1954

ANNUAL INDEX

Volume 29

JUN 23 1955

KING PUBLICATIONS

9 Mission Street

San Francisco 5, California

December, 1954—WESTERN CONSTRUCTION

SUBJECT INDEX

a—Article; c—Conventions; n—News; p—Pictorial; s—Short

Airports

	Issue	Page
Battery of vibrators for concrete apron at Davis-Monthan AFB, Arizona—s.	Mar.	59
Corps of Engineers program for 1954—a.	Jan.	70

Associations

AED annual meeting at New York—c.	Mar.	135
AGC adopts standards for subcontracts—n.	Nov.	88
AGC: 35th annual convention at Los Angeles—c.	Apr.	73
WASHO meets at Sun Valley—c.	Nov.	59

Bridges

Bremerton, Wash., bridge cost set at \$4,000,000—n.	July	82
Columbia River bridge at Portland approved by Corps of Engineers—n.	Sept.	96
Counterweight cable replacement uses special hydraulic jacks—a.	June	94
County cuts small bridge costs with prefab deck and beams—H. F. Cozzens—a.	Apr.	64
Dunsmuir concrete arch bridge, work started—s.	Apr.	67
First prestressed bridge in Colorado completed—n.	Feb.	79
Flood takes out bridge pier in Oregon—n.	Apr.	92
Golden Gate Bridge bracing installation work is behind schedule—n.	Aug.	94
Hood Canal bridge plans begun by Washington Toll Bridge Authority—n.	Jan.	100
Jacks used for falsework erection and decentering—s.	Oct.	118
Lake Washington Bridge site restricted by Navy—n.	May	94
Lake Washington Bridge site selected—n.	Oct.	92
New San Francisco Bay Bridge approved—n.	May	96
Pasco-Kennewick bridge joined at middle—n.	Apr.	98
Pasco-Kennewick bridge over Columbia River opened to traffic—n.	Sept.	79
Performance of 4-level structure on Los Angeles freeways—a.	June	98
Prefab steel bridge 140 ft. long is low in cost—s.	Oct.	73
Prestressed bridge in Oregon—T. G. Thompson—c.	Dec.	55
Richmond-San Rafael bridge piling welded on assembly line—s.	Jan.	129
Richmond-San Rafael bridge, tricks on trestle approach—a.	Apr.	52
Sandpoint Bridge construction begins—n.	July	76
Sandpoint Bridge represents 20 years of Idaho planning—A. J. Sachse—a.	June	65
San Francisco Bay Bridge approach link to freeway—n.	Dec.	60
San Francisco Bay Bridge distribution structure bids to be called—s.	Mar.	66
San Francisco Bay Bridge, more improvements planned—n.	May	78
San Francisco Bay crossing plans to go to legislature—n.	Oct.	82
San Francisco Bay crossing proposal okayed by Secretary of Army—n.	June	100
San Francisco Bay crossing, revised application by California—n.	Feb.	76
Seattle proposes unusual design for Duwamish Waterway bridge—p.	Aug.	102
Spokane toll bridge cost announced—n.	Nov.	86
Telescoping falsework for steel bridge truss erections—s.	July	68
Timber bridges and where to use them—Charles H. Woodworth—a.	June	74
Timber trusses for arch centering—a.	Oct.	59
Traffic control for bridge repair work—G. D. Gardner—a.	June	87
Trestle spans 35-ft. long built by the mile—a.	Dec.	41
Truck cranes team up for girder lift—p.	Nov.	108
Wanted: a good way to finish concrete slabs—P. C. Leonard—a.	June	144
Welding for strengthening of bridges—Percy V. Pennybacker—a.	Jan.	77

Building

Air Force Academy site selected near Colorado Springs—n.	Aug.	96
Driving 130-ft. steel piles for building foundation—a.	Feb.	59
Folded plate roof construction—Milo S. Ketchum—a.	July	66
Gradall solves tricky underpinning problem—a.	Nov.	64
Heated tents beat Alaskan winters for pouring concrete—Robert A. Farley—a.	Feb.	60
High tensile bolts, semi-continuous framing—Rowland S. Rose—a.	July	51
Highway division headquarters designed for special problems—Jack R. Cooney—a.	June	74
Industrial and commercial construction to boom in 1954—n.	Jan.	82
Largest roof of prestressed girders and purlins in the West—Charles J. Pankow—a.	Feb.	62
Lift-slab failure at San Mateo, Calif., is first known—n.	Sept.	88
Piledriving for San Francisco building ends with funeral celebration—s.	June	176
Powerhouse steel erection at Nimbus Dam—a.	May	66
Prestressed construction for Los Angeles building—n.	May	53
Prestressed tie girders are 50 ft. long—a.	May	66
Problems on steam plant construction in Alaska—George Avery—a.	Nov.	58
Rigid frame, radiant heat, exhaust gas removal for modern equipment garage—a.	Apr.	72
School features lift-slab and tilt-up—a.	Oct.	53
Special hangers for raising beam forms—s.	July	53

