

Today's News - June 5, 2006

ArcSpace takes us to Seattle. – A study finds Seattle among the most sustainable U.S. cities. – Is it time to scrap WTC memorial plans and start all over? – A bold Dutch plan is selected to transform Toronto's waterfront. – Hadid wins big in Dubai. – Pearman offers one of the more interesting/insightful/amusing takes on the "Zaha legend." – Move over Dubai: Qatar and a "Fab Four" of architects (along with Oman and Bahrain) are hot on its heels. – Starchitects making stylish - and saleable - skyline for NYC (or are they making a pact with the Devil?). – Piano may sign on for San Francisco tower: would be the city's "first glamorous project" in a "new era of architectural distinction." - Piano's Morgan is the best and worst of modernism: "exquisite inside, and as attractive as an industrial shipping container outside." – The future of suburban cul-de-sacs in doubt: homeowners love 'em; planners call them a failed experiment. – Turrell's Skyspace only part of the "refabrication" of a Chicago neighborhood into "a new and very different urban reality." – An Alsop master plan for a rundown site in Bradford, U.K. – Not everyone is thrilled with his "creative prison" design. – London's Roundhouse reborn - and ready to rock. – Michigan's governor puts design on the front burner. – A new youth center demonstrates why a young Chicago designer "deserves a spot on the design map." – O'Herlihy brings Dublin lessons from L.A. – The AIA descends on L.A. this week: "Visiting a multi-cultural, egalitarian L.A. should serve the cliquish AIA well, if only for a few days."
