WESTERN CONSTRUCTION NEWS

WITH WHICH IS CONSOLIDATED
WESTERN HIGHWAYS BUILDER

JAMES I. BALLARD
Editorial Director

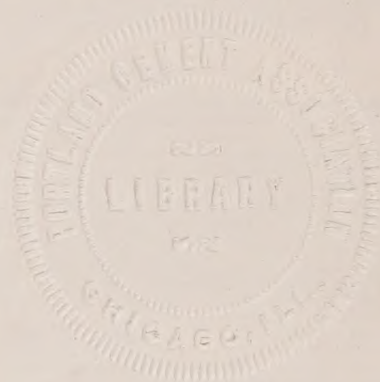

JOHN M. SERVER, JR.
Editor

ANNUAL INDEX

Volume 24
January - December
1949

KING PUBLICATIONS
609 Mission St., San Francisco 5, Calif.

SUBJECT INDEX

a—Article; c—Conventions; n—News; p—Pictorial; s—Short

Airports

	Issue	Page
Aircraft Becoming a Valuable Aid to Western Contractors— R. W. F. Schmidt—a.....	Sept.	77
Airport Location Should Not Be an Arbitrary Action— R. W. F. Schmidt—a.....	Oct.	81
CAA States New Policy on Federal Participation in Class I Airport Construction—n.....	Dec.	83
Construction Grants by CAA for Western Airport Projects—a.....	Aug.	81
First Commercial FIDO Completed at Los Angeles Airport— Stanley A. Ball—a.....	April	77
Los Angeles Airport Land Being Graded for East-West Runway Extension—a.....	June	94
Portland Air Base to Have Northwest's Longest Runway—n.....	Mar.	102
Scheduling Production for San Francisco Airport Runway Construction—Ismail Ismen—a.....	July	65
Seattle-Tacoma International Airport Dedicated—n.....	Aug.	96

Associations

AGC Charters Chapters in Alaska and New Mexico—n.....	Feb.	79
AGC Elects Westerner President at National Convention—c.....	Apr.	92
California County Engineers Discuss Problems—c.....	Aug.	82
National County Officials Discuss Roads and Taxes—c.....	Aug.	83
Officers of Western Associations, 1949—n.....	Mar.	74
Oregon County Engineers Count Funds—c.....	Dec.	85
Structural Engineers of California Discuss Earthquake Design at Yosemite Park Meeting—c.....	Nov.	89
Westerners Prominent in National A.E.D. Convention—c.....	Feb.	87
Western Highway Officials Convention Held at Denver—c.....	July	86
Western State Engineers Praise River Compact System at Bismarck Convention—c.....	Sept.	76

Book Reviews

Annual Report of National Bureau of Standards for 1948.....	Dec.	108
Applied Hydrology—Linsley, Kohler and Paulhus.....	Dec.	108
Authority in TVA Land—Howard.....	Jan.	124
Engineering Contracts and Specifications—Abbett.....	Jan.	121
Field Engineering—Searles, Ives & Kissam.....	Feb.	112
Hydrology—Wisler.....	Aug.	111
Introduction to Highway Engineering—Bateman.....	Jan.	121
Manual of Accident Prevention in Construction—A.G.C.....	Dec.	108
Manual on Uniform Traffic Control Devices for Streets and Highways—Public Roads Administration.....	Jan.	122
Mathematics at Work—Horton.....	Feb.	114
Modern Railroad Structures—Disney and Leggett.....	Aug.	111
Paint and Varnish Technology—von Fischer.....	Feb.	114
Plain Concrete—Bauer.....	July	119
Professional Guide for Junior Engineers—Wickenden.....	July	119
Route Surveying—Pickels and Wiley.....	July	119
Selling to the Navy—Navy Department.....	Jan.	122
Simplified Design of Structural Timber—Parker.....	Jan.	124
Specifications and Law on Engineering Works—Sadler.....	Feb.	114
Technical Sketching and Visualization for Engineers—Katz.....	Dec.	108
TVA's Watts Bar Steam Plant—Tennessee Valley Authority.....	Aug.	111
Welded Steel Penstocks, Design and Construction—Bier.....	Dec.	108

Bridges

Alteration Plans for San Francisco Bay Bridge Disapproved—a.....	Nov.	71
Alterations to San Francisco Bay Bridge Approaches Recommended—n.....	Dec.	83
Consulting Board Suggests Solution to San Francisco Bay Crossing Problem—n.....	June	106
County Bridge at Long Beach Unusual for Form Work and Piling Installation—Thomas A. Dickinson—a.....	July	78
County Pre-casts Bridge Girders for Economy—S. C. Jayne—a.....	Dec.	77
Earthfilled Concrete Underpass on Northern California Highway—Robert S. Barker—a.....	June	80
Nine Overpasses to Carry Traffic Over El Paso Downtown Railroad—Robert E. Dewhurst—a.....	June	75
Second San Francisco Bay Crossing Favored as Parallel Duplicate of Present Bridge—n.....	April	114
Steel Bridge Prefabricated at Oakland for Philippine Installation—a.....	April	84
Steel Girder and Concrete Marshall Bridge Replaces Timber Span in Spokane County—a.....	Nov.	65
Steel Truss Bridge Rebuilt in Place on Southern Pacific Main Line—J. P. Dunnagan—a.....	April	75
Tacoma Narrows Bridge Towers in Place, Cable-spinning Begins—a.....	Aug.	61

Building

Engineering Building Constructed at University of Portland—a.....	Aug.	88
Gunite Spandrels Used on Big Los Angeles Office Building—a.....	May	79
Hawaii Pier Shed, Damaged by Seismic Waves, Rehabilitated—n.....	May	85
Lax Building Codes Result in High Damage During Northwest Earthquake—Harlan H. Edwards—a.....	May	63
Pasadena Medical Building Expertly Designed—a.....	May	96
Portable Homes Prefabricated on Production-line Basis—a.....	Nov.	72
Wood Arches for Los Angeles Theater—Lewis E. Wilson—a.....	May	86

Construction, Miscellaneous

Alaska Public Works Program Administrator Named—n.....	Dec.	86
Alaska Railroad Plans Rehabilitation Program—n.....	April	71
Atomic Test Station in Idaho, First Construction Begins—n.....	Oct.	103
Atomic Test Station Site Located in Idaho—n.....	Apr.	99
Atomic Test Station Water Development Program Approved—n.....	Dec.	73
Building Record for 1949 May Surpass 1925 High—n.....	Nov.	62