	Issue	Page
Steel and tilt-up erected in record time—a.	Oct.	80
Steel strapping speeds formwork erection—s.	Feb.	108
Subdivisions, Part 1: clearing 1,000 ac., moving 6,500,000 yd.—a.	Nov.	49
Subdivisions, Part 2: equipment variety for grading, ditching—a.	Dec.	52
Tallest lift-slab structure going up in California—a.	Apr.	54

Construction, Miscellaneous

Alaska construction camps to close—p.	Oct.	90
Alaska Newsletter—C. S. Cernick—n.	Jan. p. 104; Feb. p. 86; Mar. p. 96; Apr. p. 100; May p. 100; June p. 130; July p. 84; Aug. p. 106; Sept. p. 121; Oct. p. 96; Nov. p. 90; Dec. p. 74.	
Bolts for support in rock excavation, Part 1—Seth D. Woodruff—a.	July	61
Bolts for support in rock excavation, Part 2—Seth D. Woodruff—a.	Aug.	76
California highway fill to be floated on mud—s.	Aug.	73
Chain link fencing holds rock falls on steep slopes—s.	Sept.	127
Columbia River mouth channel plans approved by Army—B.	July	82
Concrete pipe cut with primercord—s.	Oct.	114
Concrete tank reservoir prestressed two ways—a.	Aug.	66
Construction camp housekeeping on Alcan Project—H. E. Echols and Milo M. Marchetti—a.	May	61
Construction volume forecast for 1954—s.	Jan.	57
Corps of Engineers projects, current and future—a.	Jan.	70
Crushing costs cut with smart plant operation—a.	Oct.	74
Demolishing 110-ft. stack—s.	Dec.	88
Digging difficult ditch with Gradall—s.	Dec.	86
Drainage problem solved with culverts at Ford's Milpitas plant—a.	Apr.	68
Dredging 4,000,000 cu. yd. saves shoreline—a.	May	54
Driving 130-ft. steel piles—a.	Feb.	59
Gradall solves tricky underpinning problem—a.	Nov.	64
Hot asphalt trucked 45 mi.—s.	Dec.	86
Increased welding speeds with powdered metal coated electrodes—a.	Apr.	116
Jacking generator stators up on 26-ft. cribbing—a.	Aug.	84
Jacking 96-in. diameter concrete pipe under street intersections—a.	Feb.	65
Job organization speeds drilling work—s.	Jan.	126
Major contract awards of 1953—s.	Jan.	82
Membrane under filter bed solves drainage problem—H. H. Brown—s.	Mar.	59
Peccos River projects approved by Board of Army Engineers—n.	May	89
Piledriving in San Francisco ended with funeral—s.	June	176
Plank-type, prefabricated asphalt lining for reservoir—a.	Feb.	71
Quarry floor makes good road base—a.	Mar.	60
Railroad battles earth slide 'round the clock—a.	June	91
Raising a smokstack in the old days—H. B. McDermid—a.	Apr.	118
Rock bolts at Monticello Dam—s.	Oct.	76
Should specs point to methods or results—Sam C. Guess—a.	Nov.	60
Small tractor tackles deep, wet excavation—s.	July	102
Special equipment for placing precast roof slabs—a.	Sept.	70
Special forms for conical concrete—s.	Aug.	129
Subdivisions, Part 1: clearing 1,000 ac., moving 6,500,000 yd.—a.	Nov.	49
Subdivisions, Part 2: equipment variety for grading, ditching—a.	Dec.	52
Taxes—and what to do about them—a.	Feb.	70
Timber pier construction made easy with contractor's structural device—a.	Apr.	52
Well-points save the day on Los Angeles River job—Don Fix—a.	Mar.	65

