PRESIDENT'S MESSAGE

January was Grassroots month at National AIA headquarters in Washington. Michigan's component officers were there to listen and speak out on the state of the profession. Grassroots focused on our relation to the public, government affairs, professional development and Institute effectiveness. We debated the ethics code, energy and a host of other professional challenges. The Grassroots formula is a successful one — at the Institute level — and we, the component officers, are the wiser for it. The problem, of course, is in the opposite direction. The effectiveness of the board and staff depends on a tenuous link with the membership through the chapter directors who, in turn, depend on the membership reaching them. If you wish to be heard, on any subject speak out at chapter meetings. Contact your chapter officers. Keep your chapter director informed. I would like to hear from you, too, by letter or telephone if you wish. Your advice and criticisms will help me during the coming year, and I promise you that if you speak out we, the board and I, will listen. Together we can and will step up to the realities and challenges of the world in which we live.

On another subject, about which I feel strongly, you may have received a letter from me urging you to support the Beaubien House fund raising drive. Please take this request seriously. The response to date, while encouraging, is certainly not a Grassroots success. More than 600 members have not been heard from at all! On this you must step up to the challenge on your own.

MSA CO-SPONSORS PLANNING SEMINAR

The Michigan Society of Architects, along with the Michigan Department of Public Health, will present a Health Facilities Planning Seminar, March 12 and 13 at the Northfield Hilton Inn, 5500 Crooks Road in Troy.

The seminar is aimed principally at architects, engineers and hospital administrators to provide the latest possible information to assist in the planning, design and construction of health facilities.

Bill Graheck, AIA is one of the featured speakers and Robert Tower, AIA will chair an afternoon session on the 12th. Seminar topics include Health Care Trends and Regulations, Energy Retrofit and Programming and Design of Critical Care Units, to name but a few.

The registration fee is \$70.00 per person which includes luncheon on both days. Please make checks payable to the MSA at 553 E. Jefferson, Detroit, Michigan 48226. Registration should be made at the earliest possible date as enrollment is limited.

Arrangements for lodging will be made by the individuals attending. Call the Northfield Hilton toll-free at 1-800-482-3940 prior to February 26 for a special rate for seminar attendees.

Persons attending the seminar are also invited to the annual meeting and banquet of the Michigan Society for Hospital Engineering, March 12 at 6:30 p.m. inside the Northfield Hilton.

Tickets are available from C. William Parcels, Director, Plant and Facilities, William Beau-

mont Hospital, 3601 W. 13 Mile Road, Royal Oak, Michigan 48072. Checks should be made out to the Michigan Society for Hospital Engineering and the reservation deadline is March 5.

MSA CELEBRATION EXHIBIT OPENS IN FLINT

"The 50 Most Significant Structures in Michigan," the 1979 MSA Celebration Exhibit, will open at the Flint Institute of Arts, Thursday, February 7 and run through March 9.

The exhibit, which made its grand opening in the Rotunda of the State Capitol at the 1979 MSA Annual Convention, features structures from all nine MSA chapters. The exhibit was made possible through a grant from the Charles Stewart Mott Foundation.

The Flint Institute of Arts is located at 1120 E. Keasley with hours from 10 a.m. to 5 p.m., Monday through Saturday and 1 p.m. to 5 p.m. on Sunday.

Further information concerning the exhibit may be obtained from Ray Chalmers at MSA headquarters, (313) 965-4100.

MSA THIRD THURSDAY

Come downtown and visit MSA headquarters, the Beaubien House, February 21 for another MSA Third Thursday, featuring a slide presentation by Gary Lowell, president of Worthington Woodworks Ltd. Gary's presentation is titled "Wood You Believe . . . Signs?"

Third Thursday begins at 5:00 p.m. and the Architects Bookstore will be open, along with a cash bar, for the evening.

DETROIT CHAPTER COMMITTEE CHAIRMEN

The Detroit Chapter, AIA announces its committee chairs for 1980: Public Relations: Tom Wheat, AIA; Bylaws: Keith Sipperley, AIA; Student Affairs: William Demiene, AIA; Architects' Sunday: David Von Oeyen, AIA; Urban Design: Bruno Leon, FAIA; Fellowship: Howard Sims, FAIA; Continuing Education: Nathan Levine, AIA; Architects' House Tour: Ted Sutherland, AIA; Historic Preservation: Lou Goldstein, AIA; Exhibits: Kevin Ratigan; Awards: Kenneth Neumann, FAIA; Membership: Gene Di-Laura, AIA; Public Education: Everett Medling, AIA.

DETROIT CHAPTER AIA/PC WORKSHOP

Will Oberdick, AIA, Emil Lorch Professor of Architecture at the University of Michigan, will be the featured speaker at the next Continuing Education Seminar, "Glass and Glazing," February 28 at LIT, 3:30 to 6:30 p.m.

