our clients, and our communities. Together, let's dare to be leaders who make a difference!

#### Blake Mycoskie Founder, TOMS

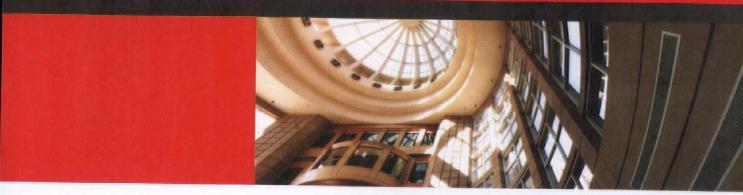

Opening keynote speaker Blake Mycoskie will offer his vision of humanitarian-based entrepreneurial leadership-inspiring us to be leaders in our firms and communities. He believes in the power to inspire young peop to help make tomorrow better, encouraging them to include giving in everything they do. His hope is to see a future full of social-minde businesses and consumers.

Blake Mycoskie is the Founder and Chief Shoe Giver of TOMS, which has given over two million pairs of new shoes to children in need since it began in 2006.

TOMS humble beginnings happened unintentionally. While traveling in Argentina in 2006, Mr. Mycoskie witnessed the hardships faced by children growing up without shoes. His solution to the problem was simple, yet revolutionary: to create a for-profit business that was sustainable and not reliant on donations. Mr. Mycoskie's vision soon turned into the simple business idea that provided the power foundation for TOMS.

In the fall of 2011, Mr. Mycoskie released his first book, Start Something That Matters, offering his own amazing story of inspiration, and the power of incorporating giving in business. He references other companies and individuals who have been motivated and inspired to integrate philanthropy into their professi as well as their personal lives. The book became a New York Times best seller. More importantly, it is his hope that Start Something That Matters inspires others to turn their passion and dreams into a reality.

Mr. Mycoskie's unique approach to business has awarded him with numerous accolades. In 2009, he and TOMS received the Secretary of State's 2009 Award of Corporate Excellence (ACE). At the Clinton Global Initiative University plenary session, former President Clint introduced him to the audience as "one of the most interesting entrepreneurs (I've) ever met." People Magazine featured him in its "Heroes Among Us" section, and TOMS Shoes was featured in the Bill Gates Time Magazine article "How to Fix Capitalism." In 2011, Mr. Mycoskie was named on Fortune Magazine's "40 Under 40" list recognizing him as one of the top young businessmen in the world

#### Cameron Sinclair Co-founder, Architecture for Humanity

On day two of the convention, keynote speaker Cameron Sinclair will explore the core passion of our profession—the desire to leave the world better than we found it. He sustains his passion for helping improve the world, one project at a time, by tapping into the skilled enthusiasm of like-minded architects around the world.

ameron Sinclair, co-founder of Architecture for Humanity, was ained as an architect at the University of Westminster and at the artlett School of Architecture, University College London. During is studies, Mr. Sinclair developed an interest in social, cultural, and umanitarian design. His postgraduate thesis focused on providing nelter to New York's homeless through sustainable, transitional ousing. After his studies, he moved to New York where he worked s a designer and project architect.

2006, Mr. Sinclair and Architecture for Humanity co-founder Kate ohr compiled a best-selling book Design Like You Give A Damn: chitectural Responses to Humanitarian Crises, following up in 2012 ith Volume [2]: Building Change From the Ground Up. He is heavily volved in bringing socially relevant building into academia and erves on advisory boards of the Acumen Fund, the Institute for ate Effectiveness, and the Ontario College of Art and Design.

r. Sinclair is a TED prize recipient and is a Young Global Leader the World Economic Forum. In 2008, Architecture for Humanity nd its co-founders were named as recipients of the Design Patron vard for the National Design Awards. The following year, both Mr. nclair and Ms. Stohr were jointly awarded the Bicentenary Medal the Royal Society of Arts for increasing people's resourcefulness.

a result of the 2006 TED Prize, Architecture for Humanity unched the Open Architecture Network, the world's first open urce community dedicated to improving living conditions through novative and sustainable design. Every two years this network sts a global challenge to tackle a systemic issue within the ilt environment.

#### General Colin L. Powell, USA (Ret.) Secretary of State (2001-2005)

Closing keynote speaker General Colin L. Powell, USA (Ret.) will lay out some of the risks and rewards of being a leader—challenging us to go back to our communities to lead the way forward.

The wisdom contained in his stories about how to develop and sustain personal leadership will inspire and instruct.

The son of Jamaican immigrants, General Colin L. Powell, USA (Ret.) was born in Harlem in April 1937 and was raised in the South Bronx. He was educated in the New York City public schools and, after graduating from Morris High School, attended the City College of New York where he earned a B.S. in Geology. It was not until he joined the Army ROTC program at CCNY that he discovered his calling and launched his military career. He received a commission as an Army second lieutenant upon graduation in 1958 and went on to serve in the United States Army for 35 years, rising to the rank of Four-Star General.

From 1987–1989, Mr. Powell served as President Ronald Reagan's National Security Advisor. He served from 1989–1993 as Chairman of the Joint Chiefs of Staff for both President George H.W. Bush and for President Bill Clinton, and was not only the youngest officer and first ROTC graduate to ever serve in the position but also was the first African American to do so. During his time as Chairman, he oversaw 28 crises to include the Panama intervention of 1989 and Operation Desert Storm in the victorious 1991 Persian Gulf War.

Under President George W. Bush, he was appointed the 65th Secretary of State and was unanimously confirmed by the U.S. Senate. As Secretary of State, he led the State Department in major efforts to address and solve regional and civil conflicts—in the Middle East, Sudan, Congo and Liberia, in the Balkans, Cyprus, Haiti, Northern Ireland, Afghanistan and Iraq, and elsewhere. In all areas, he used the power of diplomacy to build trust, forge alliances, and then help transform these unstable regions into areas where societies and cultures have the potential to prosper. He also worked at the forefront of American efforts to advance economic and social development worldwide.

He is the Founder of the Colin L. Powell Center for Leadership and Service, which seeks to develop a new generation of publicly engaged leaders. He is the Founder and Chairman Emeritus of the America's Promise Alliance, dedicated to forging a strong and effective partnership alliance committed to seeing that children have the fundamental resources they need to succeed.

Mr. Powell's autobiography, My American Journey, was a best-seller and has been published in more than a dozen different languages. His second book, It Worked for Me, was an instant New York Times best seller and reveals the lessons that shaped his life and career.

#### Infinite Energy AIA Colorado Host Chapter Party

Friday, 7-10 p.m., \$130

Host Chapter Party Premier Sponsor: Haselden Construction

Come experience the boundless potential of Colorado within the expanse of the renowned Denver Performing Arts Complex! Whether it's the renewing power of the Colorado sun, the creativity of its entrepreneurs, or the artistic endeavors of its citizens, Infinite Energy represents the power and capabilities of Colorado in all its forms. Soak up some of that inspiration as AIA Colorado presents a sampling of the state we are proud to call home.

From performance artists and music to homegrown food and drink (plentiful if not inestimable), the endless range of Colorado inspiration will be on display. The vast galleria space of the second-largest performing arts center in the world will be transformed, welcoming those lucky enough to be immersed in, and energized by, the limitless loop of the Colorado experience.

Infinite Energy—a night so big we needed the longest day of the year to even try to contain it!

The complex is located directly across the street from the convention center, so no transportation will be provided. Attendees can access the complex from the entrance on 14th Street or from the pedestrian bridge that connects the complex and the convention center on Curtis Street.

This event is casual dress or better, but be aware that uneven surfaces and grass are present in the venue.

#### AIA Colorado and AIA Denver Legacy Project

#### Design-Build Home for Blue Spruce Habitat for Humanity

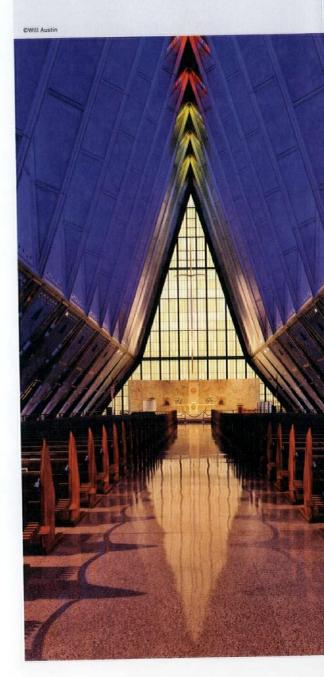

The legacy project was created to gain public awareness of the importanceof architecture, and give back to the community in honor of the convention coming to town. This year, AIA Colorado and AIA Denver have partnered with Adolfson & Peterson Construction and have chosen to design and build a home for Blue Spruce Habitat for Humanity as our legacy project.