Bulldozers Spread Concrete for Sewage Tank Floors—a.....	Oct.	77
Bulletin Board Improves Construction Safety Record—a.....	Feb.	72
California Leads Nation in Construction Activity—n.....	Oct.	107
Construction Costs Stabilized According to AGC Survey—n.....	Oct.	102
Construction Costs Trending Downward—a.....	June	82
Construction Volume at Record High in First Half of 1949—n.....	Aug.	68
Construction Volume in 1950 Expected to Equal 1949 Record—n.....	Dec.	88
Construction Volume Predicted to Increase More than 5% in 1949—John M. Server, Jr.—a.....	Jan.	61
Gas Companies Ask FPC Permission for Southwest Pipelines—n.....	Jan.	95
Hawaii Plantation Cleared of Rocks—W. O. Harper—a.....	Apr.	89
Northwest Earthquake Damage High on Inadequately-designed Structures—Harlan H. Edwards—a.....	May	63
Pierced Steel Planking Has Variety of Uses at Arcata Airfield—a.....	Mar.	60
Radio-Telephone Can Save Time on Construction Projects— James Joseph—a.....	Aug.	67
Railroad Switchyard at Los Angeles Has Many Innovations—a.....	Sept.	89
Rangely-Salt Lake City Oil Pipeline Completed— O. N. Malmquist—a.....	Feb.	71
Running Foundation Sand Chemically Solidified— Milos Polivka—a.....	July	81
Safety Program on Earth Dam Construction Outlined— L. M. McKay—a.....	Apr.	79
Slip Forms Enable Construction of Spokane Grain Elevators in Record Time—a.....	Aug.	73
Slip Forms Used to Construct San Francisco Grain Elevator—a.....	Mar.	71
Texas-Colorado Gas Pipeline Planned—n.....	June	71
Well Points Dry Riverbed at Davis Dam—s.....	Dec.	53
Wyoming-Montana Gas Pipeline Approval Asked for FPC—n.....	Aug.	74

Dam

Canyon Ferry Dam Construction Begins—p.....	Aug.	95
Chief Joseph Dam Access Highway and Bridge Plans Ready—n.....	Apr.	102
Chief Joseph Dam Preliminary Work Begins Soon—n.....	Aug.	96
Davis Dam Construction Enters Third and Final Phase—a.....	Dec.	51
Davis Dam Embankment and Spillway Near Completion Ahead of Schedule—n.....	May	80
Deschutes River Power Dam Planned by Portland Firm—n.....	Feb.	92
Dorena Dam Construction Far Ahead of Schedule—a.....	Jan.	89
Falcon Dam Construction on Rio Grande Authorized—n.....	Dec.	71
Floodgates to Be Installed at Arizona's Horseshoe Dam—n.....	Mar.	88
Fort Peck Dam Seepage Control—a.....	July	91
Garrison Dam, Embankment Material Moved at Record Rate—a.....	Nov.	57
Hungry Horse Cofferdams in Place After River Diversion—n.....	May	78
Hungry Horse Dam Design Changes Announced—n.....	Jan.	100
Hungry Horse Diversion Tunnel Drilled Rapidly with Diamond Drills—W. E. Wheeler—a.....	May	67
Hungry Horse Project Construction Plan Near Completion—n.....	Mar.	89
Hungry Horse Reservoir Area Cleared by Cable Dragging Operation—W. E. Wheeler—a.....	Nov.	68
Jackson Gulch Dam Completed Far Ahead of Schedule—n.....	Feb.	92
Kortes Dam, Concrete Gravity Structure, in Final Construction Year—John P. Ottesen—a.....	Mar.	55
Lucky Peak Dam Initial Bids Called—n.....	Sept.	99
Matilija Dam Pronounced Safe by Court—n.....	June	71
McNary Dam, Oregon Shore Cofferdams and Powerhouses Contracted—n.....	Aug.	95
McNary Dam Spillway and Navigation Lock Construction Proceeding Inside of Cofferdams—a.....	Sept.	65
Morelos Dam Being Constructed on Colorado River at International Boundary—J. F. Friedman—a.....	Feb.	74
Ochoco Dam in Oregon Reconditioned and Spillway Repaired—a.....	Nov.	81
Pathfinder Dam Rehabilitation Featured by Grouting— A. W. Simonds—a.....	Dec.	70
Platoro Dam Construction Begins Soon—n.....	Apr.	144
Ross Dam's Third Stage of Construction Completed—a.....	Feb.	59
Santa Fe Dam Near Los Angeles Ready for Use—n.....	Feb.	96
Site Chosen for Dam on Feather River Near Oroville, Calif.—n.....	Nov.	82
Southern California Water District Plans Earthfill Dam— M. J. Shelton—a.....	Jan.	85
Whitney Dam Project in Texas in Final Phases—a.....	Feb.	78

Engineering, Miscellaneous

Construction Design Charts—James R. Griffith—a.....		
CIH—Steel Beams in Flexure.....	Jan.	93
CIV—Cantilever Retaining Walls.....	Feb.	80
CV—Flow of Water in Steel Spiral Welded Pipe.....	Mar.	80
CVI—Area, Weight and Perimeter of Round Reinforcing Bars.....	Apr.	86
CVII—Lumber Quantity Estimates.....	May	88
CVIII—Allowable Loads on Corrugated Iron.....	June	99
CIX—Steel Beams in Flexure.....	July	88
CX—Reinforced Concrete Slabs.....	Aug.	86
CXI—Flow of Water in Semi-circular Metal Flumes.....	Sept.	83
CXII—Bars in Spirally Reinforced Columns.....	Oct.	93
CXIII—Douglas Fir Plywood Loads and Spans.....	Nov.	83
CXIV—8-Panel Warren Bowstring Timber Trusses.....	Dec.	74
Earthquake Probability Areas Determined—p.....	Feb.	94
Engineers Can Help Cut Construction Costs—Cecil C. Arnold—a.....	Mar.	64
Foundation Explorations for Lick Observatory Structure on Mt. Hamilton—Henry T. Taylor—a.....	Nov.	61
Fraser River Control in British Columbia Studied on Huge Model—n.....	Oct.	68
Glued Laminated Timber Design and Erection Methods—Part I— Verne Ketchum—a.....	July	71
Glued Laminated Timber Design and Erection Methods—Part II— Verne Ketchum—a.....	Aug.	76
Icosasphere, New Design for Welded Steel Tanks—a.....	Dec.	66
Mexican Engineers Advance Cement Technology for Irrigation Works—Federico Barona de la O—a.....	Aug.	64
Pozzolan Use Will Cut Costs of Hungry Horse Dam Concrete—n.....	June	86
Production Scheduling Saves Costs on Construction Projects— Ismail Ismen—a.....	Sept.	69