There will also be a panel discussion featuring Lowell Rager, regional architectural consultant for Libby-Owens Ford, Larry Moler, assistant marketing manager for Libby-Owens Ford, and another member to be named.

The next AIA/PC Continuing Education Workshop will be "Insulation Products & Systems 1" on March 25. Watch the Bulletin for any changes in date or time.

ILLUSTRATORS' SHOW OPENS IN BIRMINGHAM

"Detroit Illustrators Illustrated," a showing of works by Detroit area illustrators, opens March 22 with a public reception at the Birmingham/Bloomfield Art Association, 1516 Cranbrook Road in Birmingham. There is no admission charge.

According to BBAA Director Ken Gross, "We are more interested in showing an overview from initial client contact to finished work in various areas including medical, editorial, fashion, architectural and automotive illustration than we are in simply presenting a salon show of renderings."

Volunteer Diane Long is organizing the show.

A companion show will feature original illustrations by author/artist David Macaulay, whose books "Cathedral," "City," "Castle" and others (featured in your Architects Bookstore) have won numerous awards around the world. He will be the speaker at a lecture program and reception, Sunday, March 30 from 2 - 4 p.m. There will be a \$1.50 general admission charge, .75¢ for seniors and children.

Viewing hours are 9:30 a.m. to 4:30 p.m., Monday through Saturday with evening hours of 6:30 through 8:30 p.m., Monday through Thursday. For more information, contact the BBAA at (313) 644-0866.

OBITUARIES

William F. Thrall, 41, past president of the Grand Valley Chapter, AIA and former member of the AIA Historic Preservation Committee, died December 22 of cancer at his home in Grand Rapids.

"The mark of a good architect is to be able to see a situation aesthetically and to be unfaltering in the desire to create something artistic and functional. His (Thrall's) sense of public dedication to historic preservation and the arts epitomizes the impact an architect can have on the community."

These remarks were made by Don Fritz, AIA in connection with the recent showing, "A Perspective of Architecture," at the Urban Institute for Contemporary Art in Grand Rapids. A major portion of the show was devoted to Thrall's work.

Thrall graduated magna cum laude from the University of Notre Dame and studied architectural history at Columbia. He served as secretary of the Arts Council of Greater Grand Rapids and was on the board of directors of the Kendall School of Design and the Dyer-Ives Foundation.

Don Steenwyk, senior partner of Steenwyk and Thrall-Architects, called him, " . . . one of the few architects who was

also a good artist and had a real sympathy for old, historic structures. He was dedicated 100 percent."

He is survived by his wife Joan; children Steve, Patty, Michael and Jennifer; two brothers, Thomas of Adrian and Steve of Grand Rapids; a sister, Keasha Moore of Rockford and parents, Frank and Elizabeth Thrall of Grand Rapids.

The Reverend Lawrence J. Green, S.J., 74, died Wednesday, January 2 after a long illness.

Last year marked Fr. Green's 25th anniversary with the University of Detroit. This quarter century saw the creation of an independent School of Architecture from its beginning as a part of the School of Engineering. "It was really through Fr. Green's vision and effort that the School of Architecture was formed and gained its place of national prominence," said the Rev. Malcolm Carron, S.J.

Bruno Leon, FAIA, Dean of the School of Architecture, termed the death, "a great loss of a truly caring and talented man."

At a testimonial dinner last year, Fr. Green was presented with a special alumni award, recognized with a scholarship program and had the exhibit hall in the U of D Architecture building named in his honor. "Nearly 90% of our architecture alumni attended the dinner," Leon said, "and that's probably the best indication of the respect held for Fr. Green."

He is survived by a brother, Francis A., of Kent, Ohio and a sister, Mrs. A. Murray Swanson of Tucson, Arizona.

Frederick G. Strauss, AIA, (E), 85, dies December 12 in the Allen Park Nursing Home. He was with Smith, Hinchman & Grylls & Associates for 46 years.

Strauss worked on the construction of the Stephens T. Mason building in Lansing, spent two years in England on the expansion of the General Motors Vauxhall plant in Luton and spent four years in South Korea, supervising construction of a teaching hospital at Yonsei University in Seoul.

He is survived by his wife, Anne; a son, Frederick; a daughter, Mrs. Dorothy Hensel; two sisters, eight grandchildren and two great grandchildren.

Ralph A. MacMullen, 86, former contract manager for Smith, Hinchman & Grylls, died December 14 at Beaumont Hospital in Royal Oak.

MacMullen spent 37 years as a member of the Detroit Chapter of the Associated General Contractors of America.

He is survived by his wife, Bolette; a son, Donald; three daughters, Roberta, Mrs. Frances Finlayson and Mrs. Charlotte McCray; three brothers, one sister and 12 grandchildren.

WILL IT BE SAVED?

In cities and communities all across America, our heritage is being lost when early government buildings, churches, houses and factories are needlessly destroyed. Many can be adapted for modern uses . . . economically and even profitably . . . But someone in your community has to care. How about you?