AIA Colorado and AIA Denver began working on this project, which is projected to earn LEED Platinum certification, in 2011 with the following goals:

- to make sustainable design and building practices available to "the other 90 percent" and demonstrate that sustainability is not a luxury
- to enable multiple organizations, AIA Colorado and Habitat for Humanity, to form a partnership for the greater good in hopes that other similar partnerships can result
- to create a sustainable benchmark for Habitat for Humanity of Colorado and Blue Spruce Habitat for Humanity
- to promote the design profession and the value of AIA architects in the community

Please stop by the AIA Colorado gallery in Lobby A to learn more about this amazing project, make a donation to help see the project to completion, and recognize the generous donors who have made this project a reality!

Experience the AIA Colorado/AIA Denver Legacy Project for yourself. Tours are being offered daily of the building site (ET117). A session by the winning design team takes place on Saturday at 8:30 a.m. (SA208).

#### **Procedures for Business Meetings**

The major items of business are:

- · nomination of Institute officers
- bylaws amendments and other official business
- resolutions
- annual report of the treasurer

Each of these items is printed or otherwise reported before or during the convention. Resolutions and the text of proposed Bylaws amendments are printed in the Delegate Information Book and sent to all component officers and members who request it. Notice of proposed Bylaws amendments and matters of official business are reproduced in advance in AlArchitect and Architect, and complete copies are available at the convention. Each subject will be brought to the floor in the order stated in the business program, except when otherwise announced in advance or agreed upon by the delegates. The following actions may be taken at business meetings:

- The material in officers' reports may be commented upon or questioned for clarification when these reports are placed before the delegates. Resolutions pertaining to these reports must be presented as new business.
- Nominations by petition closed on April 19, 2013. Nominations from the floor will be called for at the business meeting following the opening keynote presentation on Thursday, June 20, and those nominations will then be closed.
- Bylaws amendments and most other official business matters will be moved by the secretary and placed on the floor for discussion, amendment, and final action.
- Resolutions submitted to the Resolutions Committee will be placed on the floor by the Resolutions Committee chair. Those resolutions and any others will be open for discussion, amendment, and final action.

#### The Convention App

There are over 200 convention programs and more than 700 exhibitors to keep track of; yet, it's never been easier to keep up with what's app-ening. Download the convention app to your Smartphone or tablet, and you'll have quick access to your convention schedule, programs, and exhibitors.

#### My Schedule

Bookmark any convention program or arrange to meet with an exhibitor. With a quick click, it automatically gets saved to your personal schedule.

#### Program Search

Find available convention seminars, tours, and events easily. Search by day, program type, or speaker. View supplemental resource materials for education seminars.

#### **Exhibitors**

Search for exhibitors in alphabetical order or by product category, and set a bookmark reminder to stop by their booth. Tap on the booth number, and you'll see their location on an expo floor map.

#### **Download Your Copy**

Available for iOS (iPhone, iPad, iPod Touch) from the Apple App Store and Android from Google Play.

#### NEIGHBORHOODS

#### **ARCHITECT Live**

#### **BOOTH 958**

The broadcast center of the convention is a collaboration of the editorial resources of Hanley Wood—ARCHITECT, ECOHOME, ECOSTRUCTURE, residential architect magazines—and the American Institute of Architects. Leading thinkers and industry watchers will provide insights and ideas about the world of architecture. Watch interviews and discussions in-person or on television monitors located throughout the Colorado Convention Center.

A schedule of ARCHITECT Live sessions is posted at the studio.

#### **Emerging Professionals Town Square**

#### BOOTH 3319

Part lounge, part hang out, part career center, and part studio, the Emerging Professionals Town Square is a special corner of the convention—not just for young professionals and students, but for all attendees.

Let other forms of design inspire you. Preview the new design direction for Starbucks retail outlets; explore color, form, texture, and light transmission in fused art glass by Helen Rudy; and discover a rolling work of art in Connor Wood Cycles, hand-sculpted wood bicycles.

Representatives from architecture firms will offer individualized career planning counsel. You can also work with a team of video résumé professionals to produce your own short video résumé.

#### Apps for Architects

Throughout the day, explore more than 50 apps that can help you work smarter and faster; or meet Andrew Hawkins, AIA, LEED AP BD+C, as he introduces select apps in daily 30-minute presentations.

The AIA Town Hall offers a respite—a place for attendees to meetup, catch-up, or check-in to see how things are going at the office. It also offers an opportunity to talk to AIA National staff members, so you can learn more about the products and services available to customize and maximize your AIA membership. Representatives from AIA Advantage, AIA Knowledge Communities, AIA Trust, AIA.org, Diversity and Inclusion, Economics and Market Research, Government Advocacy, and Membership are here.

#### **AIA Colorado Lounge**

#### BOOTH 919

Stop by the lounge to network with colleagues and participate in fun activities that are themed to present a taste of Colorado traditions. Relax, recharge, and renew your spirit during the long days of convention activities, and learn more about what the AIA Colorado component is all about.

#### AIA CONTRACT DOCUMENTS

#### **BOOTH 1958**

Thanks to feedback by design and construction professionals like you, the new AIA BIM and other Digital Practice documents are better than ever. Come to the AIA Contract Documents booth, and learn why the new versions are the Industry Standard, and why you should use them in your practice. As always, AIA Contract Documents staff will be on-hand to answer your software and contract documents questions.

15-minute Expo Education programs will be presented. Review the schedule on page 96.

## The New Marks of Leadership

The most trusted name in safety is making its mark on sustainability. UL Environment certifications, like GREENGUARD and ECOLOGO®, provide differentiation in the marketplace and third-party verification that a product is healthier and more sustainable. And, with a wide variety of science-backed standards, UL can give your products a clear competitive edge. Recognizable certifications, new marks, greater confidence.

#### 2014 AIA Convention: Call for Educational Proposals

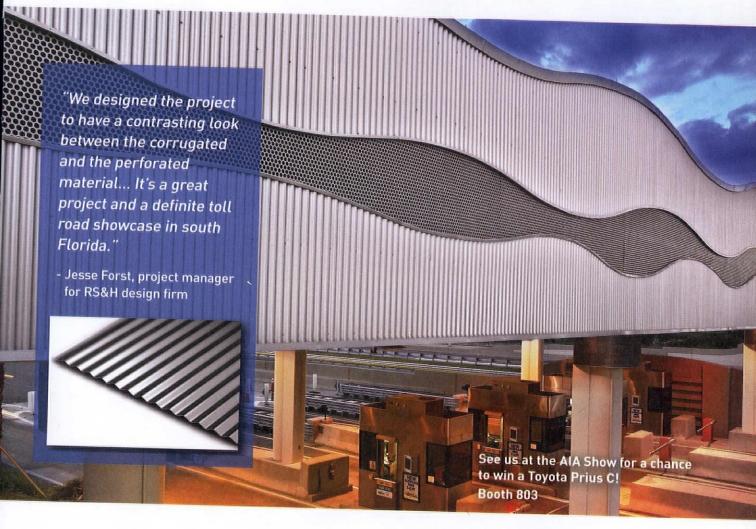

#### www.aia.org/conventionpresentations

We invite subject matter experts who can engage and connect with the design community in support of the Institute's repositioning initiative to submit a proposal for an educational program at the 2014 AIA National Convention in Chicago, June 26-28.

The submission site closes on July 1. This date will not be extended, so interested presenters must prepare their abstract quickly.

# ZIP up a tighter envelope.

Protect your projects from the elements, with ZIP System® sheathing. Our all-in-one structural panels with a built-in water resistive barrier combined with our specially designed ZIP System™ tape guard your buildings from moisture damage during and after construction. This continuous water and air barrier also improves energy efficiency by significantly reducing air leakage. And panels go up quickly for a stronger, drier, faster seal − creating the ideal building envelope.

ZIP up your next project. ZIPsystem.com/AIA6.

# CONTINUING EDUCATION

# MANDATORY CONTINUING EDUCATION REQUIREMENTS

The AIA continuing education requirement enables members to fulfill state licensing requirements for most states. AIA members are required to satisfy a minimum of 18 Learning Units (LUs) per year. Of this total, 12 must meet the health, safety, and welfare (HSW) criteria.

#### Health, Safety, and Welfare (HSW)

The AIA and the National Council of Architectural Registration Boards (NCARB) have collaborated to ensure that the content of the seminars and tours for this year's convention meet the health, safety, and welfare criteria agreed to by both organizations.

#### Sustainable Design

Recognizing that sustainable design practices have become a mainstream design intention in the architectural community, the AIA Board of Directors voted to allow the sustainable design education requirement to sunset at the end of calendar year 2012.

Beginning in 2013, AIA members no longer need to complete the sustainable design requirement to fulfill their AIA continuing education.

#### American Disabilities Act (ADA) Programs

The AIA will have forms pre-populated with seminar information, and pre-approved by the California Architectural Board, for attendees licensed in California or Texas who need to submit proof of earning ADA credit for licensure. These forms will be available with resource materials for each course and can be downloaded from the convention Web site, www.aia.org/convention.

#### The Green Building Certification Institute (GBCI)

Many continuing education programs have been approved for GBCI CE Hours for LEED Professionals. If you provided your GBCI number during registration, simply make sure your badge gets scanned when you arrive at each session. The session number and the number of Learning Units (LUs) will be recorded in an electronic database when you scan your badge. Your credits will be reported to both the GBCI and the AIA.

