

MSA Bulletin

Michigan Society of Architects

American Institute of Architects

March 1990

PRESIDENT'S REPORT

Richard E. Fry, AIA

1990 - The Year of the Small Firm

It was quite a honor to be elected President of the Michigan Society of Architects for 1990. Participation in large organizations has never been a strength of mine, and so I was a little surprised to find myself as president of this group. As a small firm practitioner, I would like to encourage other small firm architects to become more actively involved in the Michigan Society of Architects. I can assure you that you do get more out of it than you put into it.

1990 will be a year that will require extra effort by architects to maintain the same work level as they enjoyed in 1989. I will attempt to help you at the MSA level by providing you with programs, activities and publications that will help you in your practice in 1990.

You can help yourself by recognizing that the only thing better than enjoying your work is enjoying the people that you work with. I ask you all to try a little harder this year to be more involved with each other and share your success and failures with other practitioners. They really are a "decent" group of people who just haven't learned how to communicate well with each other yet.

Some of our programs, activities and publications for 1990 are:

DESIGN CONFERENCE

The first MSA Design Conference will take place September 14, 15, and 16 at Camp Hayowenta on Torch Lake. This conference will be formatted similar to the 1989 CCAIA Design Conference held in Asilomar, Monterey, California which I attended. We want many presenters (16) from all Chapters (9) focusing our attention on small practice design with some responsible associate designers. We need something that hopefully will appeal to the young architects and small practitioner. It will be loose, casual and cheap (approximately \$75.00 per person for the weekend). Share an outhouse, bring your own bedding, levis and sweatshirts, with one good evening of quality road housing. More info to follow - mark your calendar.

INTERIOR DESIGN TASK FORCE

The interior designers have introduced their bill for practice legislation to the Michigan House of Representatives. Chairman of the committee reviewing the bill is Representative Joe Young Jr. of Detroit. MSA's IDTF (Interior Design Task Force) had lunch with Representative Young and made him aware of our concerns regarding that bill. Friday, February 9, 1990 the MSA IDTF had breakfast with Senator Richard Fessler of Oakland County and Chairman of the Legislative Committee that reviews all

bill introduced to the Senate. We also made the Senator aware of our views on the interior design bill. We have other meetings scheduled with "well-positioned" politicians in the near future.

APAC (Architects Political Action Committee)

APAC is alive and doing well. PAC's always need more money so send your contribution if you haven't done so yet. APAC has been providing donations to important politicians that support our view in current political issues. Contributions are an investment in your business.

PLACE

Place is just what we need to promote architects and architecture. 1990 will provide architect users with 4 issues of PLACE. We can use more advertising so promote PLACE with potential advertisers in your community. Be sure to fill out your Placemaker card and return to MSA. Fifty dollars (\$50.00) per building type is a steal.

CONTINUING EDUCATION FOR ARCHITECTS

Thursday, February 1, 1990, the Michigan State Licensing Board for Architects, Engineers and Land Surveyors met and a 5 year study by a special task force committee reported

(President's Report Continued)

that Michigan Architects need continuing education to maintain competency for practicing architects. The task-force committee actually suggested a type of re-examination for continued licensure, but fortunately the MSA instead was given 12 months to establish a continuing education program that would satisfy the state licensing board's need for recognized competency by practicing architects.

MSA SUPPORT

I have an excellent executive director, staff, executive committee, and Board of Directors, and feel that we are going to accomplish a lot in 1990. I will report to you again soon with information on our progress.

Work hard, do good work, but do find time to smell the roses.

STATE LICENSING BOARD FOR ARCHITECTS

Rae Dumke, Hon. AIA

February 1, 1990, Lansing

MSA is represented at the State Licensing Board meetings by MSA Board Members, members at large, and/or the Executive Director.

This past month's meeting had several items of interest on the agenda which affect the profession. Those in attendance were Steve Whitney, AIA, Michigan IDP coordinator and MSA Treasurer; Fred Dawe, AIA, MSA Director from Lansing; Mike Mayotte, AIA, President and Roger Donaldson, AIA, Secretary from the Mid-Michigan Chapter, Charles Broecker, AIA, Lansing member; and Rae Dumke, Hon. AIA, MSA, Executive Director.

