

Today's News - November 5, 2003

A (mostly) positive take on London's Paternoster Square. – Cellphones creating disconnected urbanism. – Listed building owners in Ireland need a break. – Recalling a city visionary. – U.K. architects should focus on affordable housing sector. – The architecture and mathematics of Jefferson and Schindler are explored. – Chain store architecture doesn't benefit local talent. – Koolhaas contemplates "junkspace," Ground Zero, China, and architects who create freedom for others. – HOK's Rasmus talks aviation architecture. – Memphis has a new architecture and urban art resource center. – Profiles: Max Bond and T.C. Lei & Associates (a father/son team). – Call for entries of Canadian environmental excellence, and a call for papers about landscape within architecture. – Winners abound in San Francisco and Oregon. – With applause from some and consternation from others a Nervi building wins "The Test of Time" award.
