
Today's News - September 27, 2002

It would have been interesting to be a fly on the wall during the selection panel's deliberations to come up with the six finalists for reshaping Ground Zero - some of the teams are a rather surprising mix. - Budgets may be tight, but there's enough to help save some of America's treasures. - In the UK, some consider bad design and soaring towers bad news. - For a few million dollars, you, too, can own an almost McMansion-sized condo in TriBeCa. - Toronto "re-honors" some of its cultural institutions with major makeovers. - The Vatican is co-sponsoring a degree program in religious design. - Holistic design includes principles of feng shui. - Developers in Singapore and Malaysia have big plans...and much more.