Dams

Alcan Project, Kenney Dam is key to project, Part 5—H. E. Echols—a.	Mar.	62
Australian Snowy Mountain Project contract awarded—n.	May	98
Bear Creek Dam, bids called in California—n.	Mar.	70
Big Cliff Dam diversion tunnel plugged, pool raised—n.	Jan.	94
Box Canyon Dam cofferdam closed—Ralph Whitaker, Jr.—a.	Oct.	57
Box Canyon Dam contract terminated by owner—n.	June	122
Box Canyon Dam contractor sued by Pend Oreille County Public Utility District—n.	Sept.	93
Box Canyon Dam in Washington progresses—n.	Dec.	70
Bull Run Dam reservoir capacity to be increased by Portland—n.	Aug.	101
Bureau of Reclamation program for 1954—a.	Jan.	61
Canyon Ferry Dam, first power produced—n.	Jan.	92
Cherry Valley Dam construction features new wagon drills—a.	Sept.	57
Cherry Valley Dam contractor fabricates drill steel—a.	Sept.	122
Chief Joseph Dam concrete 90% done, powerhouse 50%—n.	Jan.	95
Chief Joseph Dam concreting nears end—n.	Nov.	86
Chief Joseph Dam progress noted—n.	Apr.	94
Clearwater dams cost estimated—n.	Nov.	80
Clearwater River project gets FPC permit—n.	Oct.	88
Clearwater River projects in Idaho, construction proposed by utility combine—n.	June	108
Corps of Engineers program for 1954—n.	Jan.	70
Cougar Dam in Oregon to cost \$37,000,000—n.	Dec.	68
Cowlitz River plans by Tacoma City Light held up by game and fisheries interests—n.	Jan.	94
Cowlitz River project bonds approved in Tacoma, Wash.—n.	Nov.	86
Cowlitz River project costs announced by Tacoma City Light—n.	Sept.	98