Members of the State Board of Licensing include: James Blomquist, AIA, newly elected chair; Robert Greager, AIA, newly elected vice chair; Mary Kay Planck, Public Member and Secretary; Yvonne Asken, FAIA, Architect Member; Prince W.

Jeter, Dr., Public Member; Charles R. Scales, PE; Frederick J. Shultz, L.S.; and Harold Varner, FAIA, Architect Member.

INTERIOR DESIGN PRACTICE LEGISLATION HB 5399 & HB 5400. This legislation has been introduced in the House of Representatives by Mike Griffin of Jackson. The State Board of Licensing unanimously voted against this practice legislation. (Ed. Note: MSA is also opposed to interior design practice legislation and is working with our lobbyist to oppose the legislation.)

LANDSCAPE ARCHITECTS PRACTICE LEGISLATION HB 5406 & HB 5407. This legislation was also introduced by Rep. Mike Griffin of Jackson and the State Licensing Board of Architects also unanimously opposed this practice legislation. Landscape Architects currently hold Title Licensure in Michigan. (Ed. Note: MSA also opposes practice legislation for landscape architects and continues to work with our Lansing lobbyist.)

For additional information on either of these issues contact a member of the Interior Design Task Force chaired by Rocco Romano, AIA, (313) 338-4561, Richard Fry, AIA, MSA President, (313) 761-4022 or Rae Dumke, Hon. AIA, MSA ExDir (313) 965-4100 or a member of the MSA board of directors.

Another item introduced was recertification for architects. As you can well imagine there was lots of discussion on this approach for continued licensure in Michigan vs. continuing education units for licensure. The outcome of the discussion was MSA volunteered to establish a Task Force on Continuing Education and make recommendations to the State Licensing Board within one year. Dick Fry, AIA, MSA President will be naming MSA members to this task force in the near future.

Future 1990 dates for State Licensing Board meetings are April 5, June 7, August 9, and October 4.

PLACE

MSA has published two editions of PLACE magazine under the direction of Tim Casai and the editorial committee. We need two things to maintain this magazine...material submitted by architectural firms and advertisements. Its that simple.

The Summer edition of PLACE will focus on Shoreline Design. We need your submissions by **FRIDAY, APRIL 27TH**. The following should be included with your submittal: an one page typed description of the project, 6 high quality slides of the project, 8 1/2" x 11" plans, sections, and site plan of the project. For complete submittal information contact MSA (313) 965-4100 or Tim Casai at (313) 338-4561.

We are also publishing a firm profile called PLACEMAKER in the Fall issue of the magazine. Submission information is once again included in this edition of the newsletter.

We welcome your submissions and look forward to many quality projects to chose from for the Summer issue of PLACE.

UM STUDENT WORK AT BEAUBIEN HOUSE

The Beaubien House Art Commission, a joint committee of the Michigan Architectural Foundation, the MSA, and Detroit Chapter AIA, announces the next in its continuing series of architectural exhibits: "Studio Exhibition" is an exhibit of student projects from the University of Michigan's College of Architecture and Urban Planning and will be on display March 15 through May 3 at the Beaubien House, 553 East Jefferson, Detroit.

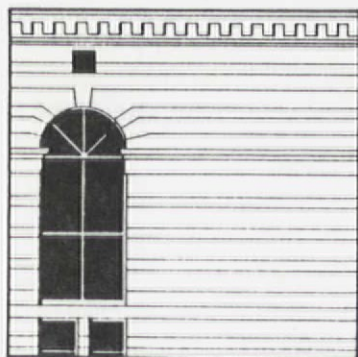

Included in the exhibition are drawings and models describing a variety of provocative designs, including small buildings, lighting fixture, children's earth center, and museum for the acropolis. Exhibiting architecture students are: Dave Tollas, Nicole Johnson, Azhari Tasis, Markus Kolb, Tod R. Stevens, and Johnathan Lee.

The Beaubien House Gallery is open Monday-Friday from 9:00 A.M. to 4:00 P.M.

