## Finding field solutions is a fine art at Allied Builders

"We outgrew our new Honolulu offices almost before they were off the drawing boards," observes Sprint's Chicago based representative Jeffery Wozniwski. "Allied basically built the place over one and a half times..."

As a result of its phenomenal growth on Oahu, Sprint had over 50% of the contract value in change orders at its newly leased 65,000 sf headquarters on Dillingham Boulevard. Totally new operating requirements emerged after the construction contract was let, including reconfigured work stations, additional air conditioning requirements, electrical power and computer equipment, plus other space use adjustments.

"Even so, the job came in on time and within budget. And Allied was great at problem solving all along the way," notes Wozniwski.

"They're craftsmen, no doubt about it. Treated the job as if it were their own home. I had no idea there was this kind of quality work out here in the Pacific..."