1954 ANNUAL INDEX

Issue	Page	Issue	Page
Dalles Dam, The: bid call expected for locks and overflow dam—n.	Aug. 100	Gradall solves tricky underpinning problem—	Nov. 64
Dalles Dam, The: contractors manufacture fine aggregate—	Aug. 63	Hydraulic device cuts scraper cable wear—	Nov. 110
Dalles Dam, The: excavation and concrete on a large scale—	July 54	Hydraulic jacks aid bridge counterweight cable replacement—	June 94
Dalles Dam, The: phase II construction begins—n.	Dec. 68	Jacks used for falsework erection and decentering—	Oct. 118
Dams, tabulation of types in Western states—	July 49	Mechanical spreader paves reservoir slopes—	
Denver Dam No. 22 concrete pouring resumed after strike, one-third to go—n.	Sept. 90	Phillip L. Bailey and Louis R. Hovater—	Nov. 68
Dexter Dam nears 50% completion—n.	Mar. 85	Multiple vibratory tamper adaptable to consolidation of many materials—	Mar. 118
Dexter Dam tainter gates prefabricated at site, lifted intact—	Aug. 74	Nozzle adapter for "squirrel" welder speeds deposit of various alloys—	Mar. 114
Folsom Dam: cold concrete in 5-ft. lifts—	Dec. 44	Paver attachment solves paving problem in Colorado—	Oct. 79
Folsom Dam gets \$14,500,000 continuation funds—n.	Aug. 76	Pipe transported by truck from San Diego Aqueduct—	Aug. 69
Folsom Dam, 65% complete—n.	Feb. 76	Pitfalls to avoid in hot-mix asphalt production—R. P. D'Alo—	Oct. 69
Fort Peck Dam upstream gravel blanket erosion corrected—	July 69	Portable hot-mix machine set up as central plant—	Feb. 112
Gorge Dam advertised by Seattle City Light—n.	July 82	Portable lube plants bring service to the machine—	Jan. 128
Gorge Dam bid calls delayed by Seattle City Light—n.	Sept. 98	Sloper attachments for grader on canal work—	Aug. 125
Hoover Dam, rock slab above valve house anchored—n.	Mar. 80	Special equipment for invert paving of Tecolote Tunnel—	
Hydro power project applications with FPC—	Jan. 81	Max T. Hedges—	Apr. 49
Insulation holds heat in winter concrete—George B. Wallace—	Nov. 56	Special wire rope at Chief Joseph Dam—p.	Nov. 110
Lucky Peak Dam embankment completed—n.	Mar. 76	Steam cleaning cuts downtime—	Jan. 124
McNary Dam generator rotors are biggest yet—p.	Nov. 84	Equipment variety for grading, ditching—	Dec. 52
McNary Dam powerhouse has one generator on the line—n.	Jan. 100	Tainter gates weighing 60 tons lifted into place at Dexter Dam—	Aug. 74
Monterello Dam, rock and tunnel excavation—	Sept. 73	Transmission tower lift handled by four truck cranes—	Apr. 57
Monticello Dam, rock bolts used in excavation—	Oct. 76	Trenching machine excavates in rock—	Nov. 116
Nimbus Dam nears completion—	Mar. 47	Truck cranes team up for girder lift—p.	Nov. 108
Nimbus Dam powerhouse steel erection—	May 66	Use heat to remove paint-covered screws—H. B. McDermid—	Feb. 107
Noxon Rapids Dam in Montana to be built by Washington Water Power Co.—n.	Feb. 80	Vibratory compaction, first specified use on California highway embankment—E. L. Blomquist—	Feb. 57
Palisades Dam tunnel intakes protected by chain link fencing on slope—	Sept. 127	Waterproofing locomotives for Tecolote Tunnel—	Aug. 123
Priest Rapids Dam, objections by C. of E. withdrawn—n.	Mar. 91	Winch used to maintain pump elevation for constant supply—	Mar. 114
Priest Rapids Project permit to Grant Co. PUD—n.	Dec. 70	Wire rope supports tractor cab roof—	May 124
Radial gate construction handled two ways on Corps of Engineers dams—Mark M. Clayton—	Sept. 76		
Ross Dam reservoir limit dispute submitted to International Joint Commission—n.	July 82		
Ross Dam, studies requested for raising crest height—n.	Jan. 92		
Santa Felicia Dam bids opened—n.	May 80		
Santa Felicia Dam core trench excavation nearly complete—n.	Sept. 86		
Santa Felicia Dam, preview of construction features—Neville S. Long—	Feb. 67		
Savage Rapids Dam repaired despite three cofferdam losses—J. L. Hatch—	Aug. 70		
Skokomish Dam studied by Tacoma—n.	May 70		
Sutherland Dam in California, completion date upped—n.	Mar. 79		
Timothy Meadows Dam in Oregon to start this year—n.	Aug. 80		
Tri-Dam Project legislation introduced in Senate—	May 73		
Tri-Dam Project, new bills for financing introduced in Congress—	Feb. 68		
Vermilion Dam—high altitude and high speed construction—H. A. Barber—	May 51		
Wanship Dam to be advertised by USBR—n.	Mar. 88		
Whittier Narrows Project, bids opened for embankment and outlet works—p.	May 80		

Engineering, Miscellaneous

Alcan Project, field engineering by the contractors, Part 4—H. E. Echols—	Feb. 54
Army Board approves 5-yr. San Francisco Bay survey—	Apr. 59
Building panels given wind and water tests—p.	May 83
Contractor uses "safety car" to cut job accidents—Robert M. Evenden—	Apr. 66
Corps of Engineers experiment station observes 25th yr.—	Aug. 86
Densometer measures in-place soil density—Herbert W. Humphres—	June 84
Ditch-clearing method eliminates hauling—	May 124
Earth slides plague Astoria, Ore.—	Apr. 94
Highway department practice in old-equipment disposal—	June 71
IBM equipment for survey closure computations—	June 83
Is the graduate engineer trained for construction—Paul F. Keim—	Mar. 56
Kelly ball for testing highway concrete—Ben F. Haynes—	June 77
Generator station weighing 236 tons lifted by portable gantry—	Oct. 68
New flow meters for relief wells—	July 65
Paint developed to stick to galvanized metal—	Mar. 118
Radio-telemetering snow gate developed—	Aug. 124
Seal coats: economical usage—W. R. Lovering—	Apr. 60
Self-winding traction slope hoist is new design—C. W. Cutler—	Aug. 81
Specs for better concrete, more comment—	Feb. 64
Stone-sand produced by special plant for The Dalles Dam—	Aug. 63
Studies made on Arizona tourist travel—	May 76
Tips on designing for treated timber—C. F. Craig—	Feb. 52
Two-way radio skway for highway engineering—A. H. Carver—	Apr. 48
Water run-off forecast—Clyde E. Houston and Homer J. Stockwell—	May 67

