MEMORANDUM RE HAND-BOOK OF ARCHITECTURAL PRACTICE

Our past President, Harvey Stevenson, referring to the New York Chapter's revision of the Hand-book of Architectural Practice, which was sent to Boston for review, stated that it would probably emerge from the House of Lords, worded in the manner of the King James version and with a slight odor of cod.

Word has been received from Mr. Stanley Parker of Boston that the work is completed. He notes the comments of the New York Chapter and he advises us that the document is now ready and is being sent to Washington, "C.O.D."
