

# MONTHLY BULLETIN

Official Bulletin of the Michigan Society of Architects

April 1982  
Volume 5 • Issue 4

## PRESIDENT'S MESSAGE

**MIKE CALLAHAN, AIA**  
President  
Michigan Society of Architects

Almost in every issue of the various newspapers that we all read at sometime during each day, there are articles concerning the slumping economy, the plight of the Governor, Legislature, Senate, council, commission, or whatever to address the increasing budget deficit, re-districting of the Senate and local counties or communities, the upcoming primaries, and the November elections.

Somehow I feel that they are all interconnected to each other. Lately, more and more interest seems to be centered on the question of re-districting of the state's legislative and senatorial districts to provide that necessary equalized representation for the people. No solution seems to be forthcoming. One might say, "politics as usual."

During this spring and summer, there is going to be a lot of "politics as usual." I'm not sure that the architectural profession can or should sit on the sidelines to wait, watch, and hear the political orations about the problems that surround us, and which we already know, and yet continues to see the state's economy decline.

This must be a time for everyone to become involved in the political process. It is everyone's responsibility to participate at whatever level of effort for the correction and betterment of the ills of our state, community, and society. MSA has a Political Action Committee to receive political contributions and direct those contributions to the various campaigning candidates. This is one way of par-

ticipating. Financially, another is that of running for office.

Serious questions abound. Necessary answers must be found. Maybe, in some way, we all have an answer to some of the questions.

THE ARCHITECT IN MICHIGAN'S FUTURE

## CHALLENGES MSA CONVENTION

CHALLENGES, "The Architect in Michigan's Future," will be the theme of the 67th Annual MSA Convention to be held October 13-15 at the downtown Hyatt Regency in Flint, Michigan. The Flint Area Chapter will be the host chapter for the first time in MSA history when the convention convenes this fall.

Set amid a deep recession, declining industry, expensive labor and business markets . . . what can the future be for a northern frost belt state like Michigan? Will new markets or development of existing ones create a better business environment? How or will the architectural profession change? The convention is designed to address these timely and significant issues of our age.

The logo for this year's convention is designed by Jim Sutton, an associate member of the Flint Area Chapter. It symbolizes the dawning of a new age in architecture, reflecting and rising from the basic principles of the AIA.

## ASSOCIATES ALERT/ MSA CONVENTION

The Associate Members of the Flint Area Chapter invite other Associate Members of the Michigan Society of Architects to comment on issues/interests that

they would like to see presented at the 1982 MSA Convention, October 13-15, 1982, Hyatt Regency Flint.

Mail comments to Dennis Brown, Associate, c/o SSOE, 200 Mott Foundation Bldg., Flint, MI 48592 or call (313) 238-5200.

## LETTERS

**Rae Dumke, Editor**

Dear Rae:

The WMC/AIA held its second annual Legislative Breakfast March 1, at Kalamazoo College. Six legislators (Sen. Harry DeMaso, Sen. John Welborn, Reps. Mary Brown, Harmon Cropsey, Lad S. Stacey and Robert Welborn) and 31 Chapter members attended.

The topics discussed were: New State Professional Services Procurement Policy, COPOL (sunsetting), Government Day in Lansing, March 16th, Interest Rate Ceilings, Governor's Recovery Plan, "Say 'Yes' to Michigan," and PAC's.

A point made by all of the legislators was that individual contacts by constituents, either by letters or telephone, are very important and carry weight. They all encouraged greater participation in State government by MSA, the individual Chapters and the individual architects. All of the legislators thought the breakfast meeting was a good idea, and that more should be held in the future.

The breakfast was planned and organized by Ed Hammarskjöld, AIA, and the discussion moderated by Evie Asken, AIA. The local newspaper, the *Kalamazoo Gazette*, was invited and a reporter was present.

Norman L. Hamann, AIA  
President Western  
Michigan Chapter/AIA

## PRESIDENT'S LETTER

**Charles T. McCafferty, AIA**  
Detroit Chapter President,  
1982

Michigan architects and particularly those MSA members who make up the Detroit Chapter are fortunate to have the Beaubien House for their headquarters. Located in the heart of the city, it provides a great present resource for our meetings and activities. Due to its relatively small size, there are only a certain range of program activities that can take place there, but it fills the bill for most committee and other similar functions. In addition, it houses the MSA bookstore which, as you may know, is the best resource in the state for expanding your professional library.

All is not perfect, however. The Beaubien House is in substantially the same physical condition and appearance that it was when it was purchased several years ago, due primarily to the lack of an effective program for rehabilitation and restoration.

