**the economical, fast,
precast concrete floor and roof system**

Many construction problems are solved when you include Flexicore in your planning. Flexicore saves time! This modern precast concrete floor and roof system speeds erection of building and eliminates need for plaster. Flexicore is ready to paint as soon

as it's installed. Saves building height, too. Flexicore has utility ducts and is adaptable to Radiant Heating. Flexicore is durable — termite proof and firesafe. For additional information on Flexicore, send for our catalog. *Free Estimates. We Deliver/Erect.*

YOU CAN'T KEEP ALL THE **DIRT** OUT OF YOUR HOUSE

This kind of dirt will grow up and you'll miss it. Other kinds you can do without...like the dirt generated by inefficient or inadequate heating systems. Modern electric heating systems are amazingly clean, quiet and dependable. Low installation costs, coupled with SCE&G's new heating rate give you a great bargain in comfort and cleanliness. Call the Electric Heat Department in your nearest SCE&G office for details.
