

HORIZON
FIVE YEAR
CUMULATIVE
INDEX

*VOLUME VI, NUMBER 1—VOLUME X, NUMBER 4 * WINTER 1964—AUTUMN 1968*

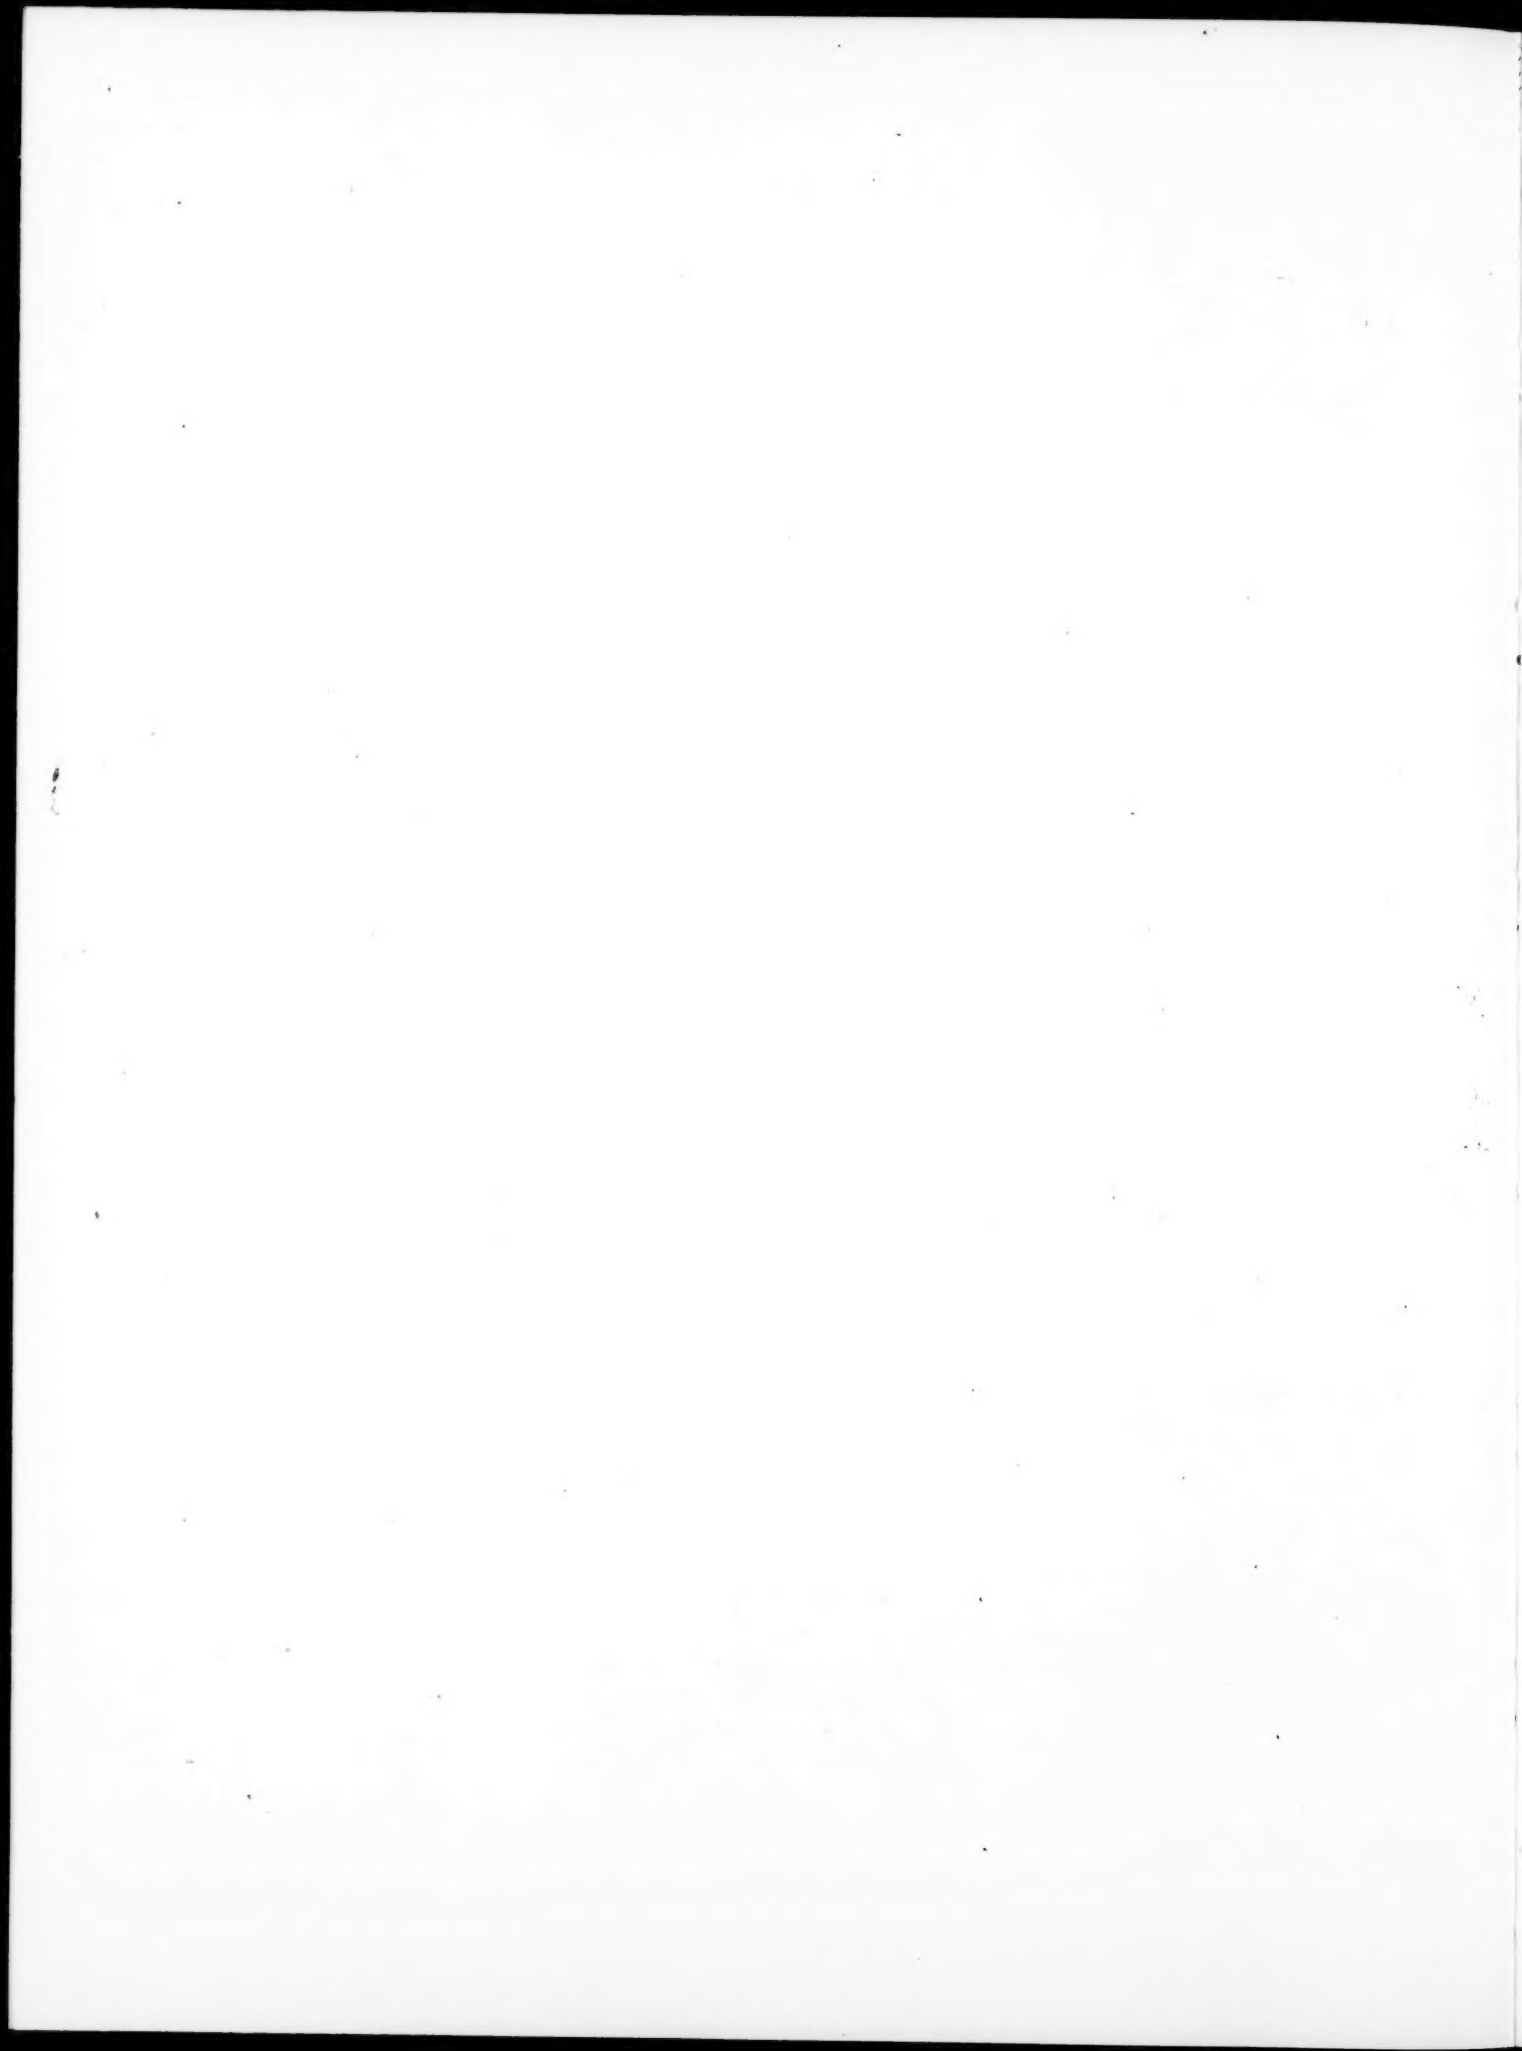

This Five-Year Cumulative Index covers twenty issues of *HORIZON*, A Magazine of the Arts published quarterly by American Heritage Publishing Co., Inc., as a periodical in book form—i.e., in hard covers and without advertising.

In this Index, which covers the issues from Winter, 1964, through Autumn, 1968, references to illustrations have been combined with the general entries and are indicated in boldface type. Each article is indexed by author, title, subject, person, and place name. All illustrations are indexed by artist, title, and subject.

Additional copies of this Five-Year Cumulative Index are available for \$3 each. A Five-Year Cumulative Index covering the issues from September, 1958, through November, 1963, is also available for \$3. A paper-covered index will be published for each year except the fifth year of the period covered by a Five-Year Index; these annual indexes will be available for \$1 a copy. Indexes may be ordered from the magazine's Sundry Department, 239 Great Neck Road, Great Neck, New York 11021.

From September, 1958, through November, 1963, *HORIZON* was published bimonthly (Volume V includes eight issues); beginning with the Winter issue of 1964, it became a quarterly. Since the issue of May, 1961, *HORIZON* has been indexed in the *Reader's Guide to Periodical Literature*.