	Issue	Page		Issue	Page
Strength and Stiffness of Single Diagonally-sheathed Wood Diaphragm Tested—N. B. Green and A. C. Horner—	Aug.	69	Thermit Weld Rapidly Repairs Large Crack in Ship's Skeg—s.	Mar.	73
Tidal Wave Formation to Be Reported in Advance to Pacific Islands—n.	Oct.	71	Timber Clearing Speeded by Blower-burner Mounted on Tractor—p.	Aug.	92
Equipment Maintenance			Weather Forecaster Perfected for Local Conditions—s.	Aug.	92
Flame Machining Method Enables Fast Replacement of Worn Sprockets—s.	Jan.	97	Welding Equipment Compactly Mounted Beneath Truck Radiator—p.	Aug.	92
Hard-facing Simplified by Automatic Welding Methods—H. W. Sharp—	Sept.	97	Welding Truck Has Storage Box on Cab—p.	Apr.	98
Lubrication Ideas Cut Equipment Down-time at Davis Dam—James Bly and Jack Hanafin—	Feb.	89	Irrigation and Reclamation		
Maintenance and Operation of Welding Units—G. E. Tenney—	Mar.	83	Bids Invited on New Irrigation Projects—n.	Jan.—102; Feb.—93; Mar.—88; Apr.—100; May—104; June—108; July—100; Aug.—109; Sept.—100; Oct.—83; Dec.—86.	
Planet Power System Use on TD-24 Explained—	Sept.	94	Bureau of Reclamation Budget Provides \$387,000,000 for 1950—n.	Nov.	88
Tungsten Carbide Rock Bits Will Speed Drilling—s.	Jan.	97	Bureau of Reclamation 1948-1949 Construction Program Outlined—	Jan.	63
Worn Parts Rebuilt by Spraying on Steel with Gun Mechanism—R. S. Jensen—	Jan.	96	Bureau of Reclamation Turns Irrigation Projects Over to Water Users' Organizations—n.	Jan.	100
Highway and Street			Buried Asphalt Membrane Developed for Canal Seepage Control—J. R. Benson—	Sept.	72
California's Progress on Freeway Construction Under Collier-Burns Act Reviewed—G. T. McCoy—	Jan.	86	Central Arizona Project Controversy Awaits Water Rights Settlement—n.	Mar.	88
California's Ridge Route Superlative Example of Highway Planning and Construction—	June	67	Central Valley Development Plans Outlined by Bureau—n.	Oct.	106
Coast Highway Has Roadbed Elevation Raised Near Ventura, Calif.—K. Faulk and J. Teeters—	Apr.	63	Central Valley Project in Biggest Construction Year—n.	Aug.	66
Colorado Highway Department Streamlines Organization—	June	101	Colorado River Mediation Urged on California-Arizona—	Apr.	66
Colorado Road Commission Reorganization Argued—n.	Mar.	73	Colorado River Proposal Comments Demonstrate Interest—	May	77
County Highway Administration Subject of Public Roads Administration Survey—n.	Aug.	84	Columbia Basin Project—Construction of the Bacon, Dry Coulee, Soap Lake and Crab Creek Siphons—Ralph B. Bennett—	July	59
Denver-Boulder Toll Road Construction Authorized—n.	May	104	Continuous Concrete Irrigation Pipe Placed by Patented Machine—Rich Johnson—	Aug.	87
Denver's Valley Highway Under Construction as Limited-access Route—Wayne M. Swan—	June	92	East Mesa Irrigation Project in Southern California Gets Unfavorable Report—n.	Apr.	142
El Paso Depresses Railroads Through City—Robert E. Dewhurst—	June	75	Eklutna Project in Alaska Approved—n.	Mar.	100
Equipment Pooled to Clear Highways After Heavy Snows—Harold R. Heath, Jr.—	Apr.	69	Friant-Kern Canal Carries First Water—n.	June	98
Federal Highway Program Reviewed—	Jan.	77	Idaho Irrigation Tunnel Planned as World's Largest—n.	May	103
Fort Moore Hill Grading Makes Way for Hollywood Parkway in Downtown Los Angeles—Thomas A. Dickinson—	Oct.	62	Improved Gunite Pipe for Irrigation Works—C. R. Browning—	Nov.	63
Highway Programs for Western States in 1949 Outlined—	Jan.	74	Irrigation Needs for Alaska Outlined in Bureau of Reclamation Reports—n.	July	83
Kalispell, Mont., Improves Its City Streets—W. E. Wheeler—	Oct.	79	Irrigation System Repairs Resumed by U.S.B.R. on 12 Western Projects—n.	Dec.	81
Kansas Plans 20-year Highway Program—n.	May	142	Mexico Advances Cement Technology for Irrigation Works—Federico Barona de la O—	Aug.	64
Lava Beds Blasted for Northern California County Road Construction—Paul Matus—	Aug.	75	Minidoka Project Feature in Idaho Gets Favorable Report—n.	Aug.	68
Limitation of \$3,000 Ordered for County Force Account Jobs by California Court—	Sept.	91	Missouri River Basin Project—Kortes Dam in Wyoming Near Completion—John P. Ottesen—	Mar.	55
Long Holes Drilled to Blast Rock for Idaho Highway—R. P. Comstock—	Dec.	56	Morelos Dam on Lower Colorado Will Divert Water for Mexican Irrigation—J. F. Friedkin—	Feb.	74
Montana Plans Extensive Highway Modernization—n.	Dec.	60	New Repayment Contract to Benefit Water Users on Reclamation Projects—n.	Feb.	77
Parking and Terminal Facilities—R. W. James—	Oct.	72	Pecos and Arkansas River Water Compacts Effected—	Feb.	87
Prison Labor Constructs California Mountain Highway—	June	84	Pre-cast Concrete Pipe for Delta-Mendota Canal is Largest Yet—	Dec.	67
Programming an Efficient Highway System at Lowest Cost in Colorado—R. E. Livingston—	June	87	Rogue River Basin Development Program Planned—n.	Apr.	65
Programming Arizona's Highways—E. V. Miller—	June	91	Runoff Forecast for 1949 Water Supply in Western States—R. A. Work and Paul A. Ewing—	May	71
Programming Highway Construction in Idaho—James Reid—	June	139	Runoff Forecasts for Western Streams Initiated by Weather Bureau—Merrill Bernard—	Mar.	78
Programming Highways in California—G. T. McCoy—	June	90	Runoff Forecasts Revised After Heavy Thaws—	June	91
Programming Highways in Nevada—W. T. Holcomb—	June	88	Solano Project in California Approved—n.	Mar.	79
Programming Highways in Oregon—R. H. Baldock—	June	89	Water Losses Should be Decreased in Irrigation Delivery Systems—Karl O. Kohler, Jr.—	Feb.	67
Programming Highways in Texas—John Davenport—	June	90	Weber Basin Project, Utah's Biggest Water Development—	Dec.	58
Programming Highways in Washington—O. R. Dinsmore—	June	140	Wyoming Project Gets Unfavorable Report—n.	Apr.	115
Programming Highways in Wyoming—R. G. Stapp—	June	139	Municipal		
Programming New Mexico's Highways—L. D. Wilson—	June	90	Construction Programs in Major Western Cities Forecast—	Jan.	79
Radiant Heating System Melts Highway Snow and Ice—s.	Jan.	98	County Pre-casts Bridge Girders for Economy—S. C. Jayne—	Dec.	77
Reconstruction Advancing on War-torn Philippines Roads—n.	Oct.	71	County Shops Designed for Efficiency—C. R. Parks—	Dec.	61
Reno Streets Paved with Gold Ore—n.	June	74	El Paso Depresses Railroads Through City—Robert E. Dewhurst—	June	75
Shrubby Controls Erosion on Steep Slopes of Palomar Mountain Road—Gustaf Juhren—	Sept.	79	Engineering, Education and Enforcement Necessary to Solve Traffic Problems—J. W. Arch Bollong—	Oct.	97
Utah Limited-access Highway Replaces Dangerous Mountain Road—Fred D. Miles—	June	72	Klamath County, Ore., Repairs Winter Damage to Roads—	July	77
Winter Damaged Roads Repaired by Klamath County, Ore.—	July	77	Nevada Cities Place Levees as Emergency Flood Control—Clyde J. Gorman—	May	74
Wyoming Engineer Answers Critics of Bypass Highways—n.	Dec.	63	New Type Pipe Construction Contract Developed at Oakland Cuts Installation Time—n.	April	83
How It Was Done			Parking and Terminal Facilities—R. W. James—	Oct.	72
Big Trailers Carry Canal Building Jumbos Around Obstructions—s.	May	100	Problems in Municipal Engineering Created by 30% Population Growth—	Oct.	61
Compressor-Earth Auger Team Drills Anchor Holes on Production Basis—s.	May	99	Seattle City Light Plans \$50-million Works Program—n.	Mar.	102
Compressor-Ram Attachment Hooks Concrete Buckets—s.	Sept.	93	Seattle Has an Efficient, Up-to-date Street Lighting System—	Oct.	75
Conveyor Belt Backfills Trench in Narrow Alleys—s.	June	105	Water Works Standards Prepared by California Engineers—	Feb.	81
Crack-sealing Units Quickly Repair San Francisco Streets—s.	June	105	Personals		
Cylindrical Concrete Water Storage Tank Built at Milwaukie, Ore.—p.	Oct.	101	"Long John" Austin, Hard Rock Tunnel Champ—Henry Hough—	Nov.	76
Fill Movement Stopped by Horizontal Drainage Holes—p.	Apr.	97	R. H. Baldock, Oregon Highway Chief—A. J. Larson—	Dec.	73
Floating Caisson Will Repair Grand Coulee Spillway Bucket—p.	Apr.	98	J. W. Arch Bollong, Expert Traffic Engineer—Lloyd Thorpe—	May	89
Giant Hydraulic Clamp Enables Welding of Large Pipes—p.	Apr.	98	John W. Cunningham, Outstanding Consulting Engineer—Arthur J. Larson—	Aug.	85
Home-made Dredging Rig Has Clever Design—p.	Apr.	98	Jeanette Daley, Successful Woman Contractor—Rich Johnson—	Mar.	81
Manometers Measure Settlement Under Earth Reservoir—p.	May	99	Paul M. Enright, Dredging Chief Engineer—Betty Thompson—	Sept.	86
On-the-job Concrete Batch Plant Designed for Economy by Los Angeles Contractors—s.	Aug.	91	A. J. Orselli, Refinery Construction Manager—Betty Thompson—	June	96
Overhead Loader Attachment Enables Mucking and Hauling by One Unit—s.	Sept.	92	H. Earl Parker, Successful Young Contractor—Betty Thompson—	June	97
Panel Wall of Cellular Glass and Concrete Enables Construction and Design Freedom—s.	Nov.	87	Portraits of Five City Engineers: William P. Hughes, Lewiston, Ida.; A. Segel, Fresno, Calif.; Glenton G. Sykes, Tucson, Ariz.; A. K. Fogg, San Diego, Calif.; Ben S. Morrow, Portland, Ore.—	Oct.	84
Portable Piping and Pump Systems Water Remote Fill Borrow Pits—s.	Aug.	93	I. C. Steele, Power Company Chief Engineer—Betty Thompson—	Apr.	87
Radiant Heating System Melts Snow on Oregon Highway—s.	Jan.	98	James H. Turner, Public Utilities Chief—Betty Thompson—	Jan.	94
Ratchet-Type Jacks Used to Pull Transmission Line Poles—p.	July	95	Col. Theron D. Weaver, Brilliant Army Engineer—Arthur J. Larson—	Feb.	83
Rock Hook Attachment for Crane Places Boulders on San Diego Mission Bay Project—p.	July	95	Planning		
Rock Rake Rough Grades Canal Banks on Columbia Basin Project—p.	Aug.	91	Annual Cost of Proposed Columbia Valley Authority Set at \$200 Million—n.	Aug.	98
Rotary Screen Loader Both Digs and Screens Aggregate—s.	May	101			
Row of Drifter Drills Mounted on Truck Lines Out Curbs Before Excavation—s.	Sept.	93			
Sand Spout from Truck Places Sand for Thin Filter Blanket at McNary Dam—p.	Aug.	92			
Sewer Cleanouts Reduce Need for Manholes in Phoenix—p.	May	100			
Sliding Box Sleeves Speed Sewer Trench Work—s.	May	101			
Special Conveyor Truck Carries Many Pipe Sections—p.	July	95			
Subsurface Seepage Controlled by Underground Asphalt Barrier—s.	Apr.	146			
Tension Sled Simplifies Stringing of Power Lines—s.	Sept.	92			

