

MONTHLY BULLETIN

Official Publication of the MICHIGAN SOCIETY OF ARCHITECTS

PRESIDENT'S MESSAGE

Roger Margerum, AIA

We went to Tampa, Florida Grassroots this year with a primary resolve to determine the MSA role in our organizational triad with the emerging reorganization at the Institute. Last year in Detroit, Mini-Grassroots recorded a criticism by one of our chapters that MSA was ineffective. This raised the obvious question of why an MSA? We put this same question to other state and regional heads in Tampa, and we received diverse answers depending on the structure of a particular middle tier component.

In comparing the structure of other single state regions similar to Michigan, such as Pennsylvania, New York, Texas and Ohio, there is a significant difference in the Board of Directors representation. Other State boards are comprised of current chapter presidents. Michigan, by comparison, has a board of directors composed of chapter elected directors, some of whom are past chapter presidents. The present MSA structure lends itself to developing separate goals from the chapters; and lines of communication tend to travel separate routes. The MSA goals should represent the combined goals of its chapters.

This year I am requesting a partnership be formed between the chapter MSA director and the respective chapter president. MSA meeting deliberations will be reviewed by chapter presidents and their board of directors for feedback through the MSA director to the state organization. The MSA main thrust is state government concerns on behalf of all chapters; and MSA is the facilitator of one on one between the Institute and chapters. State programs should not be out of phase with those of

the local components.

The state and chapter components might reassess their by-laws to achieve better unity.

WHAT DO YOU DO WHEN YOU DON'T DO WHAT YOU DO . . .

Normally, That Is?

What do you do when you don't do what you do... usually? Now as a practicing Architect I normally, of late, wrote specs for hospitals and schools and hotels and such, and old motor car plants needing renovation. And formerly, as a proprietor in Saginaw, I designed schools and banks and offices and stores and even an occasional home and wrote specs and did working drawings and observed work in the field and comforted clients, as architects in small practice often do. Ah, but now with the construction industry, the state, the nation and indeed the world in a recession, I have been whittling walnut and cutting glass and leading glass and have become a sculptor of such amazing pieces as "Texas 1982," "Pilots 4 A," "Moses' Burning Bush," "Golgotha," "Everybody Needs a Helping Hand," "The Mariner Strikes Again," "Totems," "The Architect, a Distinct Dichotomy," "Church Spires" and "Stage Set with Music." These range in size from 10" round by 6" high to 20" round by 48" high, with most about 18" high.

I fell into this sculptural phase of my working life quite naturally. Last year, to celebrate my parents' 60th Wedding Anniversary, I determined to construct something unique . . . their "Tree of Life." I had a fine old walnut stump from my Grandfather Nelson's back yard, I got some genuine Michigan Bell Telephone copper ground wire

(Father and Mother met while working for Ma Bell at the Bell Bldg. in downtown Detroit in the early '20s), and I had a couple of those old stained glass sample boxes from Wissmach that I used to use back in the '50s and '60s when designing churches and schools. Wallah! A tree! A copper wire tree — a "Tree of Life" fraught with beauty and lots of symbolism (a sculptured walnut base from a "family" tree, 60 strands of copper Bell wire all coaxially intertwined to symbolize the 60 years together and multicolored glass leaves fashioned from my Wissmach sample box to symbolize the golden years, the dark years, the red hot years and the light years of great joy). It was a cherished success, and I was hooked on sculpture, stump sculpture that is. I sculpture the top of the walnut stump, or some other stumps I have since acquired, build the glass sculpture atop it (a Corbu piloti glassy City of the Future came next), cut that particular base off of the stump from 1" to 8" thick, finish the base, mount the glass assemblage which is usually architectonic in form and the start all over again.

I joined the Left Bank Gallery in Flint as an Artist-Member. This was a "test" since one must be juried first by local artists. I passed and now exhibit there. I did this after getting a critique from long time friend and sculptor-teacher Pamela Stump Walsh.

Well, I am still an Architect, and I do some architectural work when the opportunity arises. I will do more when the economy turns around. But sculpture is what I do now, when I don't do what I do . . . normally, that is.