One of the principal tasks of my year in office is to re-focus our energies in the development of a program, necessarily and desirably long-term, for the restoration of the Beaubien House. An *ad hoc* committee from the Detroit Chapter Board has been formed to review all available data, including finances, program, schedule, and other pertinent factors, with the intention of recommending a detailed program to the Michigan Architectural Foundation, the owner of the property.

I am very excited about this program and I hope the Chapter can look forward to your wholehearted support for this program.

Let me know if you would like to serve in a more active capacity.

Keep in mind the architects' "Third Thursday." Each month after the Chapter board meeting, there is an informal gathering of your colleagues and associates at the Beaubien House, starting at approximately 5:00 p.m. and concluding usually no later than 7:00 p.m. This year we are introducing a series of informal talks by speakers of general interest to the architectural profession. "Third Thursday" is an excellent way to stay in touch with your friends. Bring your friends and come on down!

## MSA WELCOMES MEMBERS

**Detroit Chapter:** Wayne Bills, AIA, sponsored by William Jarratt, Harold Mitch and James Hackenberger; **Timothy Casai, AIA**, sponsored by Glen Paulsen, Tom Lucas, Keith Brown, Gary Skog and Carl Roehling; **Virgilio Castelo, AIA**, sponsored by Jorge Pardo, Jack Friedman and Carroll Oliva; **Theodore Manos, AIA**, sponsored by Kenneth Mitchell, Howard Droz, Randall Hebestreit and Michael Brennan; **Roy Romano, AIA**, sponsored by Peter Tarapata, Tom Lucas, Maurice Allen, Richard Albyn and Kent Johnson; **Donald Root, AIA**, sponsored by Tom Lucas, Richard Albyn, Peter Tarapata, Kent Johnson and Bob D'Alessandro; **Gene Scholma, AIA**, sponsored by Peter Tarapata, Richard Albyn, Larry Morris, Kent Johnson and Bob D'Alessandro; **Richard Torri, AIA**, sponsored by A. R. Bliven, Jorge Pardo and Linn Smith; **Stanley Wyre, Associate**, sponsored by Mark English, David Perkins and Roger Margerum; **Richard Kolano, Prof. Affiliate**, sponsored by Frank Straub and

J. Stuart Pettitt; **Michael Dul, Prof. Affiliate**, sponsored by John Malak and Jack Brown.

**Flint Area:** Robert West, Jr., AIA.

**Grand Valley:** Richard Craig, Harvard Vanden Bosch and Kim Hartman, Associate.

**Mid-Michigan:** Frederic Grable, Associate, and David Peake.

**Saginaw Valley:** Charles Blacklock, AIA.

**Western Michigan:** Evzena Jameson, Associate, and Gary Johnson, Mary Jo Vickers, Prof. Affiliate.

## COMPUTER GRAPHICS

The 8th Annual Computer Graphics Conference & Equipment Display sponsored by the Engineering Society of Detroit will be held May 4-6, 1982.

This conference is aimed at providing the user and potential user a state-of-the-art perspective on computer graphics hardware, software, and applications. Two tutorials provide a good introduction for those who want to know what to look for in a graphics system, a general knowledge of how to implement the system once it is acquired, and how to effectively present data using representation graphics. The technical papers have been selected to cover a wide range of applications in numerous industries. A feature of this year's conference is an expanded double-track of automotive and architectural engineering papers.

The major vendors of computer graphics equipment will be on hand during the equipment display. For conference registration fees and information contact ESD, 100 Farnsworth, Detroit, MI 48202. A special mailing from ESD is being sent to all MSA members.

## SMPS/MICHIGAN

SMPS/Michigan is now official... and the very first of what promises to be many Chapters throughout the United States and Canada of the Society for Marketing Professional Services.

The SMPS-Michigan Board of Directors was elected late last year as follows:

President—

Joseph D. Joachim, Soil & Materials Engineer, Inc.

Vice President—

Glenn R. Machemer, Ford & Earl Design Associates

Secretary—

Joan M. Dunlavy, O. Germany, Inc.

Treasurer—

Gerald M. Belian, Testing Engineers & Consultants, Inc.

Directors—

Robert G. Bell, Graheck, Bell, Kline & Brown  
Dodie Vickers, Kingscott Associates, Inc.