	Issue	Page		Issue	Page
Bids Invited on New Irrigation Projects—n			Sea-level Sewers Laid in Mud Along San Francisco Bay, Calif.—a	Apr.	
Jan.—102; Feb.—93; Mar.—88; Apr.—100; May—104;			Sewer Line in Soft Mud and Across Salt Water Channel		
June—108; July—100; Aug.—109; Sept.—100; Oct.—83;			at San Leandro—a	Sept.	
Dec.—86.			Sewer Pipe Produced from Low-grade Clays at Southern		
Central Valley Development Plans Outlined by Bureau			California Plant—Thomas A. Dickinson—a	Aug.	
of Reclamation—n	Oct.	106	Storm and Sanitary Sewers Constructed During Winter		
Columbia Basin Development Program Approved at Public			at Great Falls, Mont.—A. J. Richardson—a	Oct.	
Hearings—n	Mar.	87			
Columbia Basin Plan Details Reconciled by Bureau of Reclamation					
and Army Engineers—n	Jan.	101			
Columbia Valley Authority Plan Presented to Congress—n	May	103			
Coordinated Columbia Basin Development Program Outlined					
by Army Engineers and U.S.B.R.—n	May	105			
Hoover Report Calls for Consolidation of Army Engineers					
and Bureau of Reclamation—n	Mar.	100			
Pick-Sloan Missouri Basin Development Program Disapproved					
by Government Reorganization Commission—n	April	88			
REA Loans and Bond Issues Indicate Coming Construction—n					
Jan.—92; Apr.—74; Sept.—71.					
Transfer of Northwest Water to Southwest, Headquarters for					
Study Established at Salt Lake City—n	Dec.	82			
Weber Basin Project, Utah's Biggest Water Development—a	Dec.	58			

