MICHIGAN SOCIETY OF ARCHITECTS MISSION

*Richard Fry, AIA,
MSA President*

I have recently been asked questions concerning the relationship between the three organizations and to clarify this issue, the following is a timely reminder.

The purpose of the Society is to represent and support the members of Michigan's architectural profession in maintaining their positions as leaders

of the building team and designers of the built environment.

To that end, the mission of Society shall be to organize and unite our members to promote our purpose by means of:

1. Education of the public in the aesthetic and scientific values of our profession.
2. Education of architectural stu-

dents and practitioners to a higher standard of practice.

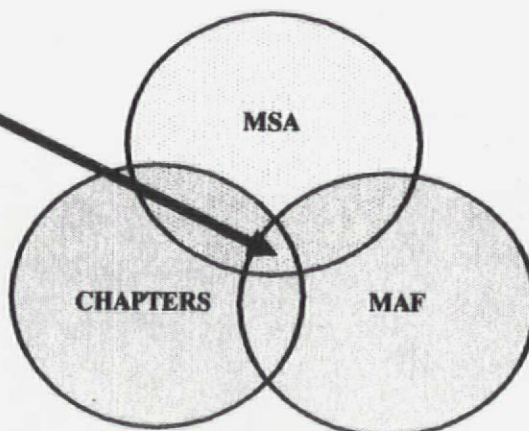

3. Effective lobbying of governmental and regulatory agencies.

4. The development and dissemination of policies promoting the welfare of all people through the improvement of the built and new environment.

5. Fellowship activities.

IDEAS OF ARCHITECTURE

RETREAT ATTENDEES ARE IN FOR A TREAT - FORGET LIABILITY INSURANCE, FORGET RECEIVABLES, FORGET LEAKING ROOFS - WE'RE TALKING ABOUT DESIGN, DESIGN, DESIGN.

FORGET your suit and tie, forget your portable telephone, forget your agenda book, forget your spouse (only temporarily), and even leave your

shaving implements at home if you wish.

BRING casual clothes, including a warm sweater or jacket for evenings, swimsuit and p.j.'s, your own towels, a sleeping bag and pillow if you must. Soap and your own toiletries are required.

DO NOT BRING your attorney or insurance agent.

DON'T EXPECT room service, valet service, bellmen, shampoo in the washroom, a television, telephone or bar in your cabin.

DO EXPECT a pay phone on the grounds, simple but healthy food three times a day, a beautiful environment of trees and water and a warm fire at night.

DO ALSO EXPECT and come prepared to see quality design as practiced around the state, and DO EXPECT to discuss design, design, and design throughout the retreat.

BE READY for a time of camaraderie with your colleagues and BE READY to have a fun weekend.

75TH
75TH

ANNUAL

**MICHIGAN SOCIETY
OF ARCHITECTS CONVENTION**

October 18 & 19, 1990
The Radisson Hotel Pontchartrain
and Cobo Hall - Detroit, Michigan

75TH ANNUAL CONVENTION

The 75th annual MSA Convention in Detroit promises to be the best ever! A wide variety of informative programs - over 25 in all - will give you plenty of opportunity to pursue your area of interest or need. Plan on as many members of your firm attending as possible to take advantage of the offerings. The programs cover the gamut of design, technical, business and professional issues. Some of the issues have serious consequences for the future of our profession. Keynote speakers include Cesar Pelli and John Burgee, both of whom are doing new and controversial projects in the City of Detroit. Thursday night join your colleagues for a fun and entertaining evening at Fishbone's in the vital Greektown area of Detroit; and Friday night is the awards program at the Detroit Institute of Arts, a highlight of the convention. As always, the exhibit floor will showcase hundreds of the newest products and technology. And all of this will take place in the new, exciting Cobo Hall, one of the three best convention facilities in the country. Come and join us in October and expand your "Michigan Vision"!

FISHBONE'S RHYTHM KITCHEN CAFE

Hot jazz, spicy seafood, international patrons and great times set the Mardi Gras spirit of the Vieux Carre swinging on magnificent Monore Street in the heart of Greektown.

When the fun comes a marchin' in you want to be in this restaurant. Fabulous food is worth tootin' your horn about in this Bourbon Street bistro. Tintype ceilings, low-slung lamps, and beers on tap help draw throngs of people to Fishbone's bar.

Come listen to the latest jazz tunes while catching up on the happenings of your friends and colleagues in the MSA.

HOUSE SHARING

One of the main obstacles for our associate members in coming to the Convention is the cost of a hotel. Would you be willing to lend a spare room for an associate member who resides outside of the Detroit area in order to allow them to attend the MSA Convention on October 18-19? If so, please contact Cathy Brooks at the MSA office for more details. 313-965-4100

SAVE FORD AUDITORIUM

Leo G. Shea, FAIA
DCAIA Vice President

The Detroit Chapter AIA and Cityscape Detroit, Inc. have formed The Coalition to Save Ford Auditorium with several other civic organizations and neighborhood groups. The key points that the Chapter made in its letter to the Detroit City Council at the public hearing on June 19 include:

Preservation of Hart Plaza and the Civic Center, as public land for public use, is a primary responsibility of City Government.

The City's proposed offering of this prime public land to a private developer for conversion to private ownership is outrageous.

Planning issues alone, including the impact on riverfront views, access and density that a 30 story building would bring, together with the lack of parking for such an office density, would make such a development undesirable.

Ford Auditorium's replacement cost, estimated in excess of \$50 million, calls into question why the City would propose to demolish it, to give to a bank - or a private developer.

Comerica has an unparalleled opportunity here to redirect its investment in the downtown to a location which would become the nucleus of a much-needed redevelopment effort.

Since timing was of the essence, the Executive Committee of the Chapter Board voted, on July 3, to contribute \$1,000 to the Coalition to aid in funding newspaper advertisements requesting interested persons to write the members of the City Council. The Council's address is: 1340 City County Building, Detroit, MI 48226.

Detroit Chapter members are asked to add their personal letters to Council Members, as well as to Comerica board members. The Council voted on July 18 after an additional Public Hearing on July 16 and the result was 6-3 in favor of the project.

Ed. Note: Jerry was interviewed on Channel 4 News for a reaction on the council decision from the Detroit area architects.

WAL is putting together a Volume III Cookbook featuring recipes from it's members and Architectural firms. The Cookbook is being published as a fundraiser to be available at the October MSA Convention in Detroit. We would like to have five or six of your favorite recipes as soon as possible. Please print clearly or type your recipes on the forms provided. We will need to receive your recipes by July 20th so we can submit them to the printer. SEND RECIPES TO: Barb Roehling, 785 Woodlea Ct., Birmingham, Mi. 48009.

1991-92 AIA PROFILE

The questionnaire for the 1991-1992 Seventh Edition of ProFile, The Official Directory of the American Institute of Architects, is in the hands of architectural firms across the country. Please return the questionnaire immediately. Prompt return of the questionnaires will result in correct, updated information being published about the firms.

MICHIGAN USE TAX

The Discovery Division will be contacting all Architectural Companies in Michigan within the next several weeks with instructions and a worksheet to perform a self audit for use tax for the years 1986 through 1989.

The Treasury Department frequently encounters a lack of awareness of the Michigan use tax. When you purchase supplies and equipments for business or personal use from a Michigan vendor, you pay sales tax. However, if you purchase supplies and equipment from a company in another state which does not collect Michigan tax, you must report it and pay Michigan use tax directly to Michigan.