Ann E. Nugent, MJK Architects, Engineers & Planners  
Robert L. Buitendörp, Buitendörp Associates, Inc.  
Kim A. French, Roy G. French Associates, Inc.  
John Danko, Barton-Malow Company

The basic purpose of SMPS is to help the marketer/manager in professional services firms to improve skills, increase effectiveness and market awareness; to grow in the profession and to help develop and strengthen a firm's marketing program and the need for professionalism in the industry. SMPS-Michigan is now 75 members strong and hopes to provide a means for open exchange of marketing concepts, knowledge, skills and programs.

For further information, call or write any Board member.

## MEET DEMANDS OF GROWING MARKET

The American Concrete Institution in cooperation with the ACI Michigan Chapter, LIT School of Architecture and Michigan Section of ASCE, will conduct a seminar on Concrete Repair and Restoration on April 29th at LIT School of Architecture Auditorium.

The seminar will provide guidance in building repair and restoration for design engineers, maintenance engineers, contractors and architects.

The seminar speakers and leaders will include nationally recognized authorities in the field of repair and restoration. Registration fee is \$150 for non ACI members and \$125 for members. For information contact ACI Education Dept., P.O. Box 19150, Detroit, MI 48219 or call ACI Headquarters, (313) 532-2600.

## CPMC CONTINUING EDUCATION PROGRAM

### SOLAR ENERGY SYSTEMS

This program provides up-to-date information and design techniques. The design professionals will be given a broad overview of the solar industry as it exists today, along with a look at its potential in future building construction. The speakers, panels, audio/visual aids and handouts provide information on present and future markets including the effects of government incentives. System types and their utilization in both residential and commercial construction will be discussed. Design and sizing of solar systems will also be covered

ence: 10 years, preferably including editing technical publications of substantial scope.

The second position is for an architect with management experience who will be named as Director in the technical division for practice publications. Good communications skills are essential.

Interested and qualified individuals should send their resumes, along with salary requirements, to Sheila Neary, Personnel Director, AIA, New York Avenue, NW, Washington, D.C. 20006.

## CLASSIFIED

Project Management/Contract Administrator, B. of Architecture, LIT. BS/Architecture, LIT. Professional membership: Associate Member AIA, CSI, and ESD. Contact: (313) 541-7244.

☆

B. of Architecture, Middle East Technical University and will be receiving a Master of Arts degree in art/rendering, May, 1982, from Indiana University of Pennsylvania. Seeking position in design/rendering and/or construction sectors. Contact: Ali Emre Ege, 468 South 13th St., Apt. 9, Indiana, Pennsylvania 15701. Telephone: (412) 349-7289.

☆

Architect, 35, with Michigan registration and diversified private practice seeks responsible position or merger with design oriented Michigan firm. AIA, NCARB, CSI. Call (616) 845-6755, 9:00 a.m.-5:00 p.m.

☆

B.S. Architectural Studies, University of Wisconsin, Milwaukee, 1981. Seeking position as architectural draftsman. Contact: Kevin B. Shumann, 1785 S. Cherry St., Galesburg, Illinois 61401. Telephone: (309) 343-1659.

## FIRM CHANGES

Edmund London & Associates, Inc., Inc. has moved to 4000 Town Center, Suite 950, Southfield, MI 48075. Same telephone number, (313) 353-4820.

☆☆☆

Robert H. Isler, AIA, is now located at 23100 Providence Dr., Suite 450, Southfield, MI 48075 in the Clausen Building, North Unit. Telephone: (313) 559-2020.

☆☆☆

John Malak, of Malak and Associates, Birmingham, announced the addition of Edward S. Waitkus as a member of the firm. As a result, the firm will become Malak/Waitkus Associates, PC, and continue to provide architectural services at 580 Elm St., Birmingham, MI 48008. Telephone: (313) 540-0131.

## GRAPEVINE

MSA welcomes **Detroit Edison** as one of our advertisers for 1982 in the *Bulletin*... The **Fisher Building** has received a **1982 Tucker Award** for its designer, **Albert Kahn Associates**; the award is presented by the **Building Stone Institute**... **Gordon Bugbee** will present two slide shows at the **Detroit Historical Society** on Sunday, April 4, focusing on homes and on April 18 dealing with churches and public buildings... **Michael Belt**, AIA, has directed the 5th Annual Career Seminar for Muskegon area high school students... Letter from **Thomas Kurmas** of the Detroit Chapter was published in the February issue of the AIA Journal... **John E. Marusich, Jr.**, graduate student in Architecture at U of D, has been appointed to the AIA Urban Planning and Design Steering Committee as the Na-

