Today's News - May 28, 2004

[Editor's note: ANN will be celebrating Memorial Day (U.S.) on Monday, May 31; the newsletter will return to your mailboxes on Tuesday, June 1.] — Suzhou, China, designated one of 10 "model environmental cities...points to a second wave of Chinese urbanization" (but still has a long way to go). — Not such good news for San Francisco's sustainability. — "lconic gallery + loft apartments + university + creative cluster = urban renewal": one formula does not necessarily fit all. — Perhaps there's a lesson there for L.A.'s Grand Avenue dreams. — Why compete when even if you win, you lose? — The dazzling glass transit hubs coming to Lower Manhattan. — A master of glass towers says glass is a thing of the past. — Irish architects shine. — ArchVoices essay competition winners are oh-so-eloquent. — Seattle's new library continues to astonish. — The perils of designing for geniuses. — Lobbies in new Australian high-rises deliver the "wow factor." — Design museum makes architecture accessible. — An architect's amusingly serious weeklong diary starts with a disappointing Monday, takes on PFI and bowties, and ends immersed "in post-ergonomic theory."