#### Intern Development Program (IDP)

Interns may earn IDP Supplemental Experience hours by completing approved AIA continuing education programs. 1 AIA Learning Unit (LU) is equal to 1 IDP Supplemental Experience hour. When submitting to NCARB, Learning Units must be documented on the intern's AIA transcript. Any intern in the Intern Development Program can request a free AIA transcript on the AIA.org Web site, www.aia.org/freetranscriptsforinterns.

#### LEARNING UNITS

#### **Name Badges**

Your name badge is programmed to record attendance at continuing education programs, including educational tours and show floor education.

Continuing education records for eligible participants will be transferred to your CES membership transcript immediately following the convention. Printouts of individual convention continuing education records will be available the following day using self-service kiosks located near the AIA Continuing Education System area in Lobby B.

#### **Badge Scanning**

To earn AIA continuing education Learning Units (LUs), you must scan your name badge within

- the first 15 minutes of each half-day workshop
- · the first 15 minutes of both the morning and afternoon sessions of each full-day workshop
- · the first 10 minutes of each 60-minute seminar
- · the first 15 minutes of each 90-minute seminar

For educational tours, your name badge must be scanned within 15 minutes prior to the listed tour departure time.

If you do not scan your badge during the designated times, your credit will not be recorded. Multiple badge scans in any one session will automatically reject prior credit in the same time period. Only the last session attended will be recorded.

#### Credit

Follow these steps to attend continuing education programs and receive the appropriate credit.

- Identify your membership category, and pay the applicable convention registration fee.
- Wear your badge prominently at all times. You will need it to gain entrance to all continuing education programs.
- Scan your badge outside each classroom at approved sessions or in the tour departure area according to the Badge Scanning schedule.

#### Transcript and Credit Requests

We recommend that you review your CES membership transcript online after you return home to confirm we have an accurate record of your attendance. Report discrepancies in writing to conventionfeedback@aia.org.

Transcripts are maintained for AIA members only; certificate letters of completion for nonmembers are available on request in writing to conventionfeedback@aia.org.

#### Convention Education Transcript Questions

If you participated in a course that does not appear on your transcript, let us know the discrepancy by sending an e-mail request to conventionfeedback@aia.org. We will address your question within three weeks.

Please include the following in your request:

- · Name as registered
- Registration ID or AIA member number
- Convention program (code and title)

#### CONTINUING EDUCATION SYSTEM

Information on the AIA Continuing Education System (CES) is available during registration hours at the AIA Continuing Education System area in Lobby B.

#### CONVENTION EDUCATION

#### **Keynote Presentations**

Join us at the daily keynote presentations where AIA members come together to shape the future of the profession with the event's most sought-after speakers. Central to the convention, the keynotes are presented by high-profile experts who generate the most invigorating sessions.

#### **Preconvention Workshops**

On Wednesday, attend either half-day (3.75 LUs) or full-day (7.5 LUs) preconvention workshops facilitated by industry knowledge experts. Additional fee.

#### **Public Architects Workshop**

This preconvention workshop explores the roles and responsibilities of architects who are involved in the design of public buildings, as well as some of the latest ideas in public architecture. Additional fee.

#### Seminars

#### Reserved Seating for Seminars

You have a guaranteed seat for continuing education seminarsprovided you registered in advance and arrive at the classroom at least 10 minutes before the program begins.

Registering in advance for your preferred seminar does not obligate you to attend that particular seminar. If any seats for a seminar remain unclaimed 10 minutes before it begins, then attendees who did not pre-register will be admitted on a first-come, first-seated basis.

All courses available for credit will be marked with a LU or HSW/LU designation. Those courses that also qualify for ADA or GBCI credit will be marked as such.

#### **Educational Tours**

AIA Colorado has arranged more than 40 educational tours that provide opportunities to explore the diverse architecture of the Mile High City and its surroundings, and allow you to earn between one and five LUs. Tour times are actual time spent, including transportation. Learning units represent the education time for the tour. Additional fee.

#### **Show Floor Education**

Continuing education opportunities extend to AIA Expo 2013. Many exhibitors will be presenting 60-minute education sessions in four CE Theatres and three Learning Labs. Each 60-minute session will earn 1 Learning Unit (LU) each. Some sessions qualify for health, safety, and welfare (HSW) credit.

Several exhibitors will be offering 15-minute Expo Education sessions within their booths. Attend four quarter-hour sessions to earn your first LU. Earn .25 LU hour for each subsequent program.

The Expo Pass registration package does not include show floor education programs. Most education programs in the CE Theatres and Learning Lounges have sold out through pre-registration.

#### RESOURCES

#### Resource Materials

Supplemental materials for seminars are available for viewing, downloading, and printing.

- · Go to the Convention Web site, www.aia.org/convention.
- · Use the "Program Search" to find the specific convention program, and click to view the description.
- Select the link to view materials in the description footer.

Unique Quick Response (QR) codes will be found on signage in each classroom. Use your preferred Quick Response app to scan the appropriate code, and view materials on your Smartphone or tablet computer. In addition, materials can be accessed through the convention app.

#### Surveys

Your feedback matters. Please participate in an online survey, and share your opinions of convention presenters, content, room setups, and content delivery methods. Or let us know what topics you'd like to see in 2014.

Look for an upcoming e-mail with your invitation to share feedback. After the convention has concluded, if you have not received an e-mail with a Web link to the evaluation, please notify us at conventionfeedback@aia.org.

#### **AIA Virtual Convention**

The AIA is recording 40 convention programs that will be archived as on-demand, online presentations offered through AIA Virtual Convention.

As a convention attendee, you can view programs that you may have missed (or want to see again) from the convenience of your home or office, and on your own schedule. All you need is a computer and an Internet connection to experience the best of the AIA National Convention programming. All AIA Virtual Convention seminars offer Learning Units.

Review the list of recorded convention programs on page 155 or at www.aia.org/virtualconvention.

## PUBLIC ARCHITECTS WORKSHOP

#### Wednesday

This workshop explores the roles, responsibilities, and leadership of and by architects who are involved in the planning, design, and construction of public buildings.

Those who wish to attend the Public Architects Workshop register for \$800. Registration includes full convention registration (continuing education seminars and show floor education, entrance to AIA Expo 2013, the three keynote presentations), the Public Architect Workshop, and EV105 Public Architects, Corporate Architects and Facility Management, and Academy of Architecture for Justice Reception.

#### 8:30-9:30 a.m.

Opening Address

PA100 General Session: Public Architects as Leaders

**ROOM 302** 

1.00 LU

Jeffery Potter, FAIA addresses the Public Architects with regard to the role of Public Architects as leaders and visionaries.

#### 9:45-10:45 a.m.

Concurrent Seminars

PA200 Ten Common Code Compliance Misunderstandings in Public Buildings

#### **ROOM 401**

1.00 LU HSW

This presentation will cover 10 misunderstandings that are commonly encountered during the design of buildings and identify how such misunderstandings and their impacts may be reduced or avoided.

PA202 Is BIM Really Paradise? Things You Should Know about Managing BIM

#### **ROOM 402**

1.00 LU GBCI

This presentation will focus on the facts and myths about building information technology, providing building owners with useful information from the perspective of the architect, the contractor, and the building owner.

#### 11 a.m.-Noon

Concurrent Seminars

PA300 Innovative Approaches for Powering Low-Energy Buildings

#### **ROOM 401**

1.00 LU HSW GBCI

This seminar will provide an overview of industry goals and standards related to energy use in buildings. Net zero energy buildings, hybrid powered buildings, and the integration of renewable energy sources within the design of buildings will be presented.

PA301 Integrated Project Delivery: A Catalyst for Collaboration and Planning

#### **ROOM 402**

1.00 LU HSW GBCI

This presentation will explore IPD, including how it is implemented, contract structures, team arrangements, and processes. The University of Wisconsin-Madison's Wisconsin Institute for Discovery and Morgridge Institute for Research, and the University of Colorado-Denver's Anschutz Medical Campus Research II will serve as case studies.

#### 12:15-1:30 p.m.

Lunch

PA400 General Session: Green Code Updates and the City of Dallas, Texas

1.00 LU HSW GBCI

This session will provide an overview of two baseline regulatory policy options—the International Green Construction Code (IgCC) and ASHRAE Standard 189.1-2011in relation to the requirements in Dallas's Green Building Ordinance.

#### 1:45-2:45 p.m.

Concurrent Seminars

PA500 Getting the Most Out of the Value Engineering Process

#### **ROOM 401**

1.00 LU HSW

This session will define VE, describe the benefits of VE, explain items that should be considered before undertaking the VE process, and discuss steps for conducting a successful and productive VE workshop participants, timing, and how brainstorming can make or break the VE process.

PA501 Designing for 21st-Century Justice: Van Cise-Simonet Detention Center, Denver

#### **ROOM 402**

1.00 LU HSW GBCI

This presentation tells the story of how the Van Cise-Simonet Detention Center came to be and draws lessons applicable to other public building projects.