PLACEMAKERS RATE CARD

Placemakers directory

In its Fall, 1990 issue, *Place* magazine will be including a directory of Michigan architectural firms. *Placemakers* will serve to group the diversified specialties of architecture into a resource for the building trade as well as for clients in need of architectural services. In case you haven't heard of *Place*, it is a Michigan Society of Architects publication. Each issue of *Place* specializes in a specific aspect of architecture and is distributed to builders, legislators, mayors, chambers of commerce, school districts, facility managers, CEOs, and building owners--all those who are the significant part of Michigan's building scene.

Rates

Each listing according to building type requires a fee of \$50. There is no limit to the number of building types under which your firm can be listed. If your firm has more than one office, each office will be considered as a separate listing and fee. To be listed, your firm must currently be paying MSA supplemental dues. If you would like to be listed under more than one building type, you need to indicate each additional type on the coupon below. Along with each building type selected, please include the name of a contact person in your firm who will be the firm's representative for that typology. The contact person must be an AIA member.

If you have any questions, or for more information, contact:

Cathy Brooks
Michigan Society of Architects
553 E. Jefferson
Detroit, MI 48226 (313) 965-4100

Place is the official publication of the Michigan Society of Architects

"M AWARDS"

Six Michigan building projects and their architects were recognized for masonry design excellence in the fifteenth annual "M Awards" Program.

Sponsored by the Masonry Institute of Michigan in cooperation with the Michigan Society of Architects, the awards were presented March 3, 1990.

Architectural firms cited for design excellence include:

1) Ralph Calder & Associates, Inc., Detroit, for the Arbury Fine Arts Center/Marshall M. Fredericks Sculpture Gallery, Saginaw Valley State University Center. 2) Harley, Ellington, Pierce, Yee Associates, Inc., Southfield, for the Willard H. Dow Laboratory, University of Michigan in Ann Arbor. 3) Hobbs + Black Associates, Inc., Ann Arbor, for the Institute of Continuing Legal Education, University of Michigan in Ann Arbor. 4) Kenneth Neumann/Joel Smith and Associates, Southfield, and Henningson, Durham, & Richardson, Dallas, Texas, for the Oakland County Jail, South Addition and Renovation in Pontiac. 5) Minoru Yamasaki Associates, Troy, for Columbia Center in Troy. 6) Minoru Yamasaki Associates, Troy, for Long Lake Crossings in Troy.

Winners were selected from 70 entries submitted by members of the Michigan Society of Architects. The Lexington jury members were Frank H. Dries, Jr., AIA, Dries & Alexander Architects, P.S.C.; Michael W. Jacobs, AIA, Omni Architects; and Charles A. Jolly, Architect, Pearson + Bender + Jolly.

Ouch!

Don't Feel The Pinch.
Order And Use AIA
Documents.

HADLEY SMITH, PH.D RETURNS TO MICHIGAN

Our 1989 MSA convention speaker on managing for creativity will be coming to Grand Rapids, April 21, 1990, as a guest of the Grand Valley Chapter, to begin a new workshop Titled: "Building Good Design Firms for Designing Good Buildings in Crazy Times". The Initial 9 a.m. to 3 p.m. session is intended for principals and managers of firms and those interested in a design management career. For the following two weeks, April 23 - May 5, Dr. Smith will be available for one or two day individual firm workshops on this theme. Hadley is willing to travel to other parts of the state during those two weeks. She will be soliciting information about firms in advance and hopes to tailor the sessions to their special needs.

Hadley's doctoral work at Saybrook Institute, New York University and Harvard covered many varied and interesting related fields including: Human sciences, three dimensional design and contemporary western philosophy. She is widely published and has taught in several fields at various universities. She is presently advising Texaco on ways to restructure their engineering area to be more creative.

Hadley hopes to help individuals and firms understand the exciting opportunities the future holds. We all expect quantum change in major categories of our lives: Social, technological, economic, environmental and political. Design firms must prepare now for these changes through organizational learning and growth. If you wish to make a reservation, please call Al Kochanowski or Nancy Helderop at (616) 361-4392 or Jodi Blair (GVAIA office at Grand Rapids Junior College). Telephone Number (616) 456-4400.

