

COLUMNS

An aerial, black and white photograph of a river winding through an industrial and residential area. The river is the central focus, with several bridges crossing it. On the left bank, there are multiple railroad tracks and a highway interchange. On the right bank, there is a dense cluster of industrial buildings and a residential neighborhood. A large, dark, arched bridge is prominent in the middle ground. The foreground shows a grassy area with some buildings and a parking lot. The overall scene depicts a complex urban and industrial landscape.

Rock Solid

John Deklewa & Sons, Inc. has made its mark as one of the premier general contractors in the Western Pennsylvania construction industry by being attentive to detail. Since the company's founding in 1918 by John Deklewa Sr., the firm has engaged in most types of construction activity. From building construction, water and waste treatment facilities to high-end residential and fine millwork installation, Deklewa applies state of the art construction technique and a sense of fine craftsmanship.

Everyone at
John Deklewa & Sons, Inc
is proud of its 75 year history and of their
rock solid reputation as a provider of quality
service and materials.
