MJM 35z. We Take Your Fun Seriously.

If you're going to go 50mph, do it in a boat with the structural strength and stability it takes to earn the highest ISO certification possible. If you're going to spend your precious time, do it in a boat that's fun to drive, yet offers the shade, wind and spray protection you've been missing. The MJM 35z builds in Seakeeper no-roll stability, Skyhook hovering and joystick control to make handling and docking something any family member can accomplish. Turn the key and go to experience the sheer joy of running a serious boat.