Equipment Operation and Maintenance

Aggregate plant at The Dalles Dam produces stone-sand—	Aug. 63
Battery of vibrators for concrete apron at Davis-Monthan AFB in Arizona—	Mar. 59
Biggest wagon drills used at Cherry Valley Dam—	Sept. 57
Cold weather cooling system care—	Oct. 114
Complete shop set-up manufactures drill steel for Cherry Valley Dam—	Sept. 122
Contractor uses "safety car" to cut job accidents—Robert M. Evenden—	Apr. 66
Crushing costs cut with smart plant operation—	Oct. 74
Does it pay to buy used equipment?—Joe Salvador—	July 100
Dredging 4,000,000 cu. yd. saves shoreline—	May 54
Eight steps to better maintenance—	July 105
Electros coated with powdered metal speed work—	Apr. 116
Farm tractors on construction jobs—	Oct. 118
Glow plug facilitates cold weather engine starting—	Oct. 116

Issue	Page	Issue	Page
Gradall solves tricky underpinning problem—	Nov. 64		
Hydraulic device cuts scraper cable wear—	Nov. 110		
Hydraulic jacks aid bridge counterweight cable replacement—	June 94		
Jacks used for falsework erection and decentering—	Oct. 118		
Mechanical spreader paves reservoir slopes—			
Phillip L. Bailey and Louis R. Hovater—	Nov. 68		
Multiple vibratory tamper adaptable to consolidation of many materials—	Mar. 118		
Nozzle adapter for "squirrel" welder speeds deposit of various alloys—	Mar. 114		
Paver attachment solves paving problem in Colorado—	Oct. 79		
Pipe transported by truck from San Diego Aqueduct—	Aug. 69		
Pitfalls to avoid in hot-mix asphalt production—R. P. D'Alo—	Oct. 69		
Portable hot-mix machine set up as central plant—	Feb. 112		
Portable lube plants bring service to the machine—	Jan. 128		
Sloper attachments for grader on canal work—	Aug. 125		
Special equipment for invert paving of Tecolote Tunnel—			
Max T. Hedges—	Apr. 49		
Special wire rope at Chief Joseph Dam—p.	Nov. 110		
Steam cleaning cuts downtime—	Jan. 124		
Equipment variety for grading, ditching—	Dec. 52		
Tainter gates weighing 60 tons lifted into place at Dexter Dam—	Aug. 74		
Transmission tower lift handled by four truck cranes—	Apr. 57		
Trenching machine excavates in rock—	Nov. 116		
Truck cranes team up for girder lift—p.	Nov. 108		
Use heat to remove paint-covered screws—H. B. McDermid—	Feb. 107		
Vibratory compaction, first specified use on California highway embankment—E. L. Blomquist—	Feb. 57		
Waterproofing locomotives for Tecolote Tunnel—	Aug. 123		
Winch used to maintain pump elevation for constant supply—	Mar. 114		
Wire rope supports tractor cab roof—	May 124		