Power

California Irrigation Districts Plan Power Projects—n	Apr.	112
Court Rules Private Transmission Lines May Cross		
Public Domain—n	Nov.	67
Deschutes River Power Project Planned by Portland Firm—n	Feb.	92
Deschutes River Power Project Submitted for F.P.C. Approval—n	July	97
Hydroelectric Project on Stanislaus River in California		
Authorized—n	Oct.	105
Idaho Power Co. Asks Permit for Snake River Power Project—n	May	132
Installation of Grand Coulee Generators Rushed to Meet		
Power Shortages—n	Apr.	80
Kings River Hydroelectric Project Authorization Awarded		
to P. G. & E.—n	Dec.	81
License Asked for Hydroelectric Project on Strawberry Creek,		
Lincoln Co., Wyo.—n	Nov.	70
Many Apply for Garrison and Fort Randall Power—n	Apr.	85
Missouri River Power Projects of Montana Power Co.		
Outlawed by F.P.C.—n	Jan.	101
Monolithic Concrete Encloses Fragile Power Conduit		
at Keswick Dam—Theodore C. Murphy—a	Feb.	85
Negotiations Terminate for Federal Purchase of Arizona Power		
Plants—n	June	71
New Mexico Public Service Plans Big Power Plant—n	Feb.	73
P. G. & E. Charged with Violating California Public		
Utilities Act—n	Mar.	70
P. G. & E.'s Feather River Power Project Nearly Completed		
After Record Construction Schedule—n	July	97
P. G. & E. Will Continue to Buy Shasta Dam Power—n	Feb.	93
Penstocks for Davis Dam Powerhouse Fabricated Near Damsite—s	Dec.	55
Power Potential of Alaskan Streams Outlined in Bureau of		
Reclamation Report—n	July	83
Rural Electrification Program Progress Reviewed—a	Jan.	73
San Joaquin River Power Dams Approval Asked—n	Apr.	80
Seattle City Light Plans \$50-million Works Program—n	Mar.	102
Sultan River Power Project in Washington Approved by FPC—n	Apr.	100
Tacoma Asks License for Cowlitz River Power Dams—n	Oct.	71
Three Groups Ask Power Rights at Folsom Dam—n	Apr.	140
Trespass on Public Land Charged to Idaho Power Co.—n	Sept.	80
Utah Power Co. Starts Huge Expansion Program—n	Jan.	99
Water Storage in Canada Proposed to Relieve Northwest		
Power Shortage—n	Feb.	76
Whatsan Lake Power Development in British Columbia Soon		
to Be in Operation—n	Feb.	88

Sewerage

Additions Being Constructed to Denver's Sewage Treatment		
Plant—a	Oct.	77
Chula Vista Sewage Treatment Plant Combines Aeration		
and Sedimentation in One Unit—Harold C. Foster—a	July	80
Field Offices Located for Western Pollution Control Activities—n	Jan.	62
Oregon Cities Plan Sewage Treatment Systems—n	Aug.	88
Outfalls Consolidated for New Sewage Treatment System		
at Bremerton, Wash.—Lloyd Thorpe—a	Oct.	66
Pollution Control Program to Begin in West in 1949—n	Jan.	78
Poured-in-place Concrete Piles Placed for San Francisco's		
North Point Sewage Treatment Plant—a	Nov.	74
Pre-stressed Concrete Tanks at Hyperion Sewage Plant—p	Oct.	86
Reclamation of Water from Sewage Recommended at Los Angeles		
by Board of Engineers—a	Nov.	77

Sea-level Sewers Laid in Mud Along San Francisco Bay, Calif.—a	Apr.	
Sewer Line in Soft Mud and Across Salt Water Channel		
at San Leandro—a	Sept.	
Sewer Pipe Produced from Low-grade Clays at Southern		
California Plant—Thomas A. Dickinson—a	Aug.	
Storm and Sanitary Sewers Constructed During Winter		
at Great Falls, Mont.—A. J. Richardson—a	Oct.	

