1956 WESTERN CONSTRUCTION EQUIPMENT DIRECTORY

JANUARY ISSUE

A 144-page directory of construction equipment manufacturers and their Western distributor outlets is bound into the January 1956 issue.

This is the 7th annual edition of this comprehensive reference book for all buyers and users of construction equipment in the eleven Western states and Alaska.

Major divisions of the directory are:

Manufacturers Section—Alphabetic listing of construction equipment manufacturers in the entire United States, with detailed information on products, Western branch offices, key Western personnel, and distributors in the 11 Western states and Alaska.

Distributors Section—Names of construction equipment distributors in the West listed (a) by states, (b) within states alphabetically by cities, and (c) within cities alphabetically by name. Information on each distributor includes: address, personnel, phone number, branch offices, and lines of equipment handled.

Products Section—Alphabetical listing of equipment by types, with the name of each manufacturer of that category of product.

Trade Name Section—Names of those products when the name differs from that of the manufacturer, with identity of the manufacturer.