tional Student representative for 1982... **Paul Bowers, FAIA, Bill Kane, AIA, Ann Stacy, Hon. AIA, and Rae Dumke** conducted round table discussions at the **Mid-Michigan Chapter's** February Meeting. The intent of these discussions is to involve members with MSA and AIA programs and activities... Call **Ann Stacy** if your Chapter would like a similar program... **John Dye** Of Oscoda and Saginaw Valley Member with his wife, Dr. Jane Dye and family are setting up housekeeping in a 100-year-old house in Lancaster, Ohio... **Christopher Kittides** of **SH&G** has been named Vice President of Marketing... **Fred H. Blackwood**, president of **Beaver Distributors**, has been appointed General Chairman of the Annual Convention of the Ceramic Tile Distributors of America, which will be held at Cobo Hall, September 12-15, 1982... **Mary M. Munski** participated in the Jackson Public Schools educational program to educate students on non-traditional occupations... **Peter Danner** reported that the **Saginaw Valley Engineering Council** Annual Banquet & Meeting was successful with over 260 attendees. The Flint Chapter, AIA, was the host for this event held at the Hyatt Regency Flint... **Michael J. Dul & Associates**, a landscape architectural firm, received design awards for two projects from the Michigan Association of Nurserymen. Projects honored were: Oakwood Manor Apartments, Birmingham and Robotix Systems, Inc., Marysville... **Gordon Rogers** has been appointed to Kalamazoo's new **Downtown Development Authority** for a one-year term. His firm has also received the Distinguished Building Award for its renovation of the Haymarket in downtown Kalamazoo... **Robert Marans**, Prof. UM, is an

award winner in the 29th annual awards program sponsored by **Progressive Architecture** magazine... **Preservation/Urban Design, Inc.** received an honor award for the restoration of the Thomas Jefferson Building of the Library of Congress in Washington, D.C. from the Washington Metro Chapter, AIA. (This project was a joint effort with Arthur Cotton Moore Associates)... The Kalamazoo Art Institute's Annual Art Auction is being coordinated by **Kathy Blalock** of **O'Boyle, Cowell, Rohrer**, landscape architects... **Norman Carver, Jr.**, author and photographer from Kalamazoo, has a new book, "**Iberian Villages: Portugal and Spain**," 192 pages, 186 photographs. \$17.95... **John Wilkie** fielded questions on architecture as part of a panel discussion from 8th grade students at Grosse Ile Junior High... **Albert Kahn Associates** named new associates **Roger Boe**, AIA, Project Management; **Alan Cobb**, Architectural Design; and **Stephen Whitney**... **Northern Michigan Chapter** had a novel idea to get members to a Chapter meeting—**FREE BEER** on the Chapter... **Giffels Associates** has acquired **John J. Harte Associates**, an Atlanta based A/E firm. **Arthur Moran, Jr.**, AIA, executive Vice President of Giffels, has been named a vice president of **Harte**... **Ed DeJong** of Muskegon made a presentation at the Michigan Solar Energy Association Convention... **Richard Koprowski** has joined in partnership with **John W. Dybis** at Health Care Architectural Services... For news of **King Arthur and His Court** subscribe to the **Snake Oil Press**, Saginaw Valley Chapter CSI... The 15th Annual Health Facilities Conference was again successful thanks to the MSA Committee of **Bill Graheck**, **Sam Popkin** and **Bob Tower**.

along with testing, rating warranties, liabilities, codes and social law as they relate to solar energy. Other types of solar energy systems with future potential and utility interface will conclude the program. The date is May 11, 1982 from 3-6 p.m.

For information and Detroit area location contact Kathy Hogan, The Builders Exchange, (313) 567-5500.

## LEGISLATIVE BREAKFAST, LANSING

One hundred members of MSA, the House of Representatives and the Michigan Senate attended breakfast at Longs Center in Lansing on March 16th. Republican Senators Richard Allen and John S. Mowat, Jr. and Representatives Loren Armbruster, Mary Keith Ballantine, Wilbur Brotherton, Martin Buth, Alan Cropsey, Harmon Cropsey, Doug Cruse, Paul Henry, E. A. Lincoln, Ruth McMamee, Ernest Nash, Lad Stacey, and Jean Willoughby and Democratic Senators William Faust and Mitch Irwin and Representatives Perry Bullard, Joseph Conroy, Robert Emerson, Richard Fitzpatrick, Jack Gingrass, Lynn Jondahl, Lucille McCollough, John Maynard, Debbie Stabenow, Robert Welborn, Claude Trim, Gary Vanek, Joseph Young and Richard Young joined members of the Michigan Council of Professional, Scientific and Technical Association for breakfast conversation. Position papers on Low Level Radioactive Waste Disposal, Expanding High Growth Technology Based Industry in Michigan, Extremely Low Frequency Communications Systems (ELF), and Development of a Michigan Center for Advanced Engineering

and Manufacturing Technology and an Applied High Technology Institute Park were commented on by Council President Bernie Sallot. Evie Asken, AIA, introduced and shared the platform with Harry Ball, MSPE, and Steve Wagner, CEC.