Tunnels

Aspen Tunnel in Wyoming Being Concrete-lined—p	Sept.	
Hungry Horse Tunnel Excavated Rapidly Using Diamond Drills—		
W. E. Wheeler—a	May	
Idaho Irrigation Tunnel Planned as World's Largest—n	May	
Tunnel Driven Through Mud on East Bay Municipal Utility		
District Sewer Project—Rod Westfall and Ralph Eakin—a	Nov.	

Water Supply

Alvarado Reservoir at San Diego Constructed with Thin Concrete		
Roof Slab on Pre-cast Columns—William C. Brown—a	July	
Concrete Replaces Wood-stave on Main Supply Line to Denver		
Reservoir—Henry Hough—a	Oct.	
Further Development of Mokelumne River Planned by East Bay		
Municipal Utility District—n	July	
Hetch Hetchy Pipeline Constructed Parallel to Original Line—p	Nov.	
Idaho Department Cooperation in Water Pollution Control		
Program—H. C. Clare—a	Oct.	
Mediation Proposal Comments Demonstrate Interest—a	May	
Mediation Proposed for Arizona-California Controversy Over		
Colorado River Water—a	Apr.	
Membrane-lined Earth Reservoir at Los Angeles—a	May	
Mokelumne Aqueduct Construction Near Completion—a	Mar.	
Northwest District Office in Operation to Abate Water Pollution—		
Robert R. Harris—a	Oct.	
Orange County Ground-water Supplemented by Supply from		
Colorado River Aqueduct—n	Sept.	
Oregon Has Long Active Water Pollution Control Program—		
Curtiss M. Everts, Jr.—a	Oct.	
Reclamation of Water from Sewage Recommended at Los Angeles		
by Board of Engineers—a	Nov.	
Runoff Forecast for 1949 Water Supply in Western States—		
R. A. Work and Paul A. Ewing—a	May	
Runoff Forecasts for Western Streams Initiated		
by Weather Bureau—Merrill Bernard—a	Mar.	
Runoff Forecast Revised After Heavy Thaws—a	June	
Salt Lake Aqueduct Near Completion Under Final, Difficult		
Contract—a	Dec.	
Salt Lake Aqueduct Rapidly Nearing Completion—		
L. R. Dunkley—a	Feb.	
Transfer of Northwest Water to Southwest, Headquarters for		
Study Established at Salt Lake—n	Dec.	
Washington Commission Cooperating in Water Pollution		
Control Program—E. F. Eldridge—a	Oct.	
Water Works Standards Prepared by California Engineers—a	Feb.	

Waterway

Alaska's Gold Creek Flood Control Project Approved—n	July	
Army Engineers' 1948-1949 Construction Program Outlined—		
Lt. Gen. R. A. Wheeler—a	Jan.	
Columbia Basin Development Program of Army Engineers		
Reviewed—a	Jan.	
Columbia Basin Program Approved at Public Hearings—n	Mar.	
Coordinated Columbia Basin Program Announced by Army		
Engineers and U.S.B.R.—n	May	
Dredge Begins Clearing Silt from Colorado River Channel—a	Apr.	
Dredged Fill in San Leandro Bay Gives Oakland New		
Industrial Land—a	Mar.	
Floodway to Protect Colorado Springs—		
Lt. Col. Joseph O. Killian—a	May	
Levees Hastily Placed to Control Humboldt River Floods		
in Nevada—Clyde J. Gorman—a	May	
Los Angeles Plans New \$6,000,000 Harbor Terminal—n	Nov.	
Los Angeles River Watershed Has Grid of Flood Control		
Channels—Charles W. Thomas—a	May	
Los Angeles Tests Flood Control Defense With Simulated		
Runoff—n	Nov.	
Oregon's Coos Bay Channel Dredged in Record Time		
Using Non-conventional Equipment—Knox Borden—a	July	
Pecos and Arkansas River Compacts Effected—a	Feb.	
Pick-Sloan Missouri Basin Development Program Disapproved—n	Apr.	
Whitney Dam in Texas to Control Brazos River Floods—a	Feb.

UNIT BID SUMMARY INDEX

Street and Road Work Grading and Surfacing

	Issue	Page
Arizona		
Coconino Co.—Clear, grade, drain and plantmix bitum. surf. on 5.5 mi. Ash Fork-Flagstaff hwy.	Sept.	128
Coconino Co.—Grade and bitum. surf. on 8.2 mi., Grand Canyon-Old Trails Highway	Jan.	116
Coconino Co.—Grade, drain and bitum. surf. 10.8 mi. of Flagstaff-Winslow hwy.	June	142
Gila Co.—Clearing, grade, struct. and water plants along 9.4 mi. Verde Valley-Roosevelt Dam hwy.	Apr.	140
California		
Humboldt Co.—Grade and drain 3.8 mi. nr. Orick	July	126
Monterey Co.—Const. drainage system of 12- to 24-in. welded steel pipe for hwy. nr. San Simeon	Dec.	110
Riverside and San Bernardino Cos.—Grade and plantmix bitum. surf. on 6.5 mi. on Route 43; also steel and conc. bridge	Aug.	128
San Bernardino Co.—Grade and plantmix surf. 8.4 mi. of Pigeon Pass road	Mar.	122
San Luis Obispo Co.—Grade and plantmix surf. 2.1 mi. betw. Cuesta Siding and Santa Margarita	June	154
Colorado		
Clear Creek Co.—Clearing, grading and struct. on 4.5 mi. Echo Lake Highway	Jan.	118
Clear Creek Co.—Grade and drain 4.7 mi. Echo Lake hwy.	Oct.	134
Montana		
Fergus Co.—Grade, gravel and oil 13 mi. Lewistown-Roy hwy.	Sept.	131
Nevada		
Clark Co.—Grade and plantmix bitum. surf. 3 mi. nr. Clark County Hospital	Feb.	114
Clark Co.—Grade, drain and plantmix surf. 10 mi. of Henderson-Boulder City hwy.	June	150
Pershing Co.—Grade and roadmix asphalt surf. 7.1 mi. nr. Lovelock	May	140
Washoe Co.—Grade and bitum. surf. 2.5 mi. in and near Reno	Aug.	126