Highway

Anti-stripping additives for asphalt—Frank D. Gaus—	Mar. 53
Battery Street Subway in Seattle opened to traffic—n.	Sept. 98
Battery Street Subway in Seattle to be completed in March—n.	Feb. 84
Clearing begun on 24-mi. section of Portland-Salem expressway—n.	June 118
Colorado shuffles highway set-up, state and county responsibilities change—	Feb. 64
Converting a streambed into a roadbed—	Dec. 50
Densometer measures in-place density of highway soils—Herbert W. Humphres—	June 84
Earthmoving on 4-mi. stretch of Golden Gate Bridge approach—	Feb. 49
Eisenhower calls for \$50 billion highway program—n.	Oct. 95
Erection of Armo bin-wall along highway causeway curves—	Feb. 107
Hewes Award presented at WASHO meeting—	Nov. 59
Highway costs: competition has brought them down—	June 68
How highway departments dispose of old equipment—	June 71
Idaho highway budget for 1955 announced—	Dec. 64
Kelly ball for testing highway concrete—Ben F. Haynes—	June 77
Nevada highway division headquarters specially designed—	
Jack R. Cooney—	June 82
New way for picking FAS routes in Washington counties—	
Pat Thomson—	Nov. 53
Oakland estuary tube authorized—n.	Oct. 82
Old railroad is sub-grade for highway—	May 65
Oregon highway construction cost components for 1954—	Nov. 68
Overweight trucks on natural resources—R. H. Baldock—	Nov. 62
Paver attachment solves resurfacing problem—	Oct. 79
Performance of 4-level interchange on Los Angeles freeways—	June 79
Road adequacy and priority study—	
H. E. Carlson and G. E. Nichols—	June 63
Rubber in today's bituminous roads, Part 1—Jewell R. Benson—	Sept. 61
Rubber in today's bituminous roads, Part 2—Jewell R. Benson—	Oct. 77
Rubber roads tested in Colorado—A. H. Bunte—	July 60
San Francisco Bayshore Freeway fill to be floated on mud—	Aug. 73
Seal coats, economical usage—W. R. Lovering—	Apr. 60
Shake-up proposed for Arizona Highway Department—n.	Feb. 60
Should specs point to methods or results?—Sam C. Guess—	Nov. 60
Shoulder-to-shoulder paving of 2-lane highways—	
R. E. Livingston—	June 89
Slide problems on US 40 at California-Nevada border—n.	Apr. 90
State highway programs reviewed for 1954—	Jan. 64
Tacoma-Everett toll road feasibility reported—	June 81
Two-way radio for highway engineering—A. H. Carver—	Dec. 47
Tacoma-Seattle-Everett toll road cost studies released—n.	May 94
Uniform measurement and payment specs—Henry C. Holland—	Nov. 61
Valley Highway, 11 mi. near Denver opened to traffic—n.	Jan. 60
Vancouver, Wash., freeway, first section open to traffic—	Jan. 102
Vibratory compaction of filter material for embankment—	
E. L. Blomquist—	Feb. 57
Wanted: a good way to finish concrete slabs—P. C. Leonard—	June 144
WASHO meets at Sun Valley—	Nov. 59
WASHO road tests to end in May—	May 84
WASHO test road evaluation begun—n.	Nov. 80
WASHO test road program comes to end—n.	Aug. 98

Irrigation and Reclamation

Barriers and master levees studied for Sacramento River delta—	Nov. 52
Bureau of Reclamation program for 1954—	Jan. 61
Canal slopes graded by special machines—	Aug. 125
Glendo Project gets construction funds—n.	Oct. 94
Insulation holds heat in winter concrete—George B. Wallace—	Nov. 56
New approach for the Bureau of Reclamation—W. A. Dexheimer—	Jan. 59
Tri-Dam Project legislation introduced in Senate—	May 73
Tri-Dam Project, new bills introduced in Congress—	Feb. 68
Upper Colorado Basin development plans—	Feb. 73
Water run-off forecast—Clyde E. Houston and Homer J. Stockwell—	May 68

Legal Decisions

Reports from the courts—Howard S. Burnside

	Issue	Page
Bridge modernization held state responsibility	Jan.	90
Contractor liable for defective construction road	Jan.	90
Extra engineering not chargeable to contractor	Jan.	90
Unlicensed contractor cannot recover	Jan.	90
Alternate remedy under written contract	Mar.	67
Contract of assistance not usurious	Mar.	67
Contractors' purchases now tax exempt	Mar.	67
Oral agreement cannot change written contract	May	74
Responsibility for faulty plans	May	74
Liability for improper power line clearance	July	70
Notes—compensation for job injury	July	70
Proceeding under arbitration clause	July	70
Damages for wrongful termination of contract	Sept.	84
Effect of posting non-liability notice	Sept.	84
Voluntary support of adjacent building not reimbursable	Sept.	84
Fraudulent misrepresentation by salesman	Nov.	70
Municipal corporation retains connection charge	Nov.	70
Oral promise to pay for lumber enforced	Nov.	70
Retrospective effect of building code	Nov.	70

Pipeline

Fuel line nears completion in Alaska—n.	Dec.	70
Gravity helps in jacking pipe down 30-deg. slope of pilot tunnel—s.	Sept.	126
Natural gas project from New Mexico to Northwest authorized by FPC—n.	Aug.	104
Pacific Gas & Electric Co. starts work on 107-mi., 34-in. gas line—n.	Apr.	80
Pushing a pipeline through Arizona desert—p.	Feb.	56
San Diego Aqueduct, work ahead of schedule—n.	Mar.	73
Seattle considers 11-mi. water supply line for Mercer Island—n.	July	82

