High Touch Produces High Tech for Amfac

Craftsmanship and diplomacy remain the watchwords of general contracting excellence.

At Amfac Information Services' new center, designed by TRB Hawaii to meet the need for state-of-the-art data processing, project execution demanded a top crew. Variables were many, including coordination with a Texas based technical consultant.

"Allied Builders dealt with the multiple tasks superbly, finishing the job on time with the professional skill we have come to count on from their people," observed TRB principal Cliff Terry.

Observed Amfac's David Enersen: "Our completion date was engraved in granite. It was a complicated project...we were impressed with Allied's totally professional performance."

ALLIED BUILDERS SYSTEM
Teamwork. Our motto. Our method.

SHHHH!

Looking for some quiet? You'd be surprised how an attractive wall of masonry can muffle—or even snuff—the intrusion of construction noise and traffic din.

Big difference. BIG difference!
