When a dream team gets into challenging realities...

Allied Builders adjusts effectively in pursuing a successful end result.

Case in point: *Pacific Park Plaza*, a beautiful mid-rise commercial structure designed to take respected local and international companies into the new century.

TDC Hawaii, the developer, needed a finishing contractor to execute interior plans on several floors at once for firms like McDonald's, Wang and Radio Station KQMQ. The project called for carefully sequenced accelerated scheduling.

"Working simultaneously with numerous specialties and variables is extremely demanding," recalls the project's interior architect, L. Dixon Steinbright, AIA. "The team had to be thorough, persistent, communicative, ready to problem-solve day and night. Allied kept each job on schedule, and they worked well with multiple trades, some from the Mainland. It was a good amalgamating effort."

Observes TDC's representative, Tom Irish: "A truly *effective* working rapport emerged from problems encountered initially. We are very pleased with the outcome."

**Teamwork. Our motto.
Our method.**

Hawaii's masons take special pride in their craft...pride in a job well done. The stone and blocks our masons use are uniquely suited to Hawaii's building needs. They are termite resistant, fire resistant, readily available and easy to install. Best of all, the beauty and strength of stone and blocks will last and last.

Build Hawaii strong with Masonry!