New Mexico

	Issue	Page
Luna Co.—Grade and asphalt surf. 11.6 mi. Deming-Las Cruces hwy.	Oct.	132
Otero Co.—Grade and struct. on 4.3 mi. Alamagordo-Cloudercroft road	July	126

Oregon

	Issue	Page
Jackson Co.—Grade and oil mat surf. 6.3 mi. Snider Creek-Crater Lake Junction hwy, section	June	144
Malheur Co.—Reoiling Jordan Valley Highway nr. state border	July	128

Utah

	Issue	Page
Beaver Co.—Roadmix bitum. surf. of 9.9 mi. Milford-Frisco road; also reinf. conc. bridge	June	152
Kane Co.—Plantmix bitum. surf. on 7.6 mi. Sevier Summit-Glendale hwy	Feb.	114
Salt Lake Co.—Plantmix bitum. surf. 2.8 mi. U. S. Hwy. 40 in Parley's Canyon	July	122

Washington

	Issue	Page
Cowlitz Co.—Clear, grade and drain 3.6 mi. State Hwy. No. 1 along Kalama River	May	142
Grant Co.—Grade and drain 4.8 mi. Odair-Electric City road	Apr.	138
Lewis and Pacific Cos.—Grade and bitum. macadam surf. approx. 7.5 mi. of hwy. from Beam Road to Pluvius	Dec.	109

Wyoming

	Issue	Page
Carbon Co.—Grade, drain and bitum. surf. 4 mi. of Savery-Slater road	Jan.	118
Carbon Co.—Grade, drain and struct. on 10.5 mi. of Rawlins-Medicine Bow road	July	124
Crook Co.—Grade and roadmix asphalt surf. on 20.4 mi. Colony Rd.	Sept.	130
Natrona Co.—Grade, drain and struct. along 12 mi. of Midwest-Casper road	Mar.	122

California

Paving

	Issue	Page
Kern Co.—Grade and PCC pave 1 mi. Golden State Ave. in Bakersfield	Sept.	130

	Issue	Page
Los Angeles Co.—Grade and PCC pave 1.6 mi. on Hollywood Parkway in Los Angeles.....	Aug.	124
Los Angeles Co.—Grade and PCC pave 1.8 mi. of Ramona Parkway in Los Angeles.....	Oct.	136
Madera Co.—Grade and PCC pave 2.7 mi. Dry Creek-Berenda.....	May	140
San Joaquin Co.—Grade and PCC pave 7.2 mi. state hwy. nr. Stockton.....	July	124
Solano Co.—Grade and PCC pave 4.3 mi. nr. Fairfield; also a reinf. conc. bridge.....	Feb.	116
Solano Co.—Grade and PCC pave 4.7 mi. nr. Fairfield; also 2 reinf. conc. bridges.....	Jan.	116
Tulare Co.—Grade and PCC pave 7.8 mi. Tipton-Tulare Airport road.....	July	128
Ventura and Santa Barbara Cos.—Grade and PCC pave on cement-treated subgrade and plantmix surf. on existing pavement on approx. 2.5 mi. nr. Carpinteria.....	Dec.	108

Oregon

Multnomah Co.—Grade and PCC pave Tillamook St.-Broadway Bridge section of Pacific West Hwy.....	Oct.	134
Tillamook Co.—Grade and asphalt conc. pave 5.7 mi. Oregon Coast Highway; also reinf. conc. bridges and misc. struct.....	May	138
Yamhill Co.—Grade, PCC pave and asph. conc. pave total of 5.2 mi. Pacific West Hwy. nr. Newberg.....	Sept.	131

Utah

Davis Co.—PCC pave on 5.9 mi. Bountiful-Farmington hwy.....	Sept.	131
---	-------	-----

California

Bridge

Los Angeles Co.—New plate girder bridge and reconstr. old similar bridge across San Gabriel River on Valley Blvd.....	July	120
Los Angeles Co.—Reinf. conc. box girder undercrossing on Hollywood Parkway in Los Angeles.....	May	136
Los Angeles Co.—Reinf. conc. girder undercrossing, reinf. conc. pedestrian undercrossing, and 0.26 mi. PCC pave on Hollywood Parkway, Los Angeles.....	June	146
Los Angeles Co.—Reinf. conc. slab bridge across Compton Creek on Santa Fe Ave.....	Sept.	132
Los Angeles Co.—Struct. steel girder overcrossing on Hollywood Parkway in Los Angeles.....	Mar.	126
Mendocino Co.—Steel truss bridge on reinf. conc. bents across Salmon Creek nr. Albion.....	Aug.	120
Monterey and Santa Cruz Cos.—Structural steel beam bridge betw. Watsonville Junction and Front St. in Watsonville.....	Nov.	118
Placer Co.—Reinf. conc. underpass and overcrossing nr. Roseville.....	Jan.	110
San Diego Co.—Eight steel and conc. bridges and approaches in National City.....	Dec.	106
San Diego Co.—Reinf. conc. girder bridge across Viejas Creek nr. Alpine.....	Aug.	120
Santa Clara Co.—Reinf. conc. slab bridge across Camadero Creek nr. Gilroy.....	Aug.	122
Tulare Co.—Small steel and conc. bridge.....	July	120
Tulare Co.—Two small steel and concrete bridges.....	Sept.	132

Montana

Lewis & Clark Co.—Three small timber bridges on Helena-Wilborn hwy.	Aug.	122
Park Co.—Reinf. conc. underpass under railroad at Livingston.....	Aug.	120
Rosebud Co.—200-ft. steel and conc. bridge over Tongue River on Crow Agency-Broadus hwy.....	Sept.	132
Yellowstone Co.—1,022-ft. conc. and steel bridge over Yellowstone River on Billings-Pompey's Pillar road.....	May	136

New Mexico

McKinley Co.—Concrete and steel highway bridge on U. S. Hwy. 66 nr. Arizona-New Mexico state line.....	Nov.	116
--	------	-----