#### 3:15-5 p.m.

AAJ Tour

PA600 Denver Justice Center: Lindsey-Flanigan Courthouse and Van Cise-Simonet Detention Center Tours with Workshop

#### **ROOM 403**

1.50 LU HSW GBCI

This workshop will introduce a rating system for sustainability in justice architecture and discuss the AAJ's white paper, "Sustainable Justice 2030: Green Guide to Justice," following a tour of the Denver detention center and court complex.

#### 3:30-4:30 p.m.

Concurrent Seminars

PA601 State Architects Speak: Design Excellence in the State of Utah, Then and Now

#### **ROOM 401**

1.00 LU HSW

The presentation will focus on the restoration and base isolation of the Utah State Capitol. The development of this restoration covered 10 years and was the first attempt by a state agency (the Utah State Capitol Preservation Board) to deliver a project through the use of a number of different delivery strategies.

PA602 Process, Impacts, and Leadership of the Owner's Project Requirements (OPR) Process at the University of Texas

#### **ROOM 402**

1.00 LU HSW

Based on a case study of post-occupancy at the Belo Center for New Media (UT-Austin's first green-field project to use the OPR process), this session provides a review of the benefits of the Owner Project Requirements.

### 5:30-9 p.m.

Soap, sink and dryer, all in one. The word 'finally' comes to mind.

Clean + Rinse + Dry = A Sink That Makes Sense

Introducing the first completely touchless, all-in-one lavatory system. By placing a more efficient soap dispenser, faucet and hand dryer side by side, we've given users more personal space, while keeping water off the floor. Sometimes the best ideas are simple ones.

TH100 Sustaining the Leading Edge from Design to Performance: Colorado's Poudre School District as a U.S. Best Practice

#### MILE HIGH BALLROOM 4E

1.00 LU HSW GBCI

This session provides an in-depth look at the reasons behind this success of the Poudre School District in Fort Collins, foremost among them the "culture of green" that the architects and district's resource manager helped create and maintain.

Thursday, 7-8 a.m.

TH101 Paving a Path toward Local Disaster Response and Resiliency

#### **ROOM 104**

1.00 LU HSW ON-DEMAND

In this session, speakers representing teams that won 2012 Disaster Response Plan Grants will share their experiences in implementing successful architect-driven disaster response plans at the state and city levels.

Thursday, 7-8 a.m.

TH102 Leadership in Sync: Developing High-Performing Leaders of Design Studios

#### MILE HIGH BALLROOM 1E

This program will explore best practices of leadership and challenge attendees to take their leadership, ideas, experience, and approaches to discover the importance of crafting a vision, building alignment, and championing execution toward developing a high-performing practice.

Thursday, 7-8 a.m.

TH103 Materials Flash Charrette: Next-Generation Environmental Impact and Cost Assessment

#### **ROOM 302**

1.00 LU HSW GBCI

This session will challenge thinking on our ability to integrate existing but disconnected life-cycle assessment and life-cycle costing know-how and data to deliver the next generation in environmental impact and cost assessment of materials.

Thursday, 7-8 a.m.

TH105 AIA Small Project Awards: Small Projects, Big Ideas

#### **ROOM 503**

1.50 LU HSW

This presentation features conversations with recipients of the AIA Small Project Awards.

Thursday, 7-8 a.m.

TH106 University Research + Architectural Education + Community + Leadership + Practice: Advancing Architecture

#### **ROOM 406**

1.00 LU

This presentation will provide two case studies that demonstrate this new model of education and research and how the role of research can advance the profession and the practice of architecture.

Thursday, 7-8 a.m.

## TH107 (Re)Learning to Lead with BIM and IPD

#### **ROOM 201**

1.00 LU GBCI ON-DEMAND

Our industry's and profession's highest hope for retaining our leadership role, remaining relevant, and reaching our goals is through collaboration. Discover how to transform our profession through BIM and IPD.

Thursday, 7-8 a.m.

**TH108** Sustainable and High-Performance Facades: Design Methods, Analysis, and Case Studies

#### ROOM 403

1.00 LU HSW GBCI

This course will cover methods for designing sustainable facades and the necessary steps in ensuring that the environmental factors and energy-efficient strategies are integrated with the design process.

Thursday, 7-8 a.m.

**TH109** Politics and the Profession: NOT a Pretty Picture

#### MILE HIGH BALLROOM 3C

1.00 LU

This session gives architects a real-world perspective on the political process and its historical impact on the architecture profession in state policies across the country.

Thursday, 7-8 a.m.

**TH110** Culture, Religion, and History: Working in the Middle Eastern Region

#### MILE HIGH BALLROOM 4B

1.00 LU HSW GBCI

This seminar will address how international American firms handle cultural differences and take a region's history, tradition, religion, and climate into design consideration—particularly in the Middle East.

**TH111** Compliance under the 2010 ADA for K-12 Schools and Housing for Places of Education

#### **ROOM 207**

1.00 LU HSW ADA ON-DEMAND

There are common issues that arise in the design of K-12 schools, particularly regarding the regulations under the 2010 Americans with Disabilities Act, best practices for classroom acoustics, and the new U.S. Department of Justice requirements for dorms and housing built for students.

Thursday, 7-8 a.m.

**TH112** Sympathetic Additions to Historic Buildings

#### MILE HIGH BALLROOM 3A

1.00 LU

The session will lay out the problems and conundrums of reworking historic buildings for new uses and show successful approaches to historic building additions.

Thursday, 7-8 a.m.

**TH113** Utilizing New Daylight Modeling Technologies to Optimize Building Design and Performance

#### MILE HIGH BALLROOM 3B

1.00 LU HSW GBCI

This presentation will highlight ways to integrate daylighting technologies, products, and models from the very onset of building construction or renovation.

Thursday, 7-8 a.m.

**TH200** Public Interest Practices in Architecture: 2011 College of Fellows Latrobe Prize Final Research Report

#### **ROOM 104**

1.50 LU ON-DEMAND

This session examines the Latrobe Prize research in understanding architects' interest in public-interest design, identifying the obstacles that prevent this type of practice, and determining what support mechanisms could help architects pursue this work.

Thursday, 2-3:30 p.m.

**TH201** Design Drawing: New Hybrid Drawing Techniques for the Design Process That Merge Pencils with Pixels!

#### **ROOM 403**

1.50 LU

This seminar demonstrates that you can put technology to work for you in the design process by developing hybrid composite renderings that are fast to produce, improve your confidence as a design communicator, and add more fun to the process of design visualization.

Thursday, 2-3:30 p.m.

**TH202** New Developments and Legal Considerations in Digital Practice and Building Information Modeling

#### MILE HIGH BALLROOM 1B

1.50 LU HSW GBCI

This session explores digital trends in design and construction—such as BIM—and investigates the ramifications of digital developments on project participants, project success, and the public in general.

Thursday, 2-3:30 p.m.

TH203 Teaching Architects to Teach— Or the Craft of Being an Invited Studio Critic

#### ROOM 406

Three "best practices" case studies of sustainable design education will be presented from leading U.S. architecture schools.

Thursday, 4-5:30 p.m.

TH311 Vanderbilt Health at One Hundred Oaks: Transforming Architecture, Health Care, and a Community

#### MILE HIGH BALLROOM 3C

1.50 LU HSW GBCI

This program will fully describe the opportunity, vision, obstacles, and solutions in the Vanderbilt Health at One Hundred Oaks project.

Thursday, 4-5:30 p.m.

**TH312** Architects as Leaders: Best Practices for Engaging Community after the Joplin Tornado

#### ROOM 506

1.50 LU (HSW)

This presentation demonstrates the best practices in leadership for design professionals and educators interacting with a community absorbed in the mourning and recovery processes following a tornado disaster.

Thursday, 4-5:30 p.m.

**TH313** Connecting Architects, Lawmakers, and the Public: A LEED Platinum Study in Urban Sustainable Design

#### MILE HIGH BALLROOM 3B

1.50 LU HSW GBCI

This presentation features the AIA North Carolina Center for Architecture & Design in downtown Raleigh. On track for LEED Platinum certification, this project serves to demonstrate how architects across the nation can assume the leadership role in the sustainability revolution.

Thursday, 4-5:30 p.m.

#### TH314 Clinton Global Initiative

#### MILE HIGH BALLROOM 4E

1.50 LU

This presentation features Clinton Global Initiative (CGI) commitment makers who have leveraged their individual and organizational strengths, abilities, training, and core competencies to develop CGI Commitments to Action.

Thursday, 4-5:30 p.m.

**TH315** Building Leaders Creating True Sustainable Environments: How the ADA and LEED Work Together

#### **ROOM 201**

1.50 LU HSW GBCI ADA ON-DEMAND

This course will explain how LEED requirements and ADA requirements can work together and how sometimes they do not.

Thursday, 4-5:30 p.m.

