551 FIFTH AVENUE, NEW YORK 17, N. Y.

EXPLANATORY NOTE: This index covers the fourth year of HORIZON, A Magazine of the Arts, published bi-monthly as a periodical in book form—i.e., with hard covers and without advertising.

The index is divided into two parts:

Part one, the General Index, is an index of subjects, authors, names, and places appearing in the six issues which comprise the fourth year of HORIZON, September 1961 through July 1962.

Part two is a separate Index of Illustrations, beginning on page 18.

Additional copies of this fourth annual index, as well as the indexes for the first three years, are available at \$1.00 each from the magazine's Sundry Department at 239 Great Neck Road, Great Neck, Long Island, New York.

Beginning with issue number five, VOLUME III, May 1961, HORIZON has been indexed in the Readers' Guide to Periodical Literature, available in most libraries.

HORIZON places great emphasis on fine pictorial reproduction. As André Malraux has so aptly put it, thanks to photography and modern reproduction techniques any man can—for the first time in history—bring all the world's art before his eyes in a "museum without walls." Part of HORIZON's purpose is to serve this function, to provide an imaginary museum of art and artifacts, both old and new. To that end, the guide below lists both artist and title of the many works of art which have appeared in the September 1961 through July 1962 issues.
