BUILD IT GREEN WITH CALGREEN

ICC has the tools you need to build safe and sustainable in California — including the nation's first mandatory green building code.

**FIRST STATE-ADOPTED GREEN CODE!
2010 CALIFORNIA GREEN BUILDING STANDARDS CODE,
TITLE 24 PART 11 (CALGREEN)**

The California Green Building Standards Code (CGBSC), also referred to as CALGreen, is the nation's first mandatory green building code. Features include:

- Regulations for energy efficiency, water efficiency and conservation, material conservation and resource efficiency, environmental quality, and more.
- Mandatory provisions for the following types of new buildings: commercial, low-rise residential, and public schools. Appendices include voluntary provisions for all of these occupancies plus hospitals.
- The residential and non-residential provisions have been placed in separate chapters for easier use. (182 pages)

**NEW!
GUIDE TO THE 2010 CALIFORNIA GREEN BUILDING STANDARDS CODE, NONRESIDENTIAL**

This guide was developed by the California Building Standards Commission to help introduce the 2010 California Green Building Standards Code (Title 24, Part 11), also known as CALGreen, to all code users in the State. Features include:

- Introduction and Application
- Technical Application to Nonresidential Buildings
- Nonresidential Voluntary Measures
- Suggested Forms and Templates

It will assist code officials, designers, plan reviewers, inspectors, and contractors in understanding how to apply and enforce the new code. (219 pages)