EDITOR'S NOTE: This article was written by Arthur Nelson, AIA, for the *Monthly Bulletin* because March 17th, St. Patrick's Day, third Thursday at the Beau-

bien House, will feature Art Nelson's work. We hope you will join the Detroit Chapter, AIA, Board of Directors, MSA/AIA Staff and Art and Lois Nelson to help us celebrate.

One further note from Art — and the Managing Editor: If any of our readers have a story similar to Art's experience, we could make this column a regular feature, "What do you do when you don't do what you do . . . normally, that is?" Subject to the Publications Committee Review!

MARKETING THE CONSTRUCTION COMPANY

This is a seminar by AGC, Detroit Chapter and PHI of Detroit and will cover topics such as Assessing Your Company's Marketing, Entry into New Markets, Sales Tools, Advertising and PR and Personal Selling. These programs will run five consecutive Tuesdays beginning February 1st. Each session starts at 4:00 p.m. and will be completed by 6:00 p.m.

Session leaders and speakers will be Tom Landry, A. J. Etkin Construction Co., and Prof. Jack McDonald, WSU, for Session I, "Marketing Assessment"; Mark Wilcox of Geo. W. Auch Co. and Ed O'Brien of Waterford Construction Co., with participants Dennis Millgard, Millgard Corp., Tom Brady, Barton-Malow Co., and Geo. Campbell, U.S. Dept. of Commerce, for Session II, "How to Enter New Markets." D. Gary Keith, Barton-Malow Co. and Phil Nicholas, AIA, R. E. Dailey & Co., with participants Robert Paulsen, AIA, of Albert Kahn Associates, and Angela M. Kimble of HEPY Associates for Session III, "Sales Tools (1)". D. Gary Keith, Barton-Malow Co., and Phil Nicholas, AIA, R. E. Dailey & Co., with participant Joseph Giumette of Anthony

Franco & Associates for Session IV, "Sales Tools (2)."

The fee for all five sessions is \$50.00 payable to AGC, Detroit Chapter, Inc. For more information call (313) 342-5100.

NUTS AND BOLTS WORKSHOP

The Builders Exchange of Detroit & Michigan announce a new ongoing service for its members. Evening workshops will be held monthly at the Builders Exchange of Southfield High School to thoroughly familiarize construction business personnel with the Michigan Construction Lien Act (covering both non-residential and residential structures).

The workshop leader will be attorney Marty Burnstein of Ginn, Kramer and Jacobson, P.C., who is considered an expert in the field of Construction Law.

The fee for the two-hour workshop is \$30/person/member firm, and \$40/person/non-member firm. Dates are February 15, March 15, April 19, May 17 and June 14. For further information contact the Builders Exchange (313) 567-5500.

SEMINAR TOPICS FROM ICM

The Institute for Construction Management has a series of seminars for 1983 in the Detroit area. Below are the topics, speakers, dates, times and fee for each course.

Financial Management & Control in Construction by Joseph DeGenearo, CPA, meet for 7 weeks every Monday evening from 6:00-8:00 p.m. beginning February 7th. Fee \$95.

Construction Accounting Methods conducted by Walter S. Koziol, CPA, and J. Michael McShane, CPA, meeting for 7

weeks every Tuesday evening from 7:00-9:00 p.m. beginning February 15th at LIT. Fee \$95.

Construction Law conducted by Marvin Dramer, Juris Doctor from Wayne State University Law School, meeting 6 weeks every Wednesday evening from 6:00-8:00 p.m. beginning February 16th. Fee \$110.

Basic Principles of Construction Purchasing & Expenditure conducted by James Vrana from General Dynamics, meeting for 7 weeks every Tuesday evening from 7:00-9:00 p.m. beginning February 15th. Fee \$95.

For detailed information contact Registrar—Institute for Construction Management, P.O. Box 33056, Detroit, MI 48232, or phone: (313) 567-5500.

AVOID CONSTRUCTION CLAIMS

The Institute for Construction Management presents an important "How-To" for the Construction Industry "Avoiding the Construction Claim" on Friday, February 25, 1983 from 8:30 a.m. to 4:30 p.m. at the Sheraton-Southfield, 17017 West Nine Mile Rd. at I-696, Southfield.

The instructor for this program will be Ralph J. Stephenson, P.E., engineering consultant with an extensive background working with owners, architects and engineers, contractors and legal agencies in the resolution of claims.

