Craftsmanship: On Time and Within Budget

Continental Airlines' new 5,000 sf executive lounge (which more than doubles its original space at Honolulu International Airport) is a case in point.

"We wanted our *President's Club* to be a relaxing, peaceful haven for travelers to unwind in quiet comfort," observes Continental's *Bill Martin*. "And, we wanted the job done as fast as possible to accommodate our clients."

Recalls Project Architect *Dennis Lee*, AIA, of Peter Hsi & Associates: "Both budget and schedule were concerns. Our design response was a living room like setting with kamaaina styling—using subdued lighting, koa wood and natural stone."

Both owner and architect applaud Allied Builders' seasoned contracting skills, sensitivity and "as advertised" spirit of cooperation. "All things considered," concludes Martin, "it was a good experience. We'll call on them again."

ALLIED BUILDERS SYSTEM
Teamwork. Our motto. Our method.

1717 Akahi Street, Honolulu, Hawaii 96819, Telephone (808) 847-3763
Contractor License BC-5068

Architect Dennis Lee, Continental Hawaii Manager Bill Martin,
ABS Project Manager Winton Saito

The relaxed elegance of The Hawaii Prince Hotel was ideally suited to natural stone flooring. Burlington slate, from England, was honed and polished for the entrance lobby with natural cleft slate used for the pool deck and exterior areas. Creative tile design. Fit for a Prince.