ARCHIMATION COMES TO THE CITY

ARCHITECTS, ASSOCIATES, INTERNS, STUDENTS - AIA

What does computer aided design, hold for the future of architecture?

We have the Answer.

The Detroit Chapter Associates and Computer Committee will present an exciting and informative program entitled:

"Archimation": Computer Graphics Animation in Architecture and Design. It will explore future methods and technologies in architecture from a view we've all seen but possibly are not familiar with; the world of computer graphics animation.

First, we will view video tapes from around the country. Following the Video presentation guest speaker Skip Van Wyk, Assistant Professor of Ohio State University's graduate program in computer aided architectural design will discuss computer graphics animation and present the works of Ohio State's graduate program. Computer graphic vendors will also be available with product displays. Join us as we look at the future of architecture from a "Different Angle."

Date - March 20, 1990

Location - Standard Federal Bank,
Corporate Headquarters
2600 West Big Beaver Road,
Troy, Michigan

Time - 5:30 p.m. - 8:30 p.m.

Associates interested in assisting,
please contact:

| | |

DETROIT/AIA

The A.R.E. Seminars committee announces the schedule for its 1990 seminar series for candidates preparing for the June 1990 exam. Seminars are offered wednesday evenings and saturday all day. All sessions except the building mock exam will be offered on the McNichols Campus of the University of Detroit. The building mock exam will be offered at U of M North Campus.

A flyer and application will be mailed in early March.

For more information contact Marie Haener-Patti, AIA, Chairman at (313) 965-3100.

SCHEDULE

DETROIT CHAPTER PROGRAMS

The Detroit Chapter/AIA, plans programs and events for each calendar year and 37% of the budget is allocated for committee and program events. These activities are planned in all types of buildings and locations and each program has different requirements. Many events have a limited number of attendees that can be accommodated and many caterers require food and beverage guarantees 48 to 72 hours in advance.

Therefore, due to the rising costs the Chapter must require advance RSVP's to events. When you make a reservation your name is included in the guarantee. Whether you show up for the event or not, the Chapter must pay the fee based on your response. Without your response in advance we may not be able to accommodate you at Chapter functions. We need your cooperation in responding to Chapter activities in advance and paying the fee prior to the event or at the door. If you are invoiced for an event, an additional \$ 2.00 fee will be charged. This requires staff time which has to be allocated to this event. We really need your help to support the Chapter programs.

DETROIT CHAPTER OPEN BOARD MEETING

Gary Skog, AIA

The first of six planned Detroit Chapter Open Board Meetings and Dialogue discussions for 1990 was held on January 30th at the University Club of Detroit. President Art Smith welcomed the attendees and explained the purpose of the dialogues as promoting communication between the membership and the Board on significant issues. At this meeting:

The Board approved a \$ 141,200 balanced operating budget for 1990, covering the following expenses:

General Administration: \$ 75,530
Committee Programs: 52,000
Special Events/Presentations 10,670
Receptions 3,000

Vice President Jerry Shea, Chapter Director Pam Dubois and Associate Director Paula Haynes talked about efforts to set up a system of contact people from each member firm for quick communication of Chapter activities.

Director Steve Whitney reported on a meeting of IDP state coordinators in Washington, D.C. Director Rocco Romano updated the latest lobbying efforts against practice licensing for Interior Designers.

The Board discussed the potential of a public relations consultant for the Chapter. Speaker's Bureau Chairman Ben Tiseo outlined his calendar for events for 1990.

The Board approved \$1555 for the "Archimation program on March 20th at the Standard Federal Headquarters in Troy, and a \$200 contribution to Cityscape Detroit.

Why are we telling you all this? To let you know that these Open Board Meetings and Dialogues are worthwhile events and the Board wants your input! The next open board meeting will be April 24th. Board of Directors will meet at 3:00pm followed by Dialogue at 4:00pm. Beginning at 5:00pm - Renovate, Relocate, Replace? Tiger Stadium - Come out for Hot Dogs, Potato Chips and Cracker Jacks - Location - Engineering Society of Detroit.