Power

Alcan Project, field engineering by the contractors, Part 4—	Feb.	54
H. E. Echols—s.	Mar.	62
Alcan Project, Kenney Dam is key to project, Part 5—	Jan.	87
H. E. Echols—s.	Mar.	62
Alcan Project, transmission towers, Part 3—s.	Jan.	87
Alcan tunnel in British Columbia passes tests, goes into service—n.	Sept.	100
Big Cliff and Detroit Dam power soon—n.	May	90
Clearwater hydro project costs estimated—n.	Nov.	80
Clearwater River Project gets FPC permit—n.	Oct.	88
Clearwater River projects, Idaho, construction proposed—n.	June	108
Columbia River Project permit granted Douglas County, Wash.—n.	Nov.	86
Cowlitz River Project bonds approved by Tacoma—n.	Nov.	86
Cowlitz River Project costs announced by Tacoma City Light—n.	Sept.	98
Etiwanda steam plant dedicated by	June	98
Southern California Edison Co.—n.	June	98
Feather River power project of Pacific Gas & Electric Co., work begins—n.	Nov.	78
First power produced at Canyon Ferry Dam—n.	Jan.	92
First power produced at McNary Dam—n.	Jan.	100
FPC permit for Cougar Dam sought by Eugene, Ore.—n.	Jan.	117
Federal Power Commission receives	May	98
power development applications—n.	May	98
Generator rotors at McNary Dam are biggest yet—p.	Nov.	84
Generator stators raised 26 ft. by cribbing—s.	Aug.	84
Hydro project applications with FPC—s.	Jan.	81
Hydro project in Chelan County, Wash., gets FPC permit—n.	Aug.	102
John Day Dam proposal by Portland General Electric—n.	May	90
McCloud River projects applied for by Pacific Gas & Electric—n.	Apr.	82
Montana Power Co. applies for Flathead River permits—n.	Oct.	89
Montana Power Co. gets FPC permit for	June	112
Buffalo Rapids Dam study—n.	June	112
Pacific Gas & Electric Co. proposes purchase of	June	100
Central Valley Project power facilities—n.	June	100
Palisades Dam transmission line construction begun—n.	June	128

Issue Page

Pit 4 hydro project progress—s.	Sept.	64
Priest River hydro proposal gets permit from FPC—n.	July	76
Problems on steam plant construction in Alaska—Geo. Avery—s.	Nov.	66
Sacramento Utility District buys power from	Aug.	92
Central Valley Project—n.	Aug.	92
Sea water evaporators planned for steam plants by	Sept.	88
Pacific Gas & Electric Co.—n.	Sept.	88
Seattle applies to FPC for Pend Oreille River project—n.	Jan.	95
Seattle City Light to install another generator and	Mar.	91
turbine at Ross Dam—n.	May	94
Skokomish Dam studied by Tacoma—n.	May	94
Timothy Meadows Dam in Oregon to start—n.	May	89
Hendricks Canal Tunnel completed for Pacific Gas & Electric Co.—n.	Feb.	84
Toketee Project license of Cal-Oregon Power Co. amended by FPC—n.	Sept.	96
Tri-Dam Project legislation introduced in Senate—s.	May	73
Upper Colorado Basin development plans—s.	Feb.	73
Utility district terminates contract on Box Canyon Dam—n.	June	122

Tunnel

Alcan Tunnel in British Columbia passes tests, goes into service—n.	Sept.	100
Battery Street Subway in Seattle opened to traffic—n.	Sept.	98
Battery Street Subway in Seattle to be completed in March—n.	Feb.	84
Continental Divide tunnel authorized by Colorado legislature—n.	Apr.	86
Continental Divide tunnel studied by Engineers—s.	Feb.	72
Gateway Tunnel crews set new driving record—n.	Apr.	96
Hawaii Tunnel to start soon—n.	Jan.	84
Hendricks Canal Tunnel completed for Pacific Gas & Electric Co.—n.	Jan.	98
Pit 4 Tunnel crews fight water—n.	Sept.	67
Pit 4 Tunnel holes through—p.	Nov.	76
Rock bolts for tunnel support, Part 1—Seth D. Woodruff—s.	July	61
Rock bolts for tunnel support, Part 2—Seth D. Woodruff—s.	Aug.	76
Tecolote Tunnel drilling begins again—n.	Sept.	86
Tecolote Tunnel drilling resumed—n.	Mar.	70
Tecolote Tunnel driven against 6,800-gpm. hot water flows—s.	Aug.	59
Tecolote Tunnel driving conditions are the toughest—n.	Jan.	92
Tecolote Tunnel invert paving—Max T. Hedges—s.	Apr.	49
Tecolote Tunnel locomotives waterproofed—s.	Aug.	123
Tecolote Tunnel progress speeds up—n.	Nov.	78
Terminal Island tunnel proposed to	Aug.	92
Los Angeles Harbor Commission—n.	Aug.	92
Waldo freeway has new 3-lane tunnel parallel to existing tunnel—s.	Feb.	49