#### TH401 Religion, Art, and Architecture

#### MILE HIGH BALLROOM 3C

1.00 LU HSW

This session explores religious art and architecture drawn from the winners of Faith & Form/Interfaith Forum for Religion Art and Architecture (IFRAA) Award, and from diverse traditions (Christian and non-Christian) and contexts (contemporary and historic).

Thursday, 6-7 p.m.

**TH402** You Don't Have to Trade Design Quality for Design-Build

#### **ROOM 403**

1.00 LU HSW

In this presentation, architects and owners will discuss how high-quality design can be attained through design-build when a decisive procurement process is used and collaborative implementation is maintained.

Thursday, 6-7 p.m.

**TH403** Learning from Passive House Design: The Real-World Metrics

#### ROOM 207

1.00 LU HSW GBCI ON-DEMAND

This seminar will illustrate how the passive house concept, today's highest benchmark for energy efficiency and conservation, can be applied with equal success in residential, commercial, and institutional projects.

Thursday, 6-7 p.m.

**TH404** IDP Supplemental Experience: Broadening Internship Opportunities

#### MILE HIGH BALLROOM 3A

1.00 LL

The session will present new opportunities and case studies for IDP supplemental education, including community-based design, design competitions, exercises from the Emerging Professional's Companion and NCARB Professional Conduct Monograph, and site visits with mentors.

Thursday, 6-7 p.m.

**TH406** Integrated Conceptual Master Planning: Physics, Philosophy, and the Art of the Conceptual Design Process

#### MILE HIGH BALLROOM 4B

1.00 LU

This session introduces an integrated conceptual design process and explains why it is important to have both architects and engineers involved during the conceptual design process, working creatively to reduce chaos, budget, and schedule.

Thursday, 6-7 p.m.

TH407 Designing the Built Environment for Global Health

#### **ROOM 201**

1.00 LU HSW ON-DEMAND

This seminar explores the connection between design and health—a key focus of the AIA, which is spearheading initiatives to expand public understanding of design's impact on community health.

Thursday, 6-7 p.m.

**TH408** Award-Winning BIM: Innovation and Excellence in Nine Years of AIA BIM Awards

#### MILE HIGH BALLROOM 3B

1.00 LU

This discussion will explore the progress of building information modeling and what the future holds by looking back at what can be learned from past recipients of the AIA TAP BIM Awards.

Thursday, 6-7 p.m.

**TH409** Re-Treads, New Threads, and In-Betweens: New Directions in Seniors' Housing

#### MILE HIGH BALLROOM 1B

1.00 LU (HSW)

This session will give attendees an overview of new directions in seniors' housing and an in-depth look at three specific examples.

Thursday, 6-7 p.m.

**TH410** Advice from the Experts: Using the Energy-Efficient Commercial Building Deduction as a Tool for Business

#### **ROOM 104**

1.00 LU GBCI ON-DEMAND

This program will provide all the information needed to secure the Energy-Efficient Commercial Buildings Tax Deduction benefit for current and future projects.

Friday, 7-8 a.m.

FR107 Informed Leadership: Using Data to Drive Decisions

#### MILE HIGH BALLROOM 3A

1.00 LU

This presentation discusses NCARB's new information systems infrastructure that allows for the aggregation, exploration, and analysis of nearly 100 years' worth of data on licensure, architectural trends, and the architecture profession.

Friday, 7-8 a.m.

FR108 Designing for Risk and Reconstruction (DFRR): Preparedness, Mitigation, and Planning for Risk in the 21st Century

#### MILE HIGH BALLROOM 3C

1.00 LU HSW

This program outlines what AIANY's Design for Risk and Reconstruction (DFRR) committee has learned through its activities, research, and programs about natural and man-made disasters that are growing areas of risk to the built environment.

Friday, 7-8 a.m.

FR109 Planning for the Future of Architectural Education + Practice: The AIA's Preparations for the NAAB's 2013 ARC

#### MILE HIGH BALLROOM 3B

1.00 LU

This presentation examines the current concerns of practice, emerging issues for the academy, and the potential trajectory of architecture education in the coming decade.

Friday, 7-8 a.m.

FR110 Lean Architecture: Excellence in Project Delivery

#### **ROOM 207**

1.00 LU ON-DEMAND

This session covers the key essentials of Lean Thinking, identifies three goals for implementation by architects, and explores their application to project management, documentation, and technology.

Friday, 7-8 a.m.

**FR111** Ownership Transition Planning and Mergers and Acquisitions in the Recovery Decade

#### **ROOM 104**

1.00 LU

This session will be a primer on "what's going on out there" as it relates to both internal ownership transitions and external transactions.

Friday, 7-8 a.m.

FR200 2013 AIA Twenty-Five Year Award

#### MILE HIGH BALLROOM 3A

1.50 LU

This presentation will provide the story behind this year's AIA Twenty-five Year Award recipient and discuss how the project fits into the history of architecture and why the building is still relevant and important today.

Friday, 2-3:30 p.m.

FR201 2013 AIA Architecture Firm Award: A Professional Practice That Leads, Inspires, and Innovates with Purity of Purpose

#### MILE HIGH BALLROOM 1E

1.50 LU

Explore successful techniques for practice of consistent high-level design excellence and purity of both purpose and product through the creative firm culture and collegiality that distinguish the AIA 2013 Architecture Firm Award recipient.

Friday, 2-3:30 p.m.

FR202 Making Stapleton Ready for Business: New Plans for Commercial Development at Denver's Former Airport

#### **ROOM 506**

1.50 LU HSW GBCI

This session will share the history of redevelopment on Denver's 4,700-acre airport site, discuss the evolution of the plan, and highlight the design and planning for four new commercial districts (Downtown, Midtown, Uptown, and Crosstown).

Friday, 2-3:30 p.m.

FR203 Designing Bird-Safe Buildings: How to Prevent Bird-Glass Collisions

#### **ROOM 607**

1.50 LU HSW GBCI

This session describes the problem of fatal bird-glass collisions and gives architects innovative design tools to prevent them.

Friday, 2-3:30 p.m.

FR204 The Architect's Guide to Construction Specifications

#### **ROOM 503**

1.50 LU (HSW)

Specifications provide critical information necessary to convey the design intent of the architect and the legally enforceable contract requirements. This session will provide an in-depth look at the importance of specifications in the design and construction process.

Friday, 2-3:30 p.m.

FR205 Did You Get the Owner's Manual for Your Practice?

#### MILE HIGH BALLROOM 3C

1.50 LU

This program provides a basic grounding in legal principles that are essential knowledge for practicing architects.

Friday, 2-3:30 p.m.

FR206 The 7 Habits of Highly Effective Environmentalists

#### **ROOM 406**

1.50 LU GBCI

Using the context of The 7 Habits of Highly Effective People by Stephen Covey, panelists will lead by example and encourage effectiveness by summarizing their design processes.

Friday, 2-3:30 p.m.

FR207 The Construction Outlook: Implications for Architecture Firms

#### **ROOM 104**

1.50 LU ON-DEMAND

This session will examine the prospects for construction in 2013, by taking a close look at the performance of specific project types and what it means for architecture firms.

Friday, 2-3:30 p.m.

FR208 The ADA and Fair Housing Compliance: Why Does It Go Wrong on Our Projects?

#### **ROOM 403**

1.50 LU HSW ADA

Our construction documents comply with the Americans with Disabilities Act (ADA) and Fair Housing, but the contractor often messes it up! This session will explore how to modify our details so that our projects will be built in compliance with the ADA and FHA.

Friday, 2-3:30 p.m.

#### FR209 Sustainability in Retail Architecture

#### MILE HIGH BALLROOM 4E

1.50 LU HSW GBCI

This presentation discusses how major companies in the retail sector have committed themselves to sustainable practices, from energy conservation to supply chain management, in their efforts to be both environmentally responsible and profitable.

Friday, 2-3:30 p.m.

FR210 Rio de Janeiro Olympic Park Master Plan Process

**ROOM 207** 

1.50 LU HSW ON-DEMAND

The Summer Olympics will be held in Rio de Janeiro in 2016. This presentation will give attendees a good overview of how a site is selected, why it is selected, and the lingering effects it will have on the community well after the Olympics are over.

Friday, 2-3:30 p.m.

FR211 How Small Firms Can Team with Other Firms: The Good, the Bad, and the Ugly

#### **ROOM 201**

1.50 LU ON-DEMAND

This presentation draws on multidisciplinary sources including architects, an attorney, and a liability insurance provider, to examine the best practices and pitfalls in creating and managing teams.

Friday, 2-3:30 p.m.

FR212 Our 21st-Century Moon Shot: 3D Modeling and Virtual Simulation of the Building Envelope

#### MILE HIGH BALLROOM 1B

1.50 LU HSW GBCI

This course evaluates building information modeling, integrated project delivery, and existing technologies for green building design as well as current challenges in achieving effective implementation of these technologies.

Friday, 2-3:30 p.m.