### HOUSE BILL 4126

The following statement is made by William J. H. Kane, AIA, the chairman for the MSA Legislative Affairs Committee. Copies of the bill may be obtained by calling Ann Stacy (313) 965-4100.

### MSA ANALYSIS OF HOUSE BILL NO. 4126

"State Construction Code Act of 1972" Bill requires a governmental agency complete a comparative cost analysis of at least two (2) energy systems; one of the systems analyzed shall be a solar energy system on any governmental building of over 35,000 square feet.

(A) "Certificate"—an official statement by the Commission.

(B) "Cost Analysis"—estimate of total cost for operation, maintenance, and construction of an energy system over the design life of the structure.

(E) "Government Agency"—public agency, including the state, county, township, city or village.

If the solar energy system is *not* less than another system, then the agency shall be *eligible* for reimbursement by the Senate for the cost of the analysis.

### MSA Position:

1. MSA not opposed to life cycle costing or value engineering for any structures.
2. MSA concerns are with the cost of the service and the questions H.B. 4126 raises.
  - a. Who will do this type work?
  - b. Will they have to have special certification? How much will it cost?

- c. How will they be paid? (extra service)
  - d. What is the cost/benefit ratio?
  - e. Will a large governmental agency be needed to monitor and issue certificate for construction?
  - f. What will be the filing fee and certificate cost?
  - g. Possible project construction slow-up (Section 4, Page 2).
  - h. Poor procedures (Section 5, Page 3).
  - i. What are the chances of cost reimbursement by the State for cost incurred for systems where costing is less than solar energy systems?
3. Under its present form, MSA cannot support H.B. 4126.

## MEMBERSHIP DRIVE

In honor of the celebration of the 125th Anniversary of the founding of the American Institute of Architects we are conducting a statewide membership drive.

Michigan has been designated a single state test region for the entire AIA and we are conducting a pilot program in all nine chapters.

MSA Staff is available for Chapter meetings on membership recruitment, membership services and programs. Regional Director John Jickling is available for visits to all Chapters as requested.

A comprehensive program of letters of invitation to join, samples of AIA and MSA publications and personal contact is underway. We have 901 non member registered architects in Michigan who are eligible for membership. Do your share—invite a prospective member to join your professional society.

## DELEGATE INFORMATION/ DETROIT CHAPTER

If you wish to be a delegate to the National AIA Convention in Honolulu, Hawaii, June 6-9, 1982, please complete the form below and return it to Headquarters prior to May 21st. Only written requests may be honored.

Every member delegate must present, in person, a properly executed credential card to the Credentials Committee at the Convention at the time of registration and/or prior to 4:00 p.m. Monday, June 7, 1982.

I agree to be a delegate at the National AIA Convention and pay all expenses incurred.

## **Energy Management Ideas from Detroit Edison**

### **Heat pump space conditioning can help lower the cost of doing business.**

Whether you're an architect/designer or a contractor, you can help your clients lower their cost of doing business by specifying a heat pump space-heating system. You can connect a heat pump to most electric, gas, oil or L.P. forced-air heating systems with no, or minimal, modification.

A heat pump lowers costs because it moves the natural heat, that's always present in the outside air, inside to heat any kind of building. The heating system only has to go to work when the outside temperature is below freezing.

A Detroit Edison Specialist can give you straight answers on heat pump savings and recommend the kind of heat pump that will do the best job for any business. He can also recommend economical and efficient methods to improve interior and security lighting, assist you in selecting waste heat recovery equipment and advise you on maintenance

schedules to keep all machinery operating more efficiently.

Whatever your business, energy management is a lot simpler when you can depend on a reliable power source. And you can in Southeastern Michigan because Detroit Edison provides this area with electricity that's more than 90 percent generated from abundant coal.

So take advantage of Detroit Edison's vast energy experience and set up an appointment with one of our Specialists soon. Call (313) 237-9228 or write Energy Management, Detroit Edison, 348 WCB, 2000 Second Avenue, Detroit, Michigan 48226.

**Detroit  
Edison**  
Keeping the power  
in your hands.