The fee for this seminar is \$135/person. Fee includes all workbook materials, seminar instruction, lunch and refreshment breaks. Deadline for registration is February 11. Checks should be made payable to The Builders Exchange and mail to Registrar, Institute for Construction Management, P.O. Box 33056, Detroit, MI 48232.

DETROIT CHAPTER BYLAWS

On October 22, 1983, the new Detroit Chapter Bylaws were approved by the Institute Secretary and, as of that date, became effective as the Chapter Bylaws. Following is a summary of the most significant provisions:

The Annual Dues of the Detroit Chapter are fixed by the Bylaws at the current amounts. The Board of Directors may reduce the dues in any given year but cannot increase the dues without approval of the membership and a bylaws amendment.

All provisions relating to the Code of Ethics, unprofessional conduct and disciplinary action have been deleted at the direction of the Institute. A member can now be terminated only for nonpayment of dues providing all other qualifications for membership are met.

The Bylaws provide that members whose dues remain unpaid for 90 days may be automatically terminated.

The Chapter Board of Directors consists of the President, Vice President/President Designate, Secretary, Treasurer, three Chapter Directors and the MSA Directors. The immediate Past President automatically becomes an MSA Director and remains a member of the Chapter Board. Provisions in the old Bylaws for an "Executive Committee" have been deleted.

The Secretary and Treasurer serve two years, expiring in odd and even years respectively, and may serve for only two such terms. The President may serve only a one-year term.

Nominations for Chapter office, the Chapter Directors, or MSA Directors are determined by the Elections Committee. The Elections Committee may make one or more nominations for

each vacancy as appropriate. Additional noninations must be solicited from the membership.

Honorary members are elected by the Board of Directors, however, may be nominated by any member of the Chapter.

The Bylaws specify that the chapter officers will be at the Beaubien House, 553 East Jefferson. The Chapter offices, therefore, cannot be changed without the approval of the membership and an appropriate Bylaws Amendment.

Except for the Annual Meeting, Chapter Meetings may be held at any time designated by the Chapter Board with no requirement for a specific number of Chapter Meetings. The Annual Meeting must be held in October of each year.

The new Bylaws provide that the Board may purchase, lease, or acquire real or personal property up to an aggregate limit of \$10,000. Financial obligations above that amount require approval of the membership.

Committees are established each year by the Board of Directors, however, committee chairpersons are appointed only by the President. No specific committees or committee activities are required by the Bylaws.

The new Bylaws may be amended at any meeting of the Chapter by a two-thirds vote of the members present provided that at least 10% of the voting members are present at the meeting. The authority of the Board of Directors to amend the Bylaws is limited only to amendments necessary to conform to the Institute Bylaws. Amendments to the Bylaws may be proposed by any member.

A copy of the complete text of the new Chapter Bylaws is available on request from the Chapter office.

POSITIONS WANTED

Eleven years architect experience on industrial, commercial and medical projects is seeking related position in Detroit area. Contact: Mark Furstenberg, Associate Member AIA, 20496 Cheyenne, Detroit, MI 48235. (313) 341-3522.

☆ ☆ ☆

Registered Architect with Masters Degree, currently self-employed, seeks position or possible association with progressive architectural firm located in the metro Detroit area. 7 years of varied experience including Architectural Design, Interior Architecture, Retail Store Design, Cost Estimating and Construction. Contact: Charles Rosen, 15301 Marlow, Oak Park, MI 48237, (313) 967-4085.

CONSULTANTS MICHIGAN HISTORY DIVISION

The Michigan History Division is involved both directly and indirectly with a number of preservation projects throughout the State of Michigan. They are directly involved with professionals and their clients through the administration of the National Register Grant Program, the Historic Preservation Section of the Economic Recovery Tax Act of 1981, State Survey work and the Environmental Review process. Furthermore, local communities and individuals often request information on organizations with experience in the field of preservation. To facilitate this involvement, the Michigan History Division maintains consultant files used by the public as well as the staff. The Michigan History Division does not make

hiring recommendations, but does provide a list of professionals with experience in preservation projects.

The Michigan History Division is currently updating its consultant files and consultant list. If you have had experience in preservation work and are interested in being included in these files, please submit resumes, portfolios, or other information outlining your experience in preservation to:

Brian D. Conway, Architectural Coordinator, Michigan History Division, 208 N. Capitol Avenue, Lansing, Michigan 48918.