FR213 Leading the Change to Net Zero Energy: Salt Lake City's New Net Zero Public Safety Building

#### MILE HIGH BALLROOM 4B

1.50 LU HSW GBCI

This presentation will focus on the process used to plan, design, and implement the nation's first net zero energy Public Safety Building.

Friday, 2-3:30 p.m.

FR214 Next-Generation Leadership in Community Design: The Enterprise Rose Architectural Fellowship

#### **ROOM 601**

1.50 LU

This session features former fellows of the Enterprise Rose Architectural Fellowship who have become proven leaders in their field as well as current fellows who are still defining their roles in the community design and development field.

Friday, 2-3:30 p.m.

FR215 A Case Study in Professional Ethics and Conduct: Understanding the Significance of Standing Tall

#### MILE HIGH BALLROOM 3B

1.50 LU HSW

Using the Citicorp Center as a case study, this presentation examines how often decisions must be made in the face of competing ethical, business, and legal interests, and how such decisions can help define the public perception of a firm.

Friday, 2-3:30 p.m.

FR300 Interior Excellence: Leading by Design—The 2013 AIA Interior Architecture Honor Awards

#### MILE HIGH BALLROOM 3A

1.50 LU

This panel and audience dialogue program will use examples from the 2013 Institute Interior Architecture Honor Awards program to illustrate the merits of an award-winning interior architecture project.

Friday, 4-5:30 p.m.

FR301 2013 AIA Institute Honor Awards for Architecture: Defining the Qualities of Excellence in Design

#### **ROOM 403**

1.50 LU

This session provides an engaging overview of the 2013 Institute Honor Award for Architecture recipients and rigorous discussion about the elements of design excellence.

Friday, 4-5:30 p.m.

FR302 Restrooms: Why Shower, Locker, Laundry, and Restrooms Are So Tricky to Get Right under the 2010 ADA [CANCELED]

FR303 Using AIA Tools to Manage Legal Issues on Sustainable Projects

#### **ROOM 506**

1.50 LU HSW GBCI

This presentation will highlight ways to integrate daylighting technologies, products, and models from the very onset of building construction or renovation.

Friday, 4-5:30 p.m.

FR304 Makers of the Environment 2030: Leaders of the New Reality

#### MILE HIGH BALLROOM 3C

1.50 LU GBCI

This presentation explores ways of sparking new ideas designed to lead the profession toward a vision that foresees and adapts to new knowledge and creates the social, economic, and technical infrastructures that will be required in the world of tomorrow.

Friday, 4-5:30 p.m.

FR305 The Urban Transformation of Denver's Civic Center [CANCELED]

FR306 Re-Imagining the United Nations in a Sustainable World: Finn Juhl's Trusteeship Chamber

#### MILE HIGH BALLROOM 3B

1.50 LU HSW GBCI

This presentation will cover the latest advancements in state-of-the-art technology being integrated into the UN building and preservation problems exemplified in the work now underway in the Trusteeship Council Chamber, one of the most frequently used chambers in the UN.

Friday, 4-5:30 p.m.

## It takes a special kind of glass to make the Glasshouse.

Artist Dale Chihuly is known for the color of his glass. That's why Owen Richards Architects specified Guardian SunGuard SuperNeutral 62 on clear for the Glasshouse, the centerpiece of the *Chihuly Garden and Glass* exhibition in Seattle. With a visible light transmission of 62%, SN 62 allows the beauty of Chihuly's artwork to be seen from the outside. And with a solar heat gain coefficient of 0.31, it meets the City of Seattle's tough energy requirements as well. For complete performance data and other ways to Build With Light, visit SunGuardGlass.com. Or call 1-866-GuardSG (482-7374).

FR307 Emerging Practices: Lessons on Starting a Design Firm

**ROOM 201** 

1.50 LU

This session highlights three case studies of successful young practices, providing a detailed overview of how to successfully start and operate a design firm.

Friday, 4-5:30 p.m.

FR308 Leadership beyond Architecture

MILE HIGH BALLROOM 4B

1.50 LU

This seminar will demonstrate how to plan for the future and proactively choose a direction that is appropriate and will be sufficiently flexible to deal with change—a constant in the world of design.

Friday, 4-5:30 p.m.

FR309 Living Your Life as a Citizen Architect: How to See Your Value beyond Architecture

MILE HIGH BALLROOM 1E

1.50 LU

This session will provide an understanding of the importance of leadership development, how to create a personal path to become a leader, and how to create a local or regional program to help architects better influence the communities in which they live and work.

Friday, 4-5:30 p.m.

FR310 Cradle to Cradle: Communities, Buildings, and Materials

**ROOM 503** 

1.50 LU HSW GBCI

This session is based on the visionary concepts of William McDonough and Michael Braungart that were introduced 10 years ago in the book, Cradle to Cradle: Remaking the Way We Make Things.

Friday, 4-5:30 p.m.

FR311 Air Barriers Are Now Code: How to Meet the Requirements

**ROOM 207** 

1.50 LU HSW ON-DEMAND

This seminar discusses the new requirements for the design of airtight building enclosures, how to specify them, and how to require construction techniques and verification testing that ensure successful outcomes.

Friday, 4-5:30 p.m.

FR312 The Reality of Net Zero: A Postoccupancy Review of the NREL Research Support Facility

ROOM: MILE HIGH BALLROOM 1B

1.50 LU HSW GBCI

This presentation will discuss the key design and occupancy strategies for net zero energy and compare the design intent of the Research Support Facility on the National Renewable Energy Laboratory (NREL) campus to the actual measured operation.

Friday, 4-5:30 p.m.

FR313 You Will Learn Something: New Professional Development Strategies for Young Architects

**ROOM 406** 

1.50 LU

This presentation will present research evaluating the efficacy of continuing education on the professional development of young architects through data from interviews of young architects and the AIA/ CES Needs Assessment Study (2011).

Friday, 4-5:30 p.m.

FR314 The AIA Practice Guide to Integrating Energy Modeling in the Design Process

**ROOM 104** 

1.50 LU HSW GBCI ON-DEMAND

Under new and forthcoming highperformance building codes, all permitted buildings may be required to achieve some level of high-performance design and construction, and architects must understand energy modeling in the design process—why do it, what it involves, how to leverage new opportunities, and how to lead the process.

Friday, 4-5:30 p.m.

FR315 Learning from France: Sustainable Stewardship Best Practices

MILE HIGH BALLROOM 4E

1.50 LU HSW GBCI

This presentation will share best practices observed in France by three American Hunt Fellows on the topics of regulation and design review, building materials, and sustainability—gleaning ideas and inspiration that could invigorate the role of architects and preservation in American society.

Friday, 4-5:30 p.m.

FR316 NPR's Cities Project: Exploring Urban Life in the 21st Century

**ROOM 607** 

1.50 LU

In 2012, All Things Considered, NPR's magazine program, started an ongoing series to examine what it means for those of us who live in cities not only in the United States, but around the globe. The program's Executive Producer and Series Editor will talk about what led them to launch this ambitious project and explain why architecture makes good radio.

Friday, 4-5:30 p.m.

FR400 Balancing Water Resources: Navigating International Challenges in Water Security, Conservation, and Protection

**ROOM 104** 

1.00 LU HSW GBCI ON-DEMAND

This presentation explores the State Department's commitment to conserving water resources and providing leadership in water resource protection at our embassies overseas.

Friday, 6-7 p.m.

**FR401** Leading the Charge for New Business: Five Essential Steps to Business Development

**ROOM 403** 

1.00 LU

This seminar, a condensed version of a university course, breaks storytelling apart and explains why stories stick, how a handwritten note directly brings in work, and when to use leadership qualities to win work—even in the worst of times.

Friday, 6-7 p.m.

FR402 Intrinsic Sustainability: Bioclimatic Design, Performance, and Innovation

**ROOM 503** 

1.00 LU HSW GBCI

This seminar discusses bioclimatic design, modeling, and simulation; it demonstrates how to design for human connections to nature, and why information feedback is one of the keys to steering design direction and inhabitant behavior into concert with high-performance results.

Friday, 6-7 p.m.

FR403 Architects in Transportation: Lost among Engineers or Effective for Better Communities?

#### MILE HIGH BALLROOM 3B

1.00 LU HSW GBCI

This seminar will focus on issues at the seam between large, engineer-driven transportation projects and the ancillary effects those projects have on their communities.

Friday, 6-7 p.m.

FR404 The 2012 IgCC in Practice

**ROOM 207** 

1.00 LU GBCI ON-DEMAND

The session will explore the realities of practicing under the 2012 International Green Construction Code (IgCC), especially in terms of liability and the potential for additional services. Hear how firms of different sizes are dealing with the code and navigating new relationships with code officials.

Friday, 6-7 p.m.

FR405 Maximizing BIM: How to Successfully Execute a Fully Integrated BIM Project

MILE HIGH BALLROOM 1B

1.00 LU GBCI

This presentation will equip attendees with the knowledge and skills to use building information modeling (BIM) technology, beyond its use as an architectural design tool, to its fuller purpose of design execution and consultant coordination.

Friday, 6-7 p.m.

