Deadline to Register: March 1

Through special arrangement, TMH gets an exclusive tour of the Walters House, aka the GREENville House, an amazing new Modernist residence in Greenville. Actually, the only Modernist residence in Greenville. Designed and built by Vinny Petrarca and Robby Johnston of Tonic Design and Tonic Construction. Vinny and Robby will be on board our luxury travel bus as we explore the best of Eastern North Carolina.

The GREENville project won the AIA Triangle Gail Lindsey Award for Sustainable Design. There is also a slideshow at [Architectural Record](#).

*Plus, two remarkable mid-century moderns in Rocky Mount, the Dowdy/Hagerty House by George Harrell and the Yenney/Hammer House by John L. Thompson. Topping it all off, a stop at Smith's Red and White, a mecca for North Carolina air-dried pork, lemon pies, awesome pimento cheese, just about everything Aunt Bee used to make for Andy. **30,000 pounds a week can't be wrong.** Read all about the tour details [here](#).*

Everything's included - a luxury tour bus, coffee and bagels in the morning, lunch served on board the bus, and three great houses! There are only 45 seats available; [sign up now](#) before it sells out!

Kind regards,

George
