# REGISTERED ARCHITECTS

BE IT RESOLVED, that all regular and special meetings of the Board shall be open to the public and that all citizens interested in the proceedings of the Board may attend such meetings at pleasure and that the officers, directors and members of the Executive Committee and the Committees on Ethics and Practice of Architecture or Professional Engineering are cordially invited to attend the regular and special sessions of the meetings at their convenience and pleasure; provided this resolution shall not be so construed as to prevent the Board and each of its Divisions from holding executive sessions when any such session shall be deemed in the public interest; and provided further that no action affecting adversely the interests or rights of any registered architect or registered professional engineer or the general public shall be finally taken at any executive session of the Board or of either of its Divisions; and

BE IT FURTHER RESOLVED, that the Secretary furnish copies of this resolution to architectural and engineering publications in Missouri.

*(This resolution was adopted by the state Board of Registration for Architects & Professional Engineers at a recent Meeting.)*

REGULATION\_\_\_\_. If any registered architect or registered professional engineer shall release for the purpose of receiving bids and awarding contracts for construction any plans and specifications requiring the approval of the Division of Health, the Department of Education, or other agencies of government, State or local, without such approval, or, shall authorize the beginning of any construction, as described by the plans and specifications which are required to be approved by the Division of Health, the Department of Education, or other agencies of government, State or local, without such approval, shall be cited to appear before the Board and show cause why his registration should not be suspended or revoked.

*(This regulation was adopted by the State Board of Registration for Architects & Professional Engineers at a recent meeting.)*

# **OVER THE AGE OF 36 YEARS AND ALL UNREGISTERED PROFESSIONAL ENGINEERS OVER THE AGE OF 45 YEARS**

Section 327.032, Revised Statutes of Missouri 1949, page 690, 1955 Cumulative Supplement, provides that:

"No registration shall be granted on oral examination only to any applicant filing his application for registration after the thirtieth day of June, 1956."

Blank forms for filing application for registration will be furnished on written request addressed to the undersigned Board.

This notice is published as a courtesy and not pursuant to any requirement of law. Everyone must decide for himself whether or not he will apply for registration.

## **STATE BOARD OF REGISTRATION FOR ARCHITECTS AND PROFESSIONAL ENGINEERS**

Box 184

### ***Attention:***

## **ALL ARCHITECTURAL GRADUATES AND ALL ENGINEERING GRADUATES, GRADUATING BETWEEN AND INCLUDING THE CALENDAR YEARS 1949 AND 1955**

Any graduate from a fully accredited course in architecture in an architectural school approved by the Board as of satisfactory standing, who graduated between, and including the years 1949 and 1955, may if he so desires, be enrolled as an architect-in-training without examination on proper application filed with the Board on or before June 30, 1956, and payment of an enrollment fee of \$5.00; and

Any graduate from a fully accredited course in engineering in an engineering school approved by the Board as of satisfactory standing, who graduated between and including the years 1949 and 1955 may, if he so desires, be enrolled as an engineer-in-training without examination, on proper application filed with the Board on or before June 30, 1956, and payment of an enrollment fee of \$5.00.

The Board would appreciate the cooperation of the Deans and faculties of all schools of architecture and all schools of engineering; the officers and directors of the Missouri State Association of Registered Architects and the Missouri Society of Professional Engineers and the officers and members of its several chapters; and the officers and members of the several chapters of the American Institute of Architects, and the several chapters of the Founder's Societies of Engineers, in passing this information along, to the end that every graduate in engineering be fully advised of his right to enrollment as an architect-in-training or as an engineer-in-training without examination if he so desires.

This advertisement is published as a courtesy to all interested parties and not pursuant to the requirements of any law.

## Contemporary Elegance . . .

. . . achieved by Architect August Perez and Associates in the superbly tasteful interior of the Progressive Bank of New Orleans. Sharp, clean lines are effectively emphasized by dramatic contrast between two magnificent marbles — the rich, gleaming chestnut of French Rouge Antique against the light buff and gold of Creme Perla. Here again marble has been imaginatively used to compliment a well-planned design with its wonderful, natural beauty.

# BELIEVE IT OR NOT . . .

... **COLUMNS, BEAMS, PURLINS and SLABS** for as little as **\$1.17** per sq. ft.

With Carter-Waters' Precast HAYDITE Concrete members it can be done—it is possible to buy and erect precast haydite concrete columns, beams, purlins and roof slabs for an industrial type building for as little as \$1.17 per sq. ft. This figure is based on a specific design, representative of a typical industrial building in Kansas City. Floor area is 30,000 sq. ft. Bay sizes are 25'-0" x 25'-0" with a 20'-0" ceiling height.

A simple cost comparison will show you the economy of the Carter-Waters Precast Haydite Concrete System.

## **Precast Haydite Concrete Construction combines QUALITY, SIMPLICITY, ECONOMY**

WRITE TODAY for the FREE Booklet, "Precast Haydite Concrete."

And call Glen Roderique, your Carter-Waters Product Engineer. He will be glad to explain all the details of this system.

## FROM PARAPETS TO PITS

For 40 years Western has worked hand-in-glove with leading architects in Missouri and across the nation in solving the problems of water damage prevention and correction. Employing exclusive techniques and the most modern materials, Western's services include:

- TUCKPOINTING
- BUILDING CLEANING
- CONCRETE RESTORATION
- SUB-SURFACE WATER PROTECTION

WRITE TODAY for complete information on how to specify Western services.

### Specify WESTERN'S application of: **DILATO®**

#### *Expanding Mortar*

insures completely filled header and bed mortar joints—eliminates "shrinkage", leakage and early joint deterioration.

### **PARGE®**

#### *for interior plastered surfaces*

uses the time-proved metallic waterproofing principle . . . provides a positive bond between plaster and masonry walls due to its natural affinity for both materials.

#### *Genuine*

### **IRONITE®**

seals below-grade concrete walls, floors, pits, etc., against extreme hydrostatic heads. Applied inside — no backfill delays.

All Work Done Under Contract, Fully Insured and Guaranteed. No Materials For Sale.