FR407 Architecture for Humanity and Public Architecture: Leaders in the Social Impact Design Movement

**ROOM 201** 

1.00 LU ON-DEMAND

This seminar examines the historical context of social responsibility within the architecture profession and makes the case for architects to rise to the social challenges facing society today.

Friday, 6-7 p.m.

FR408 The University of Chicago Laboratory Schools Future of Education

MILE HIGH BALLROOM 3A

1.00 LU HSW

This presentation will feature the Laboratory Schools at the University of Chicago as a model for designing progressive learning environments.

Friday, 6-7 p.m.

FR409 Architects: Regaining the Master Builder Role in the Modern Collaborative Construction Environment

MILE HIGH BALLROOM 4B

1.00 LU

This presentation discusses collaborative construction flowing through the leadership of architects, the current status of the law as applied to design professionals, and how that law may have to adapt to the changing realities of the construction industry.

Friday, 6-7 p.m.

FR410 Accessible Theaters and Auditoriums

MILE HIGH BALLROOM 3C

1.00 LU HSW ADA

The contents of this seminar focuses on little-known ADA information and issues commonly overlooked in the access codes.

Friday, 6-7 p.m.

#### **Keynote Presentation**

SA100 AIA Institute Honors for Collaborative Achievement

#### **ROOM 104**

1.00 LU ON-DEMAND

This presentation features this year's honorees of the Institute Honors for Collaborative Achievement.

Saturday, 7-8 a.m.

SA101 Post-Occupancy Evaluation of a LEED Platinum Home

#### **ROOM 201**

1.00 LU GBCI ON-DEMAND

This project will be presented as a case study on how post-occupancy evaluation can verify LEED and 2030 Challenge energy goals; how providing clients with easily accessible data can change habits and reduce energy use; and how architects apply the lessons from this process to other projects.

Saturday, 7-8 a.m.

SA102 Invest Now! [AIA Cincinnati VISION Leadership Program)

#### MILE HIGH BALLROOM 4B

1.00 LU

This presentation demonstrates the benefits of leadership training for architects and how to use it as a platform to engage their component and community.

Saturday, 7-8 a.m.

SA103 Diplomatic Access: Barrier-Free Accessibility in an International Setting

#### MILE HIGH BALLROOM 4E

1.00 LU HSW

This presentation focuses on U.S. federal requirements for barrier-free accessibility; how the State Department applies these requirements internationally; application of the criteria to various building types; and goals for removing barriers at U.S. diplomatic posts worldwide.

Saturday, 7-8 a.m.

SA104 Just Go with It: Development Programming for Architects in a BIM/ **IWMS World** 

#### MILE HIGH BALLROOM 1B

1.00 LU HSW GBCI

This session will address a framework for the management of client requirement information over the building information life cycle.

Saturday, 7-8 a.m.

**SA105** Design for Aging Review 11: Award-Winning Projects

#### MILE HIGH BALLROOM 1E

1.00 LU

This presentation demonstrates how building design, planning innovations, and trends are affecting senior housing services based on award-winning entries to the 2011 Design for Aging competition.

Saturday, 7-8 a.m.

SA106 ARCHIVE100.org: Architecture Schools Today, Creating Tomorrow's Leaders [CANCELED]

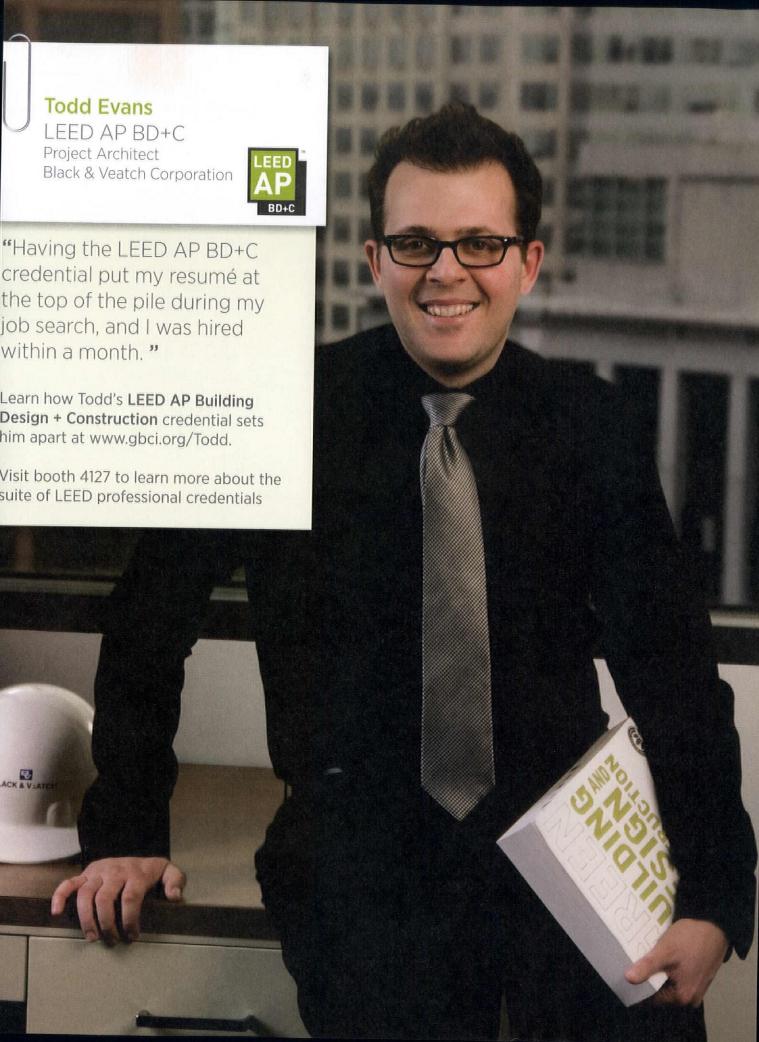

SA107 ReFAB PreFAB: The Practice and Science of Prefabrication at the Cutting Edge

#### **ROOM 207**

1.00 LU HSW GBCI ON-DEMAND

This session presents new concepts and technologies in prefabrication and explores opportunities for architects to influence a larger segment of the construction industry through revitalization of residential neighborhoods and providing lower-cost home-ownership alternatives.

x Saturday, 7-8 a.m.

#### SA200 Topaz Medallion Symposium

#### **ROOM 302**

1.50 LU

This presentation will address these issues through a spirited and thoughtful discussion involving leading educators, practitioners, and students—one that will inform all participants about the current context for architecture education while encouraging them to debate alternative futures.

Saturday, 8:30-10 a.m.

**SA201** 2013 Honorary Fellows Forum: Design Leaders from around the World

#### **ROOM 406**

1.50 LU HSW

This program presents an opportunity to hear international design leaders discuss their recent work and share perspectives on how their work creates livable and sustainable communities around the world.

Saturday, 8:30-10 a.m.

**SA202** 2013 COTE Top Ten Eco-Buildings and Communities

#### **ROOM 403**

1.50 LU HSW GBCI

This session will present the 2013 AIA Committee on the Environment's (COTE) Top Ten Green Projects award recipients along with an overview of the design and sustainability goals that drove their projects and lessons learned.

Saturday, 8:30-10 a.m.

**SA203** A Forum of Two AIA College of Fellows Recognized for Design and Two 2013 AIA Young Architects Award Recipients

#### **ROOM 607**

1.50 LU HSW GBCI

This forum will examine both the impact of experienced architects in achieving outstanding design and the influence of young architects in raising the bar for our next generation.

Saturday, 8:30-10 a.m.

**SA204** Expanding the Architect's Influence as Civic Leader:
Best Practices

#### MILE HIGH BALLROOM 4B

1.50 LU

This session will illustrate how architects can take strong leadership roles in shaping their communities, using the City of Colorado Springs as a case study.

Saturday, 8:30-10 a.m.

**SA205** Design is a Verb: Architects, Design Thinking, and Project-Based Learning with 21st-Century Teens

#### **ROOM 207**

1.50 LU ON-DEMAND

This presentation will help architects to identify concrete techniques, tools, and activities for engaging students in design thinking through two case studies: the Chicago Architecture Foundation's DiscoverDesign.org and the ACE Mentor Program's face-to-face program.

Saturday, 8:30-10 a.m.

**5A206** Understanding the General Conditions of a Construction Contract

#### ROOM 201

1.50 LU HSW ON-DEMAND

This presentation offers a review and analysis of AIA Document A201-2007, General Conditions of the Contract for Construction, to discover the essential information that you should understand before you begin any project.

Saturday, 8:30-10 a.m.

SA207 Fantasy Meets Science: Disney Navigates the Maze of BIM, IPD, KPI, ROI, and VDC with VDC Scorecard

#### MILE HIGH BALLROOM 1E

1.50 LU HSW GBCI

This presentation will share practical experience from real-world projects illuminating best practices and scientific methods that can be immediately implemented to improve performance through building information modeling and integrated project delivery.

Saturday, 8:30-10 a.m.