GRAPEVINE

John Meyer, a native of Bay City, and an architect with **Wigen, Tincknell, Meyer & Associates** of Bay City and Saginaw, has written an article on the **Bay City Hall** for **Michigan History**, January/February 1983. . . . **Giffels** has named **Richard Bither** a vice president of business development and **Ernest Graf** as an assistant director of mechanical engineering. . . . **Almon Durkee**, State Architect, assisted former Governor Milliken in the unveiling of Gov. Milliken's official portrait. . . . **Garfield Kindred**, a Port Huron architect and president of the Bluewater Alternative Energy Society, conducted tours of a home using solar power for heating in the Port Huron area. . . . **Mid-Michigan Chapter** was honored at its January Chapter Meeting with speaker Mayor **Terry J. McKane**, City of Lansing. . . . **Dean Karl Greimel**, on behalf of LIT School of Architecture, accepted the entire library of **Albert Kahn** from A/K which includes more than 3,000 books and two conference rooms with original cabinets and tables.

Preserving the original library took more than 2,000 man hours to complete. . . . **Maurice Allen**, an architect at **TMP**, and **Glen Michaels**, a sculptor, were featured in the **Birmingham-Bloomfield Eccentric** newspaper talking about a project for the Macomb Community College Center for the Performing Arts combining art and architecture. . . . **James Murphy**, the Executive Editor of *Progressive Architecture*, was the featured speaker at the **Grand Valley** and the **Western Michigan Chapter Meetings** this past January. . . . **Frank Straub** has been appointed to the **Troy Chamber of Commerce** Beautification Committee. . . . **Saginaw Valley Chapter** member **Herman Otto** has been reappointed to the City of Mt. Pleasant Planning Commission for a three-year term. . . . **Richard P. Howard**, a UD graduate whose firm, **Howard Associates**, has provided architectural models and renderings for clients throughout the world, had been awarded an honorary membership in the **Huron Valley Chapter**. . . . **Robert Lefebvre** of **Giffels** has written an article on the role of the consulting engineer in the industrial marketplace which was published in the February 1983 edition of **Consulting Engineer** magazine. . . . **Arnold Mikon**, of **SH&G**, has been named Vice President and Assistant Treasurer of the firm. . . . **Glenn M. Shuder** of **Straub Associates**, has been named to the Board of Directors of the Concrete Improvement Board. This board works jointly with contractors, architects and engineers to improve the quality of concrete usage. . . . **Sandra K. Hansen**, has been appointed an Associate with the landscape architectural firm of **JJR** of Ann Arbor. . . . **Terry Eric Schley**, has been named an Associate in the A/E firm of **TOWER-PINKSTER-TITUS Associates**. . . . **Sag-**

inaw Valley members have a slide show regarding solar and energy conservation available to their members — for information contact **Buzz Mc Given**.

CALENDAR

FEBRUARY

- 8 CPMC Workshop, "Computer Aided Design Drafting" held at AGC HQ, Detroit
- 15 MSA Executive Committee Meeting
Lien Law Seminar—(see NL)
Institute for Construction Management Seminars. (See NL article for details and dates.)
- 17 Detroit Chapter Board of Directors Meeting
Third Thursday, Beaubien House
- 25 Avoid the Construction Claim — see NL article

MARCH

- 3-4 MSA Health Facilities—see NL article
- 8 CSI International Night
- 9 Detroit Chapter Long Range Planning
- 10 Walter Netsch at LIT, "Competitions, Aesthetics and Public Taste," 7:30 p.m., Arch. Aud.
- 15 MSA Board of Directors Meeting
- 17 Detroit Chapter, AIA, Board of Directors Meeting
Sculptor Exhibit by Arthur Nelson, AIA
Third Thursday, Beaubien House

There's a lot worth saving in this country.

Today more Americans who value the best of yesterday are working to extend the life of a special legacy.

Saving and using old ships, docks and urban waterfront areas makes good sense. Preservation conserves valuable energy and materials. We can also appreciate the artistry of our historic maritime resources.

The National Trust for Historic Preservation is helping to keep our architectural and maritime heritage alive for us and for our children.