Water Supply and Sewerage

Completion of Orange County Sanitation District outfall sewer—n.	Mar.	70
Concrete tank reservoir prestressed two ways—s.	Aug.	66
Equipment variety for grading, ditching—s.	Dec.	52
Flatiron No. 3 unit dedicated, part of	Apr.	89
Colorado-Big Thompson Project—n.	Apr.	89
Garvey reservoir 93% complete—n.	Oct.	84
Handling precast roof slabs for reservoir—s.	Sept.	70
Jacking 96-in. diameter concrete pipe—s.	Feb.	65
Los Angeles reports on water and power projects—n.	Mar.	64
Mechanical asphalt spreader paves 3.1 reservoir slope—	Nov.	68
Phillip L. Bailey and Louis R. Hovater—s.	Nov.	68
New caulking material for sewers—Richard M. Starns, Jr.—s.	May	58
Outfall construction uses special equipment—Fred D. Bowlus—s.	Sept.	68
Plank-type, prefabricated asphalt lining for reservoir—s.	Feb.	71
Record use of Colorado River water in Southern California—n.	Mar.	58
Run-off forecasts, 1954 water supply in Western states—	May	68
Clyde E. Houston and Homer J. Stockwell—s.	May	68
San Diego Aqueduct pipe hauled by round-the-clock trucking—s.	Aug.	69
San Diego Aqueduct, second barrel on schedule—n.	Jan.	102
San Diego Aqueduct, work ahead of schedule—n.	Mar.	73
Santa Felicia Dam, preview of construction features—	Feb.	67
Neville S. Long—s.	Feb.	67
Upper Colorado Basin development plans—s.	Feb.	73

UNIT BID SUMMARY INDEX

Airport	
Arizona	Issue Page
Yuma Co.—Runway and taxiway extensions at Yuma County Airport. Feb.	90
Bridge	
Arizona	
Cochise Co.—Steel girder bridge and approaches. July	126
Yavapai Co.—7-span concrete slab bridge on steel piles. Feb.	92
California	
Fresno Co.—Bridge redecking with precast concrete. Jan.	108
Marin Co.—Prestressed concrete bridge and highway embankment. Sept.	146
Sacramento Co.—Concrete and steel bridge across American River. Sept.	144
Hawaii	
Broadwater Co.—385½ ft. steel and concrete overpass. May	144
Broadwater Co.—689½ ft. steel bridge on concrete piers. Mar.	101
Mineral Co.—188-ft. steel and concrete overpass. Oct.	138
Oregon	
Marion Co.—Two reinforced concrete bridges. Apr.	142
Wasco Co.—Railroad and highway overpasses at The Dalles Dam. Apr.	140
Wasco Co.—Railroad bridge near The Dalles Dam. Aug.	144
Utah	
Grand Co.—Concrete and steel bridge and approaches. Aug.	145
Weber Co.—Concrete and steel bridge across Ogden River. Aug.	145
Washington	
Lewis Co.—Undercrossing and approaches on Highway 1. May	144

Dam	
California	Issue Page
Ventura Co.—200-ft. high rolled-earth fill Santa Felicia Dam. June	166
Oregon and Washington	
Dalles Dam, The—Powerhouse excavation and substructure. Feb.	88
Irrigation	
California	
Cachuma Project—Laterals, pumping plant and reservoir for Carpenteria Distribution System. Mar.	98
Colorado	
Colorado-Big Thompson Project—Excavation, lining and rip- rap of St. Vrain supply canal. May	144
Colorado-Big Thompson Project—Rehabilitation and enlarge- ment of South Platte Canal. Nov.	130
Washington	
Columbia Basin Project—Monolithic and precast concrete siphon. Dec.	102
Yakima Project—Earthwork, lining and structures for Kenne- wick Division canal. Jan.	108
Yakima Project—Two concrete siphons for Chandler Lower Canal. Apr.	140
Wyoming	
North Platte Project—Earthwork, lining and structures for Fort Laramie Canal. Jan.	107
Power	
Arizona	
Davis Dam Project—Construction of 4½ mi. of transmission lines. Mar.	101

Sewerage