Oregon

Jackson Co.—Concrete and steel Rogue River bridge.....	Nov.	116
Lane Co.—Structural steel Ferry St. bridge in Eugene.....	Aug.	120
Multnomah Co.—Constr. ramp approaches at west end of Front Ave. bridge on Pacific West Highway.....	Mar.	128
Multnomah Co.—Reinf. conc. and steel Savies Island bridge over Willamette Slough.....	Apr.	138

Washington

Kitsap Co.—Reconstr. approach spans and decking on Port Washington Narrows bridge.....	Jan.	110
Kitsap Co.—Steel cantilever bridge to Bainbridge Island.....	May	136
Stevens and Lincoln Cos.—Reinf. conc. Spokane River bridge at Long Lake Project.....	July	120

Wyoming

Carbon Co.—Four I-beam bridges over U. P. Railroad tracks nr. Como; also grading and draining of approaches.....	Dec.	107
Goshen Co.—Steel I-beam bridge across North Platte River at Torrington.....	Oct.	138

Arizona

Maricopa Co.—Sewage treatment plant at Mesa.....	Feb.	110
--	------	-----

California

Alameda Co.—Land and subaqueous sections of outfall for East Bay Municipal Utility District at Oakland.....	Sept.	126
Alameda Co.—South intercepting sewer, section 4, in Oakland.....	Jan.	108
Contra Costa Co.—Instal. sanitary sewer lines in Walnut Creek.....	July	122
Los Angeles Co.—Sanitary sewer and appurt. work in Woodman Ave., Van Nuys District.....	Nov.	112

New Mexico

Bernalillo Co.—North Fourth Ave. trunk sewer in Albuquerque.....	Oct.	126
--	------	-----

California

Dam

Merced Co.—Burns Creek Dam (earthfill) nr. Merced.....	July	130
Shasta Co.—Completion of Keswick Dam nr. Redding, including conc. placement, earthfill abutment and misc. struct.....	May	128

Montana

Flathead Co.—Clearing Hungry Horse reservoir area nr. Kalispell (bids rejected).....	Nov.	
Lewis & Clark Co.—Canyon Ferry Dam (conc. gravity) and power plant on Missouri River nr. Helena.....	Feb.	

North Dakota

McLean and Mercer Cos.—Channel and spillway excav. and portion of main embankment, Stage 3, Garrison Dam.....	Dec.	
Stark Co.—Dickinson Dam (earthfill), spillway and outlet works.....	Feb.	

Oregon

Marion Co.—Detroit Dam (conc. gravity) main struct., outlet gates, penstocks, etc., on North Santiam River nr. Mill City.....	Apr.	
Umatilla Co.—Oregon shore cofferdam, embankment, foundation grouting, etc., for Oregon shore section, McNary Dam.....	Sept.	

South Dakota

Charles Mix Co.—Fort Randall Dam, Stage II, excav. outlet works and spillway areas.....	Feb.	
---	------	--

Washington

Lincoln Co.—Repair spillway face and bucket at Grand Coulee Dam.....	Mar.	
--	------	--

California

Irrigation

Merced Co.—Earthwork, conc. lining and struct. for Delta-Mendota Canal from Volta to Dos Palos.....	Oct.	
Riverside Co.—Earthwork, pipelines and structs., Unit 6, Coachella Valley distribution system, All-American Canal System.....	Apr.	
Stanislaus Co.—Earthwork, struct. and conc. lining, Sta. 1366 to Sta. 2149, Delta-Mendota Canal.....	Feb.	

Colorado

Larimer Co.—Earthwork, conc. lining and struct., Horsetooth supply conduit and Horsetooth feeder canal, Colorado-Big Thompson Project.....	Aug.	
--	------	--

Nebraska

Scotts Bluff Co.—Comparison betw. conc. lining applied by slip-form or pneumatically on North Platte Project laterals.....	Oct.	
--	------	--

New Mexico

De Baca Co.—Earthwork, conc. lining and struct. for approx. 2¼ mi. of main canal on Fort Sumner Project.....	Dec.	
--	------	--

Washington

Grant Co.—Constr. of Soap Lake siphon, Columbia Basin Project.....	Jan.	
Grant Co.—Earthwork and struct. on Winchester wasteway, Columbia Basin Project.....	July	
Grant Co.—Earthwork, conc. lining and struct. Sta. 351 to Sta. 1229, West Canal, Columbia Basin Project.....	July	

California

Water Supply

Alameda Co.—Furn. and instal. approx. 2 mi. 48-, 54- and 60-in. welded steel water main in tunnel and trench in Oakland.....	Dec.	
San Joaquin Co.—San Joaquin River crossing of Hetch Hetchy Aqueduct No. 2.....	Oct.	

California

Waterway

Los Angeles Co.—Creek Channel Improvements from Ballona Creek to Braddock Drive for Sawtelle-Westwood system.....	July	
---	------	--

California

Tunnel

Santa Barbara Co.—Tecolote tunnel, Santa Barbara Project.....	May	
---	-----	--

Colorado

Larimer Co.—Conc. lining for Horsetooth supply conduit, Colorado-Big Thompson Project; also earthwork and struct. for Horsetooth feeder canal and access road.....	Nov.	
Larimer Co.—Excavation and conc. lining of Olympus and Pole Hill tunnels, Colorado-Big Thompson Project.....	Sept.	

Idaho

Ada Co.—Intake and outlet struct., tunnel and approx. 1,150 ft. of steel-lined conc. tunnel at Lucky Peak Dam.....	Dec.	
--	------	--

New Mexico

Otero Co.—Conc. lining of tunnel over 26-ft. roadway on Alamogordo-Cloudcroft hwy.	Oct.	
---	------	--

Utah

Wasatch Co.—Duchesne tunnel and tunnel intake on Provo River Project, Schedules 3, 4 and 5.....	Nov.	
---	------	--

California

Power

Imperial Co.—Transmission line from El Centro to Coachella.....	Apr.	
Shasta Co.—Completion of Keswick power plant nr. Redding, includ. installation of equipment.....	May	

Colorado

Various counties—Construction of various 115-kv. transmission lines on Colorado-Big Thompson Project.....	Aug.	
---	------	--

California

Miscellaneous

Shasta Co.—Constr. of 7.7 mi. single-track railroad on reloc. of lines around Keswick reservoir.....	Mar.	
--	------	--