Help preserve what's worth saving in your community. Contact the National Trust, P.O. Box 2800, Washington, D.C. 20013.

**National Trust for
 Historic Preservation**
 Preservation builds the nation

FABRIC STRUCTURES/UW/EXTENSION

Fabric Structures will be the subject of a two-day course offered by the Wisconsin-Extension, Dept. of Eng. and Applied Science on April 11-12, in Madison. This new course will provide the latest information on the market for fabric structures along with recent developments in fabric technology.

For more information contact Donald Walker, Program Director, Dept. of Eng. and Applied Science, Univ. of Wisconsin-Extension, 432 North Lake St., Madison, WI 53706, or phone (608) 262-7988.

WAL AWARDS SCHOLARSHIPS

The Women's Architectural League of Detroit has awarded two scholarships this year. The first in memory of Linn Smith, FAIA, a scholarship was awarded to Robert Arens, a fifth year architectural student at the University of Michigan. The second, in memory of Louis Cabrera, a scholarship was awarded to Paul Harloff, a fourth year architectural student at Lawrence Institute of Technology.

In order to continue their scholarship program WAL has several fund raisers each year. The next one is "Sip into Spring," taking place on Friday, March 25th. The ticket price is \$7.00/person which includes a glass of champagne, hors d'oeuvres, dessert and coffee and of course, a Male-Female Fashion Show. A large turnout insures keeping their scholarship fund coffers in the black. For information call Kathy Lesniak at (313) 435-0517 or Pat Bentley at (313) 646-8910.

ARCHITECTS SUNDAY/DETROIT CHAPTER

The Detroit Chapter, AIA, Architects Sunday Committee, needs your help. Their goal is to increase the public's awareness of the architectural process by inviting people to walk through a building with the architect to explain how a set of owner's needs become architecture.

Firms interested in submitting projects for the Architect's Sunday Tours 1983 are asked to contact any of the following committee members: Dave Larson, at 689-3500, Michael Wolk at 644-0600, Richard Mysliwiec at 352-8310 or Tim Casai at 338-4561 prior to February 22, 1983.

FIRM ANNOUNCEMENT

The Architectural/Planning firm of Kenneth Neumann & Associates is now known as Kenneth Neumann/Robert Greager & Associates, located at 26877 Northwestern Hwy., Suite 100, Southfield, Michigan 48034. Phone: (313) 352-8310.

CLASSIFIEDS

Stottler Stagg & Associates, a Florida architectural engineering firm, is seeking degreed and registered architects with NCARB and a minimum of 5 years experience in planning and design of: Correctional Institution Facilities and Hospital/Health Care Facilities. For immediate consideration, send resume to P.J. Giuliani, Stottler Stagg & Associates, Architects Engineers Planners, Inc., 8660 Astronaut Blvd., Cape Canaveral, Florida 32920; attn. E. Kayden Wood, AIA, Chief Architect.

Willis and Associates, a San Francisco firm, needs Project Manager level, 15-20 years exp.; Senior Production Draftsperson, 15-20 years exp.; Intermediate Draftsperson, 10-15 years exp.; and Intermediate Designer, 8-10 years exp. Experience in large hotels and/or office buildings of 20 stories in height is required. The hotel and office buildings must have been built, and should be identified and described (owner, location, square foot, and number of stories), on the resume. Designers should send samples of their design work.

Persons qualified should send their resumes to Mr. Wolf at Willis and Associates, Inc., 182 Second St., San Francisco, CA 94105, as soon as possible.

★ ★ ★

The School of Architecture of Ohio State University invites nominations, or applications, for the Chair of the Dept. of Architecture. The School of Architecture is composed of three depts.: Architecture, Landscape Architecture, and City and Regional Planning.

Individuals will be evaluated on the basis of demonstrated ability and potential in teaching, administration, professional practice, and research.

This is an 11-month position. Salary is negotiable. Applications should be complete with vita, statement of academic interests, and three references, submitted prior to February 28, 1983. OSU is an affirmative action/equal opportunity employer. Submit material to: Robert S. Green, Professor Emeritus, Chairman, Architecture Search Committee, OSU, 105 Brown Hall, 190 West 17th Ave., Columbus, Ohio 43210, or phone (614) 422-1012.