DETROIT CHAPTER/AIA NEW LIAISON SYSTEM

The liaison system is a network to improve communication between chapter leadership and the membership, enhance program attendance, and inquire into members' priorities and expectations for chapter programs and services.

Beginning in March, board and committee members will be contacting firms to identify the liaisons.

The liaison's responsibilities are the following:

We will keep you informed about chapter events; you will pass this information on to your colleagues and encourage their participation.

Help us receive feedback on chapter programs and services, without such feedback, we can't improve the quality of services we provide.

Set up a seminar in your office. A board member and membership committee member will lead the seminar to determine how the chapter can become more responsive to its members.

Are you interested in being the liaison for your firm? Contact Pam Dubois, membership committee chair, at (313) 871-8500.

ASLA ANNUAL MEETING

The Michigan Chapter of ASLA hosts their annual convention on March 30-31, 1990 at Stroh's, 300 River Place, located in the renovated Parke Davis facilities and the River Inn Hotel, Detroit.

Program topics include Riverfront Parks, Port Atwater Riverfront Development, Detroit's Linked Riverfront Parks and Professional Tours. Speakers include Dan Krichbaum, Director, Detroit Recreation Dept.; John Gallagher, Detroit Free Press; Dan Curran, Harbortown Development; George Sass, ASLA, JJ&R; Harold Smith, Detroit Planning Dept.; Harriet Saperstein, Planner; David Schervish, AIA, ASLA; to name just a few.

For registration information contact Michigan ASLA, 521 S. Riverview, Kalamazoo 49004. (616) 344-2752 or FAX (616) 381-2944.

OBITUARIES

WILLIAM MUSCHENHEIM, FAIA, 87, Professor Emeritus from the University of Michigan, died in Ann Arbor, February 1st from a massive aneurysm.

He attended Williams College and MIT, then left for the Vienna Academy of Fine Arts to study with Peter Behrens. In 1927, he received the coveted Peter Behrens Prize. While he was still a student with Behrens, he designed a number of executed projects for his father, among them the innovative Bath Houses and House Renovations in Hampton Bays, Long Island (1925-30). He also renovated the Hotel Astor Bar in Bauhaus style and was responsible for the design of the famed Astor "Clock."

Prof. Muschenheim taught at UM from the 1950's until his retirement. He authored many papers including "Elements of the Art of Architecture," which has since become a standard in architectural libraries throughout the world.

Surviving Prof. Muschenheim are a son, C. Arthur Muschenheim, of London, and a daughter, Anneli Arms, of New York City and Bridgehampton. The family asks that well-wishers please contribute to The College of Architecture and Urban Planning's Alumni Scholarship Fund in memory of William Muschenheim.

JOHN K. CROSS, a member of the Detroit Chapter from 1947 to 1961 when he transferred to Atlanta, died on December 26, 1989 in Boynton Beach, Florida. Mr. Cross had his own firm and was associated with Harley, Ellington and Day (now HEPY) while in Detroit. He was active with the committees dealing with contract documents during the 50's.

Mr. Cross is survived by his wife, Jane Watkins Cross.

ARCHITECTURAL LEGACY

Midland County Visitors & Convention Bureau have developed an architectural legacy program for the county. This is narrated by Carol Coppage, director of the Alden B. Dow Creativity Center, and contains descriptions of the structures, interesting antidotes, and additional directors to buildings of architectural significance in the Midland area. The tour takes about one and one half hours and goes by over 50 structures - more than half were Dow designed - while others are of historic interest.

The tour consists of a map and audio tape which may be rented at the Midland Center for the Arts for \$5.00. For more information contact M.C. Carpenter, Director of the Midland County Visitors & Convention Bureau at (517) 839-9901.

Avoid Costly Misunderstandings.

Use AIA Documents.

Make sure you and all the members of the building team have legally sound agreements that pinpoint responsibilities from design through completed construction. There are more than 140 AIA contracts and forms that clarify your rights and those of the client, the contractor, and the consultant, and can help with construction project management. Contact us for further details.