**SA208** Habitat Design Competition: A Case Study in Design, Sustainability, and Affordability

#### **ROOM 104**

1.50 LU HSW GBCI ON-DEMAND

The course will provide a case study overview of the 2013 AIA Convention Host Chapter Legacy project—Blue Spruce Habitat—profiling the project from its competition roots to its final occupancy.

Saturday, 8:30-10 a.m.

**SA209** Leading a Practice: Making the Transition to Running Your Own Firm

#### MILE HIGH BALLROOM 1B

1.50 LU

This session examines the issues involved in getting started and in staying solvent.

Saturday, 8:30-10 a.m.

**SA210** When Do We Shake Hands? Leading Architecture with Effective Building Analytical Modeling

#### **ROOM 506**

1.50 LU HSW GBCI

This session explores the roles and relationships between the architect and design team consultants in the context of building analytical modeling for high-performance design.

Saturday, 8:30-10 a.m.

**SA211** Facts on the Ground: Testing the Performance of Fort Carson's Green Buildings

#### **ROOM 601**

1.50 LU HSW GBCI

This session presents Fort Carson's LEED-certified buildings as a case study and discusses the research and implications for architects who seek to design buildings that live up to their green labels.

Saturday, 8:30-10 a.m.

**SA212** Project Haiti: Bringing LEED Platinum Design to the Developing World

#### MILE HIGH BALLROOM 4E

1.50 LU HSW GBCI

This presentation will explore the challenges of delivering LEED Platinum design in Haiti and discuss the significance and relevance of the LEED rating system in a country ravaged by natural disasters.

Saturday, 8:30-10 a.m.

**SA213** Process, Impacts, and Leadership of the Owner's Project Requirements (OPR) Process at the University of Texas

#### MILE HIGH BALLROOM 3C

1.50 LU HSW

Based on a case study of post-occupancy at the Belo Center for New Media (UT-Austin's first green-field project to use the OPR process), this session provides a review of the benefits of the Owner Project Requirements.

Saturday, 8:30-10 a.m.

**SA214** Experiential Architecture: Beyond the Box

#### **ROOM 503**

1.50 LU HSW

An architectural researcher in the area of neuroscience is paired with retail, entertainment, and hospitality architects to explore and expound on how humans are as affected by space as space is affected by them—and how this relationship can be expressed through architecture.

Saturday, 8:30-10 a.m.

**SA215** Sticks and Carrots: The AIA Code of Ethics as a Leadership Tool

#### MILE HIGH BALLROOM 3B

1.00 LU HSW

This session will explore the AIA Code of Ethics, using hypothetical situations based on the expanding context in which architects practice today, and how it can be applied to strengthen and enhance the architect's leadership role within the profession and to the public.

## WYNKOOP BREWING COMPANY, MOREY & BROWN ROOM, 1634 18TH STREET

The ArchiPAC Donor Appreciation Reception is an annual event to thank the many AIA members who have contributed \$36.50 or more in 2013 to ArchiPAC, the AIA's federal political action committee. All funds raised go toward candidates running for federal office who are in a position of receiving our support.

Thursday, 9-11 p.m.

## **EV222** Presenting Prezi: A Web-Based Presentation Application

#### AIA TOWN HALL, BOOTH 3157

Prezi is a Web-based presentation application that places objects such as video, image, and text, onto a single canvas (instead of traditional slides). The presenter then zooms in and out of the canvas to tell a non-linear, narrative-based presentation. Get an introductory lesson in how to use the application.

Thursday, 11:15 a.m.-12:30 p.m.

## Leading the Way

Panasonic is proud to be recognized by the EPA for the fourth consecutive year, earning their most prestigious ENERGY STAR® honor, the Sustained Excellence 2013 Award. Sustained excellence is precisely what we strive for as evidenced by our legacy of providing high performance, energy-efficient ventilation solutions. In fact, for the past two decades—highlighted by industry-leading quiet fans, revolutionary DC Motor technology, and leading-edge LED lighting—we've continued to demonstrate outstanding leadership, year after year.

#### 2013 RESOURCES AND SUPPORT

#### **Resource Materials**

www.aia.org/convention

Enhance your convention education with supplemental materials from seminars. These materials, prepared by convention presenters, are available from the Convention Web site. Use the "Program Search" to find the convention program, click to view the description, and select the link to download. Materials can also be accessed through the convention app.

#### Your CES Membership Transcript

www.aia.org/cesdiscovery

Please review your CES membership transcript online after you return home to confirm we have an accurate record of your convention attendance.

If you participated in a course that does not appear on your transcript, report the discrepancy by sending an e-mail request to conventionfeedback@aia.org. Include your name as registered, your registration ID or AIA member number, and the convention program (code and title). Your question will be addressed within three weeks.

#### **Customer Service**

www.aia.org/convention

We encourage you to contact us and share your questions, concerns, or comments about the 2013 AIA Convention. Please submit your feedback on the convention Web site or send an e-mail to conventionfeedback@aia.org.

©T.J. Thomson

#### **AIA Virtual Convention**

www.aia.org/conventionplus

The AIA is recording 40 convention programs, which will then be archived as on-demand, online presentations offered through AIA Virtual Convention. As a convention attendee, you can purchase a Convention Plus package—which allows you unlimited access to these programs through July 31, 2013.

AIA Virtual Convention enables you to learn from the convenience of your home or office, and on your own schedule.

# 2014 AIA NATIONAL CONVENTION

### SAVE THE DATE

2014 AIA National Convention June 26-28 McCormick Place Chicago

#### Call for Educational Proposals

www.aia.org/conventionpresentations

We invite subject matter experts who can engage and connect with the design community in support of the Institute's repositioning initiative to submit a proposal for an educational program at the 2014 AIA National Convention. The submission site closes on July 1. This date will not be extended, so interested presenters must prepare their abstract quickly.

#### Sneak Peek at 2014 Education

www.aia.org/conventionpreview

Get an exclusive, early look at the 2014 convention education schedule two weeks before it's published. You'll also be notified as soon as registration opens.

Convention seminars and tours can sell out quickly, so there is an advantage to planning your schedule and registering early.

#### Reserve Your Hotel

www.aia.org/convention\_housing

The 2014 convention housing site is open. Rooms at hotels nearest the convention center routinely sell out. Now is the best time to ensure you get the room you want at your desired hotel. When you book through AIA Housing, you receive the lowest room rate available, complimentary shuttle service between your hotel and the convention center, and personal support before, during, and after the convention.

Reserve your accommodations at the AIA Housing Desk in Lobby B or on the convention Web site.

# Like Minds Make a Difference

# The AIA's Federal Agenda matters to you. Be a messenger.

Join the new AIA Advocacy Network, and use your voice to support all architects. Connect with AIA members, AIA lobbyists, and members of Congress, and ensure that our most important issues are being talked about and supported in Washington.

#### Speak Up

The AIA Federal Agenda has five priorities for the 113th Congress.

- (1) Help small businesses create jobs
- (2) Repair and strengthen our buildings
- 3 Build sustainable, resilient, and vibrant commun
- (4) Reform government to build better with less
- (5) Invest in the next generation of design leaders

Help us advocate for the profession.

Make everyone a messenger.

Does Hendrick offer standard or custom? Perforated or screen? Parts or fabricated?

Yes.

When it comes to architectural metal, our answer is typically yes.

From standard perforated sunshades, perfect for budget-challenged projects, to precision-cut openings in custom tree grates, Hendrick Architectural Products has the capability to provide the right fit for your individual needs.

Known for cutting edge metal solutions, Hendrick produces perforated metal in a limitless array of patterns as well as our proprietary Profile Bar design that is quite possibly the strongest on the market. Add custom fabrication and an engineering staff with years of experience and you've found a metals partner that can help bring your vision to life.

The more you know Hendrick, the less you'll hear "no" to your ideas for using architectural metal. Contact us today!

One man could get away with this and call it art.

But he wasn't a construction worker.

# Protect Your Floor from the Trades

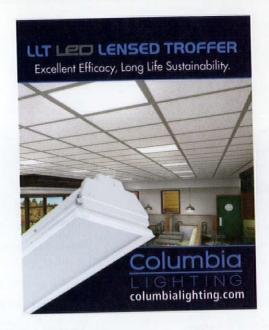

Specify NEW SCOFIELD® Proguard
Duracover. It provides temporary
protection for installed floor systems until
construction work is completed.
Suitable for architectural concrete, wood,
ceramic tile, pavers or terrazzo.

# Steelscape Prints®

# Exotic metal look without the exotic metal price!

Steelscape's METAL/x decorative process transforms metallic coated steel into exotic looks such as Rustic Copper, Patina Copper, Tarnished Silver, Weathered Zinc, Pewter, Gold Ore, and more!

**METAL**/x Prints are just one example of Steelscape's wide array of Specialty Finishes that work together to produce the most comprehensive program of prepainted metal options offered anywhere.

These innovative products are perfect for roofing, walling, or any other prepainted metal application. Please contact Steelscape or visit their website to learn more.
