Brick

IF YOU CAN BUILD IT, WE CAN HEAT IT.

So use your imagination. We've got people who can use theirs. And together, you can design a heating system that will work well in your brainchild. In some cases it's gas. In others, electricity is more

sensible. It all depends on what you come up with. So show us what you're doing. Then we'll show you what we can do.

SOUTH CAROLINA ELECTRIC & GAS COMPANY
We try to make life easier.

GROUT CAN BE BEAUTIFUL

Mid-State Tile has come up with a pre-mixed grout that can be truly beautiful.

It can be red. It can be green. It can be just about any color you want it to be.

And that opens up a whole world of design possibilities for you.

Because now you'll not only specify the color tile you want, but the color grout you want to go with it.

And color capability is only one of the outstanding features of pre-mixed grout.

Here are some more:

Because our grout is pre-mixed, your contractor will get a good mix every

time, in just the right proportions. A good mix that not only adheres well to ceramics, but to places where tile butts against wood or metal.

And pre-mix dries hard and smooth.

And it doesn't shrink. And it doesn't get chalky. And it resists mildew. So it's very easy to maintain.

And when the contractor is through using the pre-mix, he can put the lid back on the can and use the rest later. And that saves money.

So next time you specify grout, specify Mid-State pre-mixed. It's one beautiful product.
